CORBAN UNIVERSITY

CATALOG

ADDENDUM JULY 2015
Notes about use of catalog

This catalog is provided for guidance in course selection and program planning. While every effort is made to ensure the accuracy of the information in this catalog, in no sense is it to be considered a binding contract and it may be changed by action of appropriate bodies within the university.

Courses listed in this catalog are subject to change through normal academic process. New courses and changes in existing course work are initiated by the appropriate school, department, or program and approved by the Faculty Council or other bodies as needed.
Dear Friend of Corban:

Thank you for taking the time to review the Corban University catalog.

Together with Corban’s outstanding faculty and dedicated staff, I heartily embrace the idea that Christians are to be salt and light in their culture. We are to make every difference possible for Jesus Christ. We are to do this not just by spreading the good news of the Gospel, but also by exerting a Christian influence in every sphere of life—including politics, the media, the arts and the academy.

At Corban, we are committed to equipping a new generation to think critically and operate from our one central foundation, Jesus Christ. To provide a Christian higher education is to equip today’s students to approach, respond to and serve a world that’s in desperate need around us. It is not to shelter anyone from questions, but to swing wide the door to asking and wrestling with every question under the sun—approaching every subject from the great truth that Jesus Christ is Lord of all.

I assumed the presidency of Corban University in the summer of 2013, at an exciting and challenging period in America’s history, the history of the Christian church and the history of this institution. I invite you to partner with us to provide Christ-centered biblical education to train the next generation of church, business, education and community leaders.

To Christ be the glory.

Dr. Sheldon C. Nord
President

UNIVERSITY PROFILE

OUR HISTORY

Corban University has its roots in Phoenix, Arizona, where in 1935 it began as a Bible institute. After relocating to California in 1946 it became known as Western Baptist Bible College where it operated until moving to Oregon in 1969.

In 1955 the college received degree-granting status from the State of California Department of Education, and in 1959 received national accreditation as a Bible college by the American Association of Bible Colleges. In 1968 it was first regionally accredited and remains so today by the Northwest Commission on Colleges and Universities. Over the years, the University has been transformed from a Bible college to a university offering programs in biblical studies, the liberal arts and professional studies.

With a heritage of Baptist theology, Corban serves the greater evangelical community. In order to address the demographic changes from a historically Baptist student body to one representing a wide range of evangelical groups, the name was changed to Corban College in 2005. The name, a biblical word meaning “a gift dedicated to God,” and motto “dedicating heart and mind to God” reflect the University’s mission. The name Corban University was adopted in 2010 to reflect the expanded educational offerings. The fall of 2010 also saw a merger between Corban University and Northwest Baptist Seminary in Tacoma, Washington. This merger marked the formation of the Corban School of Ministry and extends Corban’s presence in the Pacific Northwest.

Today, there are 50 accredited majors and programs of study including traditional, school of professional studies and graduate programs on campus and online.

OUR MISSION STATEMENT

To educate Christians who will make a difference in the world for Jesus Christ (Matthew 28:19 – 20).

We seek to do this by:

• Fostering a transformative learning culture where a sustainable biblical worldview takes shape.
• Building a Christian community that promotes worship, creative expression and activities that reflect God’s character.
• Cultivating a life of stewardship and service toward God, humanity and creation.

OUR CORE VALUES

• Christ-honoring
• Bible-centered
• People-oriented
• Excellence-driven
• Future-directed

OUR COMMITMENT TO GROWTH

We believe Christ has called all of us to a life of growth, and that if we are to be the kind of people God wants us to be, we must be prepared to take the risks that growth demands. We must not be afraid to reach beyond where we are.

Reaching out of our boundaries of self to other people is part of growth. Evangelism is central to this commitment; but reaching means, too, an availability, an accessibility of mind and heart to other people, a refusal to shelter within the walls of habit, inertia, prejudice and fear.

Such a commitment, in some circumstances, may demand the risk even of life. And there is always a psychological risk in opening ourselves up to other people. Not least may be the risk of being misunderstood by our own friends. Further, we must recognize that in reaching, it is possible to lose our balance and sustain genuine emotional, spiritual and intellectual injury. But the risk must be accepted if our commitment to growth is genuine. As a university, we are committed to a scholarship, manifested by honesty, dispassion, accuracy and breadth in our studies. As a Christian university, we are committed to a biblical, moral stance, and to Christ-like beauty of life-style. And as a contemporary university, we are committed to progress, effective involvement (rather than passive intellectualism) and to contemporary methods.
We are committed to neither ease nor safety. Reaching may be difficult perhaps even dangerous. But the risk is unavoidable if we are to grow.

OUR ACCREDITATION AND AUTHORIZATION

Regional Accreditation: Northwest Commission on Colleges and Universities

Regional accreditation is a process of recognizing educational institutions for performance, integrity, and quality which entitles them to the confidence of the educational community and the public. In the United States, this recognition is extended largely through non-governmental, voluntary membership associations that establish accreditation criteria, evaluate institutions against that criteria and approve institutions that meet the criteria.

When granted, accreditation by the Northwest Commission on Colleges and Universities is not partial. It applies to the entire institution in operation at the time of the most recent comprehensive evaluation. It indicates that the institution as a whole is substantially achieving its mission and that it meets the Commission’s expectations for compliance with the accreditation criteria.

Authorization

The state of Oregon recognizes Corban University as a degree granting institution.

Corban University is authorized by the Washington Student Achievement Council and meets the requirements and minimum educational standards established for degree-granting institutions under the Degree-Granting Institutions Act. This authorization is subject to periodic review and authorizes Corban University to offer specific degree programs. The Council may be contacted for a list of currently authorized programs. Authorization by the Council does not carry with it an endorsement by the Council of the institution or its programs. Any person desiring information about the requirements of the act or the applicability of those requirements to the institution may contact the Council at P.O. Box 43430, Olympia, WA 98504-3430.

The Washington Student Achievement Council has determined that Corban University qualifies for religious exempt status from the Degree-Granting Institutions Act for the following program: Doctor of Ministry. The Council makes no evaluation of the administration, faculty, business practices, financial condition or quality of the offerings by this institution, as they relate to these programs. Any person desiring information about the requirements of the act or the applicability of those requirements to the institution may contact the Council at P.O. Box 43430, Olympia, WA 98504-3430.

SALEM FACILITIES (SEE MAP NEXT PAGE)

25—Schimmel Hall, named for a former academic dean, is the principal administrative building at the University. The main floor has the offices of the President, Provost, Registrar, Financial Services and classroom. Offices for Student Life, Admissions, are located on the second floor. The Office of Marketing & Communications (MARCOM), Travis Memorial Dining Center and kitchen are located on the ground floor.

26—The Library/Academic Center is an H-shaped structure. The uphill side of the “H” houses faculty offices on all three floors. Classrooms are located on the third and fourth floors. The faculty secretary office is found on the 5th floor.

On the west side of the “H,” the first floor contains the Bookstore, IT offices, and Postal Services. The second floor houses the main part of library collection and includes several study rooms and two large solariums. The third floor houses additional library collections, offices, study rooms and the computer labs. A portion of the third floor also contains the Prewitt-Allen Archaeological Museum. The top floor houses the science laboratories.

The library has more than 95,000 volumes, including about 70,000 book titles. About 30 percent of the print collection is in the field of religion—the core curriculum in Bible and theology. Schools and patrons in the Mid-Willamette Valley increasingly seek assistance from Corban’s resources in this discipline.

The library operates under the principle that it is an extension of the classroom. As such, its goal is to provide adequate resources for term papers, reports, class discussion, research and personal growth. Its personnel desire to guide students in methods of library use and appropriation of these resources. Corban participates in the Online Private Academic Library Link (OPALL), which allows students access to over one-half million book titles. The Corban library also offers a number of periodical (over 24,000 unique titles) and e-book (120,000) full-text databases to the students, staff and faculty on and off campus. The library has added the discovery tool, Primo, to search these databases simultaneously. Wi-Fi is available throughout the library.

27—The Pavilion, across from the Academic Center, is the principal classroom building for the campus and houses the Student Center and the Common Grounds coffee and snack shop.

75—The C.E. Jeffers Sports Center is at the highest elevation of Corban’s campus. It was named in honor of alumnus Clarence E. Jeffers, a sports enthusiast and the facility’s building contractor, who dedicated his life to aid churches in their building needs.

This multipurpose building provides space for intercollegiate sports, intramural sports, and physical education classes. It is also used for special events such as commencement. The building presently seats 1,500, with space available for bleacher expansion. Its 27,000 square feet includes a basketball court and training center, classroom, weight room, offices and dressing rooms.

There are six residence halls on the campus: Aagard Hall (1), Balyo Hall (78), Davidson Hall (80), Farrar Hall (12), Prewitt Hall (65), and VanGilder Hall (65). Upper classmen (juniors and seniors) have priority of placement in the College Park Townhouses (4620-4650).

28—The Psalm Performing Arts Center seats 700. As a signature piece to the campus, it is the home for Chapel and music and theatre performances.

STATEMENT OF FAITH

We believe God has revealed Himself in creation, in the Scriptures, and supremely in Jesus Christ. God is the source of all truth.

We believe the Scriptures, consisting of the 66 books of the Old and New Testaments, are divinely inspired and without error in the original writings. They are to be understood in their normal literary sense and serve as the final authority in all matters of faith and life.

We believe in the one true, personal, sovereign, eternal God, who is Spirit, and is the Creator and Sustainer of all things. He exists in three equal persons: Father, Son, and Holy Spirit.

We believe the biblical account of creation is neither allegory nor myth, but an historical account of the miraculous creative acts of God. All creation was good before the intrusion of sin and death.

We believe Jesus Christ is true God and true man, existing as one person. He was virgin born, lived a sinless life, died on the cross, was raised physically from the dead, and has ascended into heaven.

We believe the Holy Spirit indwells and gives life to believers, enables them to understand the Scriptures, empowers them for godly living, and gifts them for service. Some spiritual gifts are not normative for today because they were given to authenticate the Gospel and establish the early church.

We believe God specially and directly created human beings in His image. Human life is sacred, beginning at conception. God created humans male and female and has ordained marriage as a union between one man and one woman.

We believe the entire human race suffered spiritual death and became alienated from God and subject to physical death as a result of the disobedience of Adam, the first human.

We believe the death of Jesus Christ was a substitutionary sacrifice for our sins. Before the creation of the universe, God sovereignly chose some from among sinful humanity to receive His grace in Christ. Salvation is received by God’s grace through faith apart from any works. Believers are saved eternally, progressively transformed into Christ-likeness in this life, and will be perfected at His coming.

We believe the Church, the Body of Christ, began at Pentecost and is expressed in the world through local churches. Its mission is to worship God, make disciples of all peoples, and live out the Gospel until Christ returns. It observes two ordinances: believer’s baptism by immersion and the Lord’s Supper. The church is distinct from the state and upholds the individual’s freedom before God in matters of faith.

We believe angels are spirit beings created to serve and worship God, that some rebelled and followed Satan, and that this rebellion was defeated at the cross.

We believe in the imminent and glorious return of Jesus Christ, who will gather His people, raise the dead, judge the nations, establish His millennial kingdom on earth, and fulfill His promises to Israel.

We believe in the bodily resurrection of all the dead, the unsaved to everlasting punishment and the saved to an everlasting, blessed life with God.

The Statement of Faith of Corban University, Salem, Oregon, adopted by the Board of Trustees, April 2013. corban.edu 6-12-13

ACADEMIC INFORMATION AND POLICIES

TRADITIONAL UNDERGRADUATE AND UNIVERSITY WIDE POLICIES

STUDENT RESPONSIBILITY

It is the responsibility of each student to be aware of and to meet the catalog requirements for graduation and to adhere to all other deadlines, policies, and regulations published in this catalog and The Student Handbook. Students are governed by the catalog in effect when they enroll for the first time at Corban University. If a student finds it necessary to withdraw and seek readmission, the catalog at the time of readmission becomes the governing catalog.

Continuously enrolled students may meet the graduation requirements of any subsequent catalog published during their enrollment, particularly if a new program of study has been added since the initial enrollment. A particular catalog’s requirements must be adopted in whole; that is, mixing of requirements between catalogs is not permitted.

While academic advisors or university officials assist students in interpreting policies and requirements and making plans, the final responsibility for meeting requirements and adhering to policies belongs to each student.

ACADEMIC ADVISING

Academic Advisors

Every student has an advisor who serves as a guide and mentor in the student’s educational journey at Corban. Planning an efficient and useful education is a challenging task; therefore, consultation with and approval by the faculty advisor is required for a variety of academic program decisions that students make. Academic advisors are available to discuss student progress and are familiar with the academic programs. All students should meet with their advisors throughout the year when scheduling classes or when formulating plans for changes in educational goals.

First-time freshmen students are assigned a core advisor for the first semester who is specially selected and trained to help the new student make the adjustments to university life. This advisor helps schedule classes. In addition, the advisor serves as instructor for a one-credit course called ID101 Freshman Seminar. Before the end of the first semester, first-time freshmen are assigned an academic advisor in the department in which they plan to complete a major.

Transfer students enrolling are referred immediately to an academic advisor for scheduling. An admissions counselor conducts an orientation session for all transfer students during the registration period.

Although the final responsibility for scheduling courses rests with the student, advisors assist students as they move toward their academic goals.

An academic advisor may advise a student to select another program if the requirements for the major have not been met. A change of program or advisor is not official until the Declaration or Change of Major form is completed by the student and on file in the office of the university registrar.

ACADEMIC HONESTY

Corban University is committed to high academic standards and expects students to achieve these standards in a manner marked by integrity and honesty. Academic honesty is the hallmark of true personal integrity. Students’ academic work is evaluated on the assumption that the work presented is their own. Faculty and students are expected to identify departures from academic honesty.
Principles of Academic Honesty

1. Academic honesty at Corban University is based on the biblical principle of truthfulness. Truthfulness is inherent in the character of God. As beings created in the image of God we have that example to follow.
2. Students' work must represent their own ideas, concepts, and current understanding.
3. Student must document appropriately any ideas or concepts borrowed from other sources, including research, papers or projects that the student has simultaneously or previously submitted as coursework for other classes.
4. We measure learning progress by course assignments and examinations, and thus, we cannot recognize standards of academic achievement when cheating occurs.
5. Cheating, plagiarism, or any form of dishonesty is unacceptable.
6. Cheating in any form devalues the credentials of the university and is detrimental to all students.
7. The reputation of students, faculty, and the institution is damaged if the Corban University administration does not apply appropriate discipline.

Examples of Academic Dishonesty

1. Cheating: intentional use or attempted use of deception, fraud, or misrepresentation in one’s work.
2. Fabrication: falsification or invention of any information or citation in any academic exercise.
3. Facilitating dishonesty: helping or attempting to help another commit an act of academic dishonesty, including substituting for others in examinations or allowing one’s own papers, reports or any other academic work to be claimed by another.
4. Plagiarism: representing without giving credit the words, data, or ideas of another as one’s own work in any academic exercise. This includes submitting, in whole or part, pre-written term papers, or the research of another, including materials sold or distributed by commercial vendors.
5. Cheating on examinations by the use of crib notes, unauthorized retrieval of information previously stored in a computer, copying from another paper either before or during the exam, or by any other means.
6. Theft of examination papers or other student’s work.
7. Writing an exam for another student.
8. Unauthorized collaboration on the preparation of course work.
9. Submission of identical or substantially similar papers and/or course projects in more than one class without the prior approval of faculty member(s) involved.

Process of Academic Discipline

At times, it may come to light that a student has violated one or more of the principles of academic honesty outlined above. In such cases, the student may be required to undergo a process of academic discipline. The following outlines the process used in such cases.

1. The instructor will inform the Registrar of the suspected breach of academic honesty. Process will be clarified as needed and the instructor will be informed if there are previous incidents.
2. The instructor of the course will assess the severity of the alleged infraction and initiate the disciplinary process.
3. The instructor will meet with the student(s) to discuss the reason(s) for the allegation and to give opportunity to the student for explanation or confession. Confession of dishonesty upon confrontation may permit more grace to be factored into the disciplinary process. At this point, the instructor may choose to impose one of the penalties as outlined in the Academic Discipline chart below. The instructor must consult with their Academic Dean/Department Chair before rendering any final disciplinary decision.
4. If the instructor is not satisfied with the outcome of the first stage of interaction with the student, or if he or she feels that it requires further action, he or she will write a brief report of the allegation and present it to their academic dean or department chair.
5. The Academic Dean/Department Chair will meet with the student(s) and render a decision on the case, including assessment of the level of academic discipline.
6. Academic discipline that includes course failure or dismissal will be reviewed by a committee comprised of the instructor, the Academic Dean/Department Chair, and the Registrar. The decision must be unanimous. A decision to dismiss a student from the university must be approved by the Provost.
7. A student may appeal the decision rendered by following the Academic Appeals Process.
8. The Registrar will appropriately document all cases of academic discipline in the student’s personal file.
9. Multiple cases of academic dishonesty by the student may result in the student being required to discontinue his or her studies at Corban University and may result in a notation on the student’s transcript.

### ACADEMIC APPEALS PROCESS

If students experience a conflict regarding an academic issue, students must initiate the appeals process. All appeals by any party must be made in writing that provides all previous documentation along with a rationale for why the previous decision is being appealed. All appeals must be made within 10 days of the previous decision.

#### APPEAL PROCESS FOR CLASS/COURSE ISSUES:

- Meet with the faculty member in person and discuss the issue seeking to resolve the issue.
- Meet with the advisor and document in writing your efforts to resolve the conflict.
- If a resolution does not result, a written appeal must be presented within ten days to the Dean or Program Chair who will attempt to resolve the dispute.
- If a resolution does not result, a written appeal must be presented within ten days to the Provost who will review the appeal and meet with student, faculty member involved and immediate faculty supervisor.
- The next step of appeal is to the Academic Council.

#### APPEAL PROCESS FOR ACADEMIC POLICY ISSUES:

In the event that a student wishes to appeal a decision made regarding the application of academic policy or that the individual is asking for an exception to academic policy the following outlines the appeal process.

- A written petition must be completed and submitted to the Registrar’s office.
- If the student wishes to appeal this decision, it must be done in writing and state the grounds for the appeal. For an appeal to be reviewed by the Provost, one of two things must be true:
  - The policy was not applied in a fair or equitable manner.
  - There is new information that needs to be considered that was not available when the previous decision was made.
    - If neither of these elements is present, then the appeal will not be reviewed by the Provost.
- A student may appeal a decision by the Provost to the Academic Council. One of the two above elements must be present for the appeal to be heard by the Academic Council.

The decision and recommendations of the Academic Council will stand in all academic appeals and petitions.

### ACADEMIC HONORS UNDERGRADUATE PROGRAM

Students enrolled full-time and who have achieved a semester grade point average of 3.60 or higher are eligible to be placed on the Academic Dean’s List. Transcripts bear the honor for that semester. Incomplete grades disqualify students from this honor.

### ACADEMIC LOAD

A student’s academic load will be determined in conference with the academic advisor. Sixteen hours each semester is considered a normal academic load, including any Corban Accelerated Online classes. Students wanting to enroll for more than 19 hours in a given semester must petition for permission to do so. These forms are available in the office of the registrar. Note: Outstanding incomplete grades will be considered part of these 19 semester hours. (See Incomplete Grades)

The minimum full-time load is 12 semester hours. A student on academic probation may be limited to 12 or 13 hours.

Full-time enrollment (completing 12 units each semester) is required of the following students: Internationals, Veterans
receiving full benefits, and some students receiving financial aid. Full-time academic load for graduate level is six credit hours per semester. Students are encouraged to find part-time employment. Full-time students are advised to limit their working to 20 hours weekly.

ACADEMIC PROBATION (UNDERGRADUATE)
Any student whose semester grade point average (GPA) falls below 2.00 is placed on academic probation. Students on academic probation are limited to an academic load of 12 or 13 hours a semester and may be required to limit extracurricular activities, obtain private tutoring services, or be asked to be tested for learning disabilities. If a student is on academic probation for two consecutive semesters they may be dismissed and can only return for a subsequent semester by submitting a written appeal to the Registrar. If the appeal is granted the student must establish a learning contract with the Director of Student Support.

If a student on a learning contract fails to achieve a semester GPA of 2.00 the result may be dismissal from school.

A student who has completed 36 credit hours at Corban, and has two consecutive semesters of academic probation along with a cumulative GPA below 2.00 will be dismissed.

Students accepted provisionally have two semesters to establish a minimum cumulative 2.00 GPA. Failure to establish this minimum GPA may result in dismissal from the university.

Students dismissed because of scholarship deficiency must apply for readmission and will not be considered for readmission until one full semester (summer session excluded) has intervened. It is highly recommended that students on academic probation take advantage of the services offered in the Academic Services Center. Questions may be directed to the Academic Office.

ACADEMIC PROBATION (GRADUATE)
A degree student whose semester grade point average falls below 3.00 will be placed on Academic Probation. If students are placed on Academic Probation, their credit hours in the next semester may be limited. If the student achieves a 3.00 in the subsequent semester, they will no longer be on academic probation.

Students on academic probation for two semesters in a row or who have a cumulative GPA below a 3.00 may be dismissed from Corban University. A student who is dismissed for academic reasons may be re-admitted upon demonstration to the Registrar and appropriate Dean that they are ready to resume graduate level studies. Re-admittance will require a petition from the student stating why they wish to resume their studies what changes have been made that will increase the likelihood of academic success. See graduate programs for further requirements.

ACADEMIC SERVICES
The Academic Services Center provides tutoring and assistance for students academically “at risk,” and assistance for students with disabilities.

Corban offers a variety of support services that facilitate access to educational opportunities for students with disabilities. Documentation of an existing disability, which includes recommendations for reasonable accommodations, is required. Students are encouraged to contact Student Support as soon as possible.

ACADEMIC SESSIONS
The traditional university year is divided into three semesters of 15 to 16 weeks each, including a five-day examination period.

The traditional class sessions are 50 or 75 minute class sessions.

Students who do not have the flexibility to attend classes offered in a traditional semester find success with the online format. This format builds on relevant adult life learning experiences and requires a good deal of self-direction. Courses are offered in an accelerated eight-week format.

Most graduate programs offer classes in all three semesters. Please refer to the appropriate school for more information.
ACADEMIC STANDARDS
Undergraduate - Although a grade of “D” is accepted as a passing grade in a single course, it is not considered satisfactory and generally is not transferable to other institutions. A “D” grade in a course required for a major or minor will not count toward Corban graduation requirements. A minimum cumulative grade point average of 2.00 (C) is necessary to graduate; however, some programs may require a higher GPA for the major. See major for specific requirements.

Graduate Course Transfer – Please refer to the appropriate school for more information.

ADDING OR DROPPING COURSES

TRADITIONAL UNDERGRADUATE

ADDING A COURSE
During the registration period, which is published in the academic calendar, students may self-register and add a course to their schedule until last day to add courses as listed in the Academic Calendar.

Students are required to make up any course work missed due to late enrollment.

DROPPING A COURSE
During the registration period, which is published in the academic calendar, students may drop a course through the online SIS or through their advisor. This class will not appear on the student transcript and no fee is charged for the changes. If a student drops courses during this period and the class load is less than 12 semester hours, financial aid awards may be reduced. See the Financial Aid Office for more information.

Changes made after the close of registration must be done through the Registrar’s Office. the course change fee applies, and a “W” will appear on the transcript for that course. No course may be dropped after the 10th week of class. Changes in Variable credit courses such as internships cannot be made after the 10th week of class. Students who drop any private instruction in music performance (voice, piano, flute, guitar, etc.) will not receive any refund after the fourth week. Students who discontinue attendance without official withdrawal will receive an F grade for the course.

Course changes are not complete until the office of the registrar receives the completed add/drop form and payment. The effective date of the course change is the date when the completed form is received in the office of the registrar.

Please reference page 37 for withdrawal from the University.

SCHOOL OF PROFESSIONAL STUDIES

DROPPING COURSES:
Because of the accelerated structure of SPS, a course may not be dropped nor a refund granted after the first Friday following the class start date. See program section for more information.

GRADUATE

ADDING COURSES:
Fall & Spring Semester: Students may add a course to their schedule up to the first day of instruction. Adding a course after the first day requires consultation and permission from the Program Director and the instructor teaching the course. Students are required to make up any course work missed due to late enrollment.

DROPPING COURSES:
Students may drop a course up to the Drop Deadline (see Program Calendar). This is done by the student via the Student Information System but it is strongly recommended that students consult their advisor before making changes in their schedules.

Students may drop a course with no tuition penalty if done up to the drop deadline or close of course registration.
a) After the Drop Date deadline there will be no refund of tuition and no change in financial aid decisions made according to the original registration. Courses dropped before the Drop Date will not be reflected in the final transcript.
b) Courses dropped after the Drop Date deadline will be included on the transcript with a W grade.
c) Courses cannot be dropped in the last 2 weeks of class in order to avoid a low or failing grade.

Students enrolled in the Counseling Program are not allowed to drop courses in order to remain in their Cohort.
If a student withdraws from a program of study the policy for dropping a course will be followed. Situations such as family emergencies and other things beyond the control of the student will be handled on a case by case basis by the Program Director or Dean and the Registrar.

ADMISSION TO AN UNDERGRADUATE MAJOR
Admission to Corban does not imply automatic admission to a major. Admission procedures vary for each program.

All graduates must complete at least one major. Most majors will have at least 36 hours of course work from the related program area. All students must achieve a cumulative grade point average of at least 2.00 (C). This is also the minimum grade point average for the major course requirements.

A student may design, under the direction of an academic advisor, an individualized major, known as an Interdisciplinary Studies major, which integrates course work from two or more fields of study. See page 32 for further direction and explanation.

ADVANCED PLACEMENT (AP)
At the time of admission, first-year students may submit scores from an Advanced Placement (AP) Examination, administered by the College Board. In order to be granted credit toward a bachelor’s degree in comparable college courses a minimum score of three (3) is required.

AUDITING COURSES
Students may audit courses from which they wish to derive benefit without fulfilling credit requirements. Only traditional undergraduate or School of Ministry courses are available for audit. Auditing private lessons, applied music classes is not permitted. Students may not challenge or test out of a course that has been audited. See the Registrar’s Office for applicable fees.

Students may request to audit a course according to the following guidelines:

1. There must be space available in the class.
2. The instructor of the course must give their consent.
3. Audit students are not expected to submit assignments. Faculty are not required to give feedback on written work of students auditing courses.
4. Audit students may change to from audit to credit prior to the close of registration for the given semester. Student must pay any additional tuition and meet any other admission requirements/standards to take a class for credit (pre-requisites, etc).
5. Enrolled students may change a course from credit to non-credit (audit) during the first four weeks of the semester. In such a case there is a processing charge of $25.00 and no refund of tuition unless the change is made prior to the close of registration.
6. The student is responsible to complete all required reading and actively participate in the class. Other requirements may be made by individual professors.
7. All other Corban academic policies apply to the course audit policy (e.g. non degree seeking student, dropping a course, etc.).

CHALLENGING A COURSE
In addition to the Advanced Placement (AP) and the College Level Examination Program (CLEP), it may also be possible for students to challenge particular courses or requirements. If a student demonstrates to the instructor or division chair a good grasp of the course content, a written exemption from taking the course may be granted; however, no academic credit will be given.
CLASS ATTENDANCE
Regular class attendance is expected of all students. Because each course is designed to help students achieve the course outcomes, classroom participation is important. Corban is committed to academic excellence, so the classes are conducted in a manner that will contribute to this goal as well as the growth of Christian character. Specific requirements for attendance and any effect that it might have upon grades rests with the class instructors, and will be described in the course syllabi. Punctuality, attention and thoughtfulness are expected and appreciated in the classroom. If the course instructor does not appear in class within ten minutes of the scheduled starting time, students may assume the class is canceled and leave.

Suspension: In some cases, a serious breach of university standards may result in a temporary suspension from the campus and classroom. During the suspension period, the student may not live in the campus housing, may not attend class, may not be on campus, and may not take advantage of campus facilities or activities. All absences from class during the suspension period will be unexcused. Acceptance of coursework and rescheduling of exams is at the discretion of the faculty.

CLASSIFICATION OF STUDENTS

• Regular/matriculated students are those who have met the requirements for admission, are enrolled in a degree program and are registered for 12 or more semester hours in that semester.
• Nonmatriculated students are those who are not enrolled in a degree program and have not applied for admission to the university. This may include students who are only auditing classes or doing six or fewer credit hours in a semester. Part-time students are those taking less than 12 semester hours in a given semester.

Part-time graduate students are those taking less than 6 semester hours in a given semester.

CLASS STANDING
A student’s class standing is determined by the number of credits earned at the beginning of each semester. Students entering with AP and/or CLEP scores will be classified as freshmen until sufficient academic credit has been earned to change the class standing.

- Freshman: fewer than 31 semester hours
- Sophomore: 31-61 semester hours
- Junior: 62-92 semester hours
- Senior: 93 semester hours
- Nonmatriculated: not a degree candidate

CLASSROOM CONDUCT
Classroom behavior should reflect the university Standard of Conduct. Punctuality, attention, and thoughtfulness are expected and appreciated. All electronic devices (cell phones, pagers, etc.) must be turned off in the classroom unless instructor approval has been given. Students should always seek instructor approval before planning to eat meals in the classroom. Instructors will inform students of additional expectations (dress, food, participation, etc.) for each class in the course syllabus. Expectations may vary from instructor to instructor, and students are expected to know and conform to the expectations of the instructors.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP)
The Educational Testing Service of the College Board provides nationally recognized standardized testing through which college credit may be earned or course proficiency verified. This is the College Level Examination Program (CLEP).

Because Corban welcomes a variety of students of all ages and many students bring a depth of knowledge to specific subjects, the university recognizes such knowledge by accepting a full range of CLEP and Defense Activity for Non-traditional Education Support (DANTES) tests. These tests may be taken at any college before enrolling, or at Corban after enrollment. By earning a credit-satisfying score students may receive college credit. Credit will not be given for duplication of courses taken in college that covers the same course material. Up to six semester hours in a given area may be allowed with a maximum credit of 32 semester hours.

Testing through the CLEP General Examinations is designed to verify competency in general education. Testing through the CLEP Subject Examinations provides verification of competence in selected academic fields, such as foreign language, mathematics, etc, and assume competency has been gained in non-classroom settings. A complete list of the appropriate tests, test applications, and further information is available in the Student Support office or the School of Professional Studies office.
COURSE CANCELLATION
The university reserves the right to cancel a scheduled course. This may occur if there is insufficient enrollment or unexpected situations related to instructor availability. In the event that the university cancels a class efforts will be made to find an alternate class for the students. If this is not possible the student will be granted a full refund. Student will be notified of classes being cancelled due to low enrollment no later than one week prior to the start of class.

COURSE CHANGES
(See Adding or Dropping, pg. 20-21)

CROSS-REGISTRATION WITH MEMBER OAICU COLLEGES
Students enrolled full-time may take one course in a semester at no additional tuition at one of the undergraduate member institutions in the Oregon Alliance of Independent Colleges & Universities (OAICU). Only courses not available on the home campus may be selected unless there is a legitimate schedule conflict.

Cross-registered students are permitted as space is available. Cross-registration is initiated by application through the office of the registrar and must have the approval of the academic advisor before beginning the cross-registration process.

CREDIT BY EXAMINATION
When a student, who is enrolled full-time, presents evidence that his or her background provides proficiency in an academic course offered by Corban University, and the course is not available through CLEP, the course may be challenged one time only by an appropriate examination. These challenge examinations are prepared by the university department directly responsible for the instruction of the course. The student must meet with the appropriate division chair and faculty member and provide convincing evidence of proficiency. If approval is granted, the student may make arrangements to take the test with the university registrar. A non-refundable fee is charged for each examination attempted.

These written comprehensive tests cover all the basic information and skills required of students who complete the course successfully. For some courses a performance examination will be required.

Students may not test out of a course they have audited and may not test out of more than 20 semester hours.

The credit will appear on the transcript as CE (Credit by Exam) with the units earned; however, no grade will be recorded.

CREDIT HOUR MEASUREMENT
Corban University defines a credit hour according to the following criteria based on past practice and common practice at other institutions of higher learning.

• In formats where classes are scheduled to meet face to face on a regular basis during the course of a semester the instruction time will follow the stated institutional policy of 50 minutes instruction time per credit hour for 15 weeks plus an additional 100 minutes of outside work per credit hour for 15 weeks. If a class has a modified meeting schedule, that same formula will be applied. This definition will be used for all undergraduate courses. Graduate courses will require the same total minutes (150 per week, per credit hour for 15 weeks) but the time of instruction versus outside work required may vary depending on the course content.

• Courses delivered in nontraditional formats will be assigned credit hour values based on the one of the following criteria:
  ° Course previously taught in a traditional format will retain the same or similar learning outcomes. Students will be expected to cover similar amounts of material and demonstrate similar learning outcomes. The way in which the material is covered and assessment is completed may vary from traditional courses.
  ° If courses delivered in a nontraditional format have not previously been taught in traditional format at Corban University the following will be done to ensure the course falls within the credit hour norms:
    » The course requirements will be evaluated in light similar courses taught at other institutions.
    » The course work loads will be evaluated in light of similar courses taught at Corban. This could be based on:
      • Pages of required reading
      • Pages of written assignments submitted
      • Number and breadth of group projects
      • Measurement of postings required in an online course evaluated by the instructor
The course will be evaluated in terms of the degree/program outcomes which it fulfills and are deemed necessary in the fulfillment of the program outcomes.

- The amount of time students spend outside of class studying will be monitored using the online course evaluation forms required of all students at the close of each term. Students provide an estimate of the time spent studying outside of scheduled times of instruction.

**CRIMINAL CONVICTIONS**

It is the policy of Corban that prospective applicants with a criminal record wait to apply for a minimum of one year from the end of their parole and/or probation. Prior to application, the candidate must have been established in a community and involved in an evangelical church for at least three years. Additionally, convictions for crimes involving moral turpitude, such as listed in ORS 342.143 and ORS 161.405, will be grounds for denial of admission to the University or grounds for dismissal from the University. Additional Criminal History Background checks will be conducted in the Counseling and Graduate Education programs.

**DIPLOMA REPLACEMENT**

A student can request a replacement for a diploma that has been lost or destroyed. The student may request it be issued under the school name at the time of their graduation. Provision of such diploma would depend on stock available and may entail an additional charge. The Registrar’s office may be contacted for more details.

**DISABILITIES POLICY**

Corban University is committed to providing students with disabilities access to services in compliance with the Americans with Disabilities Act (ADA) of 1990 and Section 504 of the Rehabilitation Act of 1973. Section 504 provides: “No otherwise qualified individual with a disability in the United States . . . shall, solely by reason of her or his disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance . . . .”

**Federal Definition of Disability:** Someone who has a physical or psychological condition which substantially limits one or more major life activities; has a record of such impairment, or is regarded by the covered entity as having impairment.

- **Substantially limits:** Unable to perform a major life activity or significantly restricted as to the condition, manner, or duration under which a major life activity can be performed when compared with the average person.
- **Major life activity:** Includes the functions of caring for oneself, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working.

**Documentation of a Disability:** Generally, students seeking support services under the ADA must have adequate documentation on file in the Student Support office in a timely manner before adjustments or modifications can begin, preferably as soon after admission as possible. The documentation must be based upon an evaluation by a professional in the healthcare or mental health field such as a physician, psychiatrist, psychologist or school psychologist. Originals or notarized copies must be provided before accommodation will be made.

Note: the law stipulates that in the postsecondary setting a student does not qualify for services until they have registered with the disability office and been certified for eligibility. Retroactive accommodations are not made.

The provision of all reasonable accommodations and services is based upon a case-by-case assessment of the impact of the student's disabilities on his or her academic performance and/or university participation at a given time in the student's life. Therefore, it is in the student's best interest to provide recent and appropriate documentation and generally documentation should not be more than three years old. Students with temporary disabling conditions may be provided services on a case by case basis, taking into consideration both the duration of the expected condition and the extent to which it actually limits academic performance and/or college participation. Such students may need to re-document their condition periodically (e.g., each semester) before services can continue.

Although an individualized education program (IEP) or Section 504 plan, if you have one, may help identify services that have been effective for you, it generally is not sufficient documentation. This is because postsecondary education presents different demands than high school education, and what you need to meet these new demands may be different based on the type of disability.
Costs for Diagnosis/Testing: Costs associated with diagnosis, evaluation, and testing or retesting are the responsibility of the student. For students currently enrolled at Corban, referral to the Counseling Center and/or other professionals in the community may be appropriate.

The diagnostic report should include specific recommendations for adjustments or modifications as well as an explanation as to why each accommodation is recommended. The evaluator should describe the impact the diagnosed disability has on a specific major life activity of the individual. The evaluator should support recommendations with specific test results or clinical observations. If adjustments or modifications are not clearly recommended in a diagnostic report, clarification may be requested.

Decisions regarding the nature of the accommodations are made using the documentation provided. In addition, input from faculty can be an important part in accommodating students. The final determination for providing appropriate and reasonable academic adjustments or modifications rests with the university.

Requesting and Receiving Accommodations: Corban University has identified Student Support as the primary resource for students needing academic adjustments or modifications and for faculty needing information. The Director of Student Support will meet with each student seeking services to discuss disability support, appropriate documentation and procedures. Ideally students seeking support should make contact with the director prior to the beginning of the semester.

Accommodations requested in a timely manner that are determined and approved by the university as reasonable may include but are not limited to: adjustments in test taking, note takers, readers, interpreters, taped textbooks, auxiliary aids, and extended time to complete longer assignments.

Accommodations are to be reasonable. Determining what is reasonable is at the discretion of the Director of Student Support and the professors. In determining what accommodations are reasonable, available diagnostic information will be used; previous IEPs may or may not be reviewed; and the student’s input will be considered. The goal of any accommodation is to allow the student to participate and access the program without altering the essence of the program or cause undue hardship for the program.

At the beginning of each semester, the student is to come to Student Services to review and sign an Accommodations Request form. Students will be advised to make an appointment to meet with their professor to discuss the accommodations. Students are not required to disclose the specific disability but are encouraged to discuss ways in which professors can help them. Students are also encouraged to meet with their academic advisor in order to discuss their academic goals and challenges.

Students should not, however, independently solicit accommodations from faculty but should begin that process in Student Support. Although uncommon, any continuing concern by a student of faculty or staff’s compliance with an approved accommodation generally should be handled by the Director of Student Support, who should work out arrangements that best address the needs of the instructor, the student, and the university. If a resolution cannot be reached, the matter will be referred to the Provost.

Personal Attendants: Section 104.44[2](d) states specifically, "Recipients need not provide attendants, individually prescribed devices, readers for personal use or study, or other devices or services of a personal nature." Thus, personal needs that necessitate an attendant are the responsibility of the student.

Housing Requests: Any student who requests housing adjustments due to a disability should be approved through Student Support and Residence Life. The Office of Residence Life consults with Student Support about how specific concerns can best be met.

Privacy of Records: Student Support maintains record in accordance with university policy for the handling of student record under the Family Educational Rights and Privacy Act (FERPA). Records maintained by Student Support are considered property of Corban University.

Clinical information provided in the documentation of a disability can include the diagnosis of a physical, learning or psychological condition and related test scores. This information will not be released to anyone without the consent of the student except as necessary to implement accommodations. Access to clinical information is restricted to the Student Support
and Student Life offices. Documentation is normally not forwarded to a third party, such as a health care provider or another college. However, following written consent, documentation can be sent directly to the student.

Confidential information is shared only on a “need-to-know” basis. Faculty need to know the accommodations that are recommended as appropriate to meet a student’s disability related needs, but do need access to all diagnostic information.

Records for students with disabilities are maintained in the Student Support office until five years after the last semester of enrollment. Documents that relate to the student’s disability are not part of the academic record in the Registrar’s office.

**Illness/Disability Issues after Enrollment**

Occasionally students discover of a learning disability after enrolling at Corban University. When this does occur all efforts will be made to make adjustments when the appropriate paperwork has been provided to the Director of Student Support. The accommodations cannot be made “retroactive” but will be implemented in a prudent and timely manner. The above policies pertaining to testing, accommodations, records etc apply.

There are times when students encounter occasional/short term illness, serious illness, family emergencies, mental health issues or other issues that compromise their ability to attend class and complete coursework. When these situations arise it is imperative that the appropriate university personnel be in communication with the student and one another to ensure the student is receiving the necessary care, support, and treatment as needed. The following serve as guidelines when these situations arise.

**Occasional/Short-term illness**

If a student misses occasional classes due to illness, it is his or her responsibility to work with the professor in order to account for missed work. It is also the student’s responsibility to understand the attendance policies as articulated in the course syllabi.

**Long term/Serious Illness or Family Emergency**

If a student develops a chronic or long term ailment, or experiences some type of emergency that prevents class attendance or inhibits his or her ability to complete assignments in a timely manner, Student Life and Student Support Services personnel will work together to determine strategies for success. This team, operating under the supervision of the Dean of Students, is referred to as a Student Support Team. Students may request the assistance of this team, but one will be assigned regardless of student preference if it becomes clear that a health issue has compromised the student’s ability to thrive.

**DISTANCE LEARNING/NON-TRADITIONAL COURSES**

Although nontraditional courses seldom can replace the experiences gained through the actual classroom instruction and discussion, it is recognized that occasional utilization of a nontraditional course is acceptable.

The total number of semester hours of nontraditional courses (includes correspondence study, Online courses and Independent Study) accepted toward completion of degree requirement for a program of study in the traditional undergraduate program at Corban University shall not exceed 15 credits. In order for nontraditional courses to be acceptable, prior permission must have been received for each course from the academic advisor and the registrar. The necessary forms are available in the Registrar’s office.

Nontraditional courses that are done with Corban faculty will count towards the residency requirements.

**DOUBLE CONCENTRATIONS & MAJORS**

A student may only obtain a double major from different programs of study/majors. If a student is completing a second concentration, a single major with multiple concentrations will be issued. Also, in majors where there is a “general” degree such as Psychology or English, students may not have a double concentration by completing the “general” degree plus doing a specified concentration.

To be eligible for a second concentration or a double major, all requirements for both concentrations/majors must be fulfilled. Student must also have a minimum of 140 credit hours for a second concentration and 146 credit hours for a second major.

**EQUAL OPPORTUNITY AND NON-HARASSMENT POLICY**

It is the policy of Corban University to provide equal opportunity to all applicants, employees and students. The university does
not discriminate on the basis of sex, disability, race, color, national or ethnic origin, or age in admission, and access to, or treatment in employment, educational programs or activities.

It is the policy of the university that employees and students have the right to work and study in an environment free of harassment on the basis of any of the factors listed above. Harassment may take many forms and determination of what constitutes harassment will vary according to the particular circumstances. Sexual harassment, intimidation or exploitation means unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature if: (a) submission to such conduct is made either explicitly or implicitly a term or condition of employment or education; or (b) is a basis for employment or educational decisions affecting such individuals; or (c) such conduct has the purpose or effect of unreasonably interfering with an individual’s work or academic performance; or (d) such conduct has the purpose or effect of creating an intimidatory, hostile or offensive working or academic environment.

Questions or complaints may be directed to: Vice President for Business, Corban Financial Services, 5000 Deer Park Drive SE, Salem, Oregon 97301-9330, 503-375-7030.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)
Corban University complies with the amended federal Family Educational Rights and Privacy Act of 1974 (FERPA) in the maintenance of records. Educational records of students maintained by the college will be made available only to members of Corban’s staff who have a legitimate professional need for the material. FERPA, as amended, is designed to protect the privacy of student records. Students have the right to review all of their educational records and to challenge the content of a record they believe to be inaccurate or misleading.

Students also have the right to file a complaint with the U.S. Department of Education concerning alleged failures by the college to comply with the requirements of FERPA. The name and address of the office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-4695.
Copies of Corban’s Information Policy are available in the Student Life Office and the Registrar’s Office. Students are advised that the Federal Government considers the following information to be directory information: the student’s name, photograph, campus and home addresses, class standing, enrollment status, telephone number and email address, date and place of birth, major field(s) of study, academic honors, participation in college activities and sports, degrees and awards/honors received, previous schools attended, dates of attendance. For members of athletic teams, directory information also includes height, weight, and positions played. Directory information may be released to third parties, such as in news releases. Students may request that directory information not be released to third parties. To make such a request, send a signed, dated statement to the Vice President for Student Life.

Non-directory information, such as grade reports, is released to third parties only when the student has submitted a written request. The custodial parent(s) of dependent students do have access to the student’s records.

FINAL EXAMINATIONS
The last week of each semester is devoted to final examinations. Except for reasons of schedule conflict (two exams at the same hour), examinations may be rescheduled only in cases of a documented disability or emergency. A fee is charged to cover the costs of monitoring a rescheduled final unless there is a conflict on the schedule.

The final examination schedule is shown below for the undergraduate program on the Salem Campus. It implements a time schedule and placement of an examination based on the time the class meets during the semester. Locate the day and time of your class in the left column below. The date of the exam is listed on the chart heading. For example, classes meeting on MWF starting at 8:00 will have their examination from 8:00-10:00 a.m. on Wednesday. In no case should a student plan to leave campus prior to the end of his/her last examination. Students are required to take their final examinations at the scheduled times. Rescheduling final exams is only allowed for reasons of schedule conflict (two exams at the same hour or more than three in a day) or in cases of documented disability or emergency. Please see the Registrar if you do not understand this policy or need to reschedule an examination.

If any exam is rescheduled the exam will be monitored in the Student Support Center. If it is necessary to reschedule a final examination for any reason other than that mentioned above, a fee is charged to cover the costs of monitoring a rescheduled final.

A summary of available programs can be found at [www.corban.edu/graduate/financialaid.html](http://www.corban.edu/graduate/financialaid.html). For information on student loans, see the Financial Aid office for guidelines. Please call: (503) 375-7006.
GRADES
The quality of student work is measured by the following scale, with grades and grade points used to determine grade point averages (GPA). The GPA is calculated by (1) multiplying the credits for each course by the grade points associated with the grade earned, (2) totaling the points earned for all courses, and (3) dividing the total points by the total number of graded credits attempted as defined by the institution.

P, I, X, AU, CE, CR, R, WP, and W grades for a course earned, or attempted, are not utilized in GPA computations. Practicums and internships are graded Pass/Fail only.

Students are allowed to re-enroll for a course to raise a previous grade of D or F. The transcript will reflect the grade as a repeated course. The GPA is based on the repeated course grade.

Incomplete Grades
An incomplete grade (I) is a temporary grade given when students are unable to complete the work for a course on time because of extraordinary circumstances, such as illness, emergency, or other reasonable cause.

To be considered for an incomplete grade, students must be passing the coursework submitted to date. Unless there are extraordinary circumstances the student should have completed the majority of the course work, including all exams. The instructor will assign a contingency grade, which will become the final grade if the incomplete work has not been received by the due date of the contract.

Students who find it necessary to ask for an incomplete grade must make application for the grade and establish a contract with the instructor, which includes an appropriate completion date. This date may be extended to the end of the term subsequent to the term the incomplete was issued. Applications are available in the registrar’s office.

Any incomplete grades outstanding at registration may result in a reduction of a student’s academic load for the term (see Academic Load).
GRADE CHANGES
Students need to bring to the attention of the instructor any error in grades received within one semester following the issued grade. The instructor must submit the grade change to the registrar in writing if there was an error in calculation. Grades may not be changed by completing additional work after the course has been completed and a grade issued.

GRADUATION REQUIREMENTS AND COMMENCEMENT (UNDERGRADUATE)
Students must apply for graduation by submitting an application form and paying the nonrefundable graduation fee (paid once for each degree level) in the Registrar’s Office. This assures a graduation audit before a student’s last year of enrollment. The application must be submitted to the registrar during the second semester of the junior year. All official transcripts from other institutions must be received in the Registrar’s office by April 1 of the senior year. Seniors enrolled in a spring quarter at a community college will have their graduation delayed until the following August. Students are responsible to fulfill the requirements as published in the catalog of the year they first enrolled at Corban. Any student who has withdrawn from the university and returned is expected to complete any new or revised requirements as published in the catalog in current use at the time of re-enrollment.

The General Requirements for Graduation Are as follows:
1. Completion of the minimum number of semester units of academic credit for the respective degree: 62-65 units for the A.A.; a minimum of 129 for most four-year B.S. or B.A. degrees (some majors may require more); and the additional units as specified for the five-year Th.B. degree. The hours must have the correct balance between upper and lower division courses as outlined in the particular program. The B.A. degree requires proficiency in a foreign language. This is demonstrated by the successful completion of at least 12 semester hours of progressive study of a single foreign language.
2. Maintenance of a minimum cumulative grade point average of 2.00 or as designated in a particular major. D grades in the major or minor will not count toward graduation requirements. Any grade in a required course, within the major, less than a C- must be repeated until a satisfactory grade is received. This GPA refers to courses completed at Corban, since the university does not transfer a student’s GPA.
3. Completion of a minimum of 30 semester hours taken at Corban. At least 20 of these semester hours must be in the senior year.
4. Approval of the graduation application by major/minor advisor(s) and the registrar.
5. Settlement of all financial obligations to the university.
6. Completion of the Reach requirements. All Reach requirements must be completed by April 1st of the senior year.
7. Completion of all surveys, inventories and departmental or institutional assessments as requested.
8. Favorable vote of the faculty.

Guidelines for Use of Courses in Meeting Graduation Requirements (Undergraduate)
1. Students must have 12-15 full semester hours of Science (SC) and Math (MA) and Social Science. See our General Education Requirements on page 57.
2. First Aid/CPR can only be counted once (one credit hour) towards the 129 total required for graduation.
3. Students may have a total of four HP121 and four HP131 hours counted towards the total graduation requirements, except Varsity Athletes (see below).
4. Varsity Athletes and Human Performance (HP) credits:
   a. Varsity athletes must have at least one credit hour of HP131. A varsity sport credit does not meet this requirement.
   b. Varsity athletes may have up to four credit hours of HP201 Varsity Sport and four credit hours of HP121 counting towards graduation.
   c. The maximum number of HP credit hours (121, 131,201) that an individual participating in any varsity sport may count towards graduation is nine (9) hours.
5. Students may have up to 8 credit hours of Music Performance (MP) course credit counting towards their graduation requirements unless more are required for their major.
6. Students may use any Biblical Studies (BI) course to meet the biblical studies elective requirement (except BI302) and any Theology (TH) course may be used to meet the Bible/Theology elective requirement in the General Education requirements.
7. Students may have up to 15 credit hours of Correspondence Study, Corban Online, Independent Study and other nontraditional courses count toward degree requirements. (Please see the section titled Distance Learning/Non-Traditional Courses for further information.)
Commencement exercises take place once a year, in May. Diplomas are not issued at commencement, the diplomas are mailed to the student. However, to accommodate students completing degree requirements at the close of any term, students may submit a written request to the registrar to have their diploma issued before commencement. An additional charge may be assessed. Note: all incomplete grades must be completed and grades must befiled with the registrar before the end of the term in which graduation is planned.

Honors at Graduation (Undergraduate)
Members of the senior class may graduate with honors on the basis of their collegiate record at Corban University. In order to graduate with honors, the student must earn at least 60 graded semester hours in residence. Pass/Fail courses do not meet residence requirements.

Participation in Commencement
It is expected that all graduating students will be present at commencement except in cases of extreme emergency or circumstances beyond their control. Notice to graduate in absentia must be given to the registrar well in advance. In order to participate in commencement exercises, a student must have completed all degree requirements (including Reach).

HONORS PROGRAM
The Honors Program provides highly motivated students with academic enrichment above and beyond the regular undergraduate curriculum, encouraging a more proficient understanding of and appreciation for the Christian worldview through the lens of classical studies, especially history, literature, philosophy, theology, and the arts. Honors students are given the opportunity to interact with distinguished scholars at special events, to participate in at least three Honors courses while at Corban, and perhaps to work with a faculty member on a research project.

HUMAN SUBJECTS RESEARCH REVIEW COMMITTEE
The Human Subjects Research Review Committee (HSRRC) provides independent determinations on methods, risks, benefits and rights involved in research involving human subjects. The HSRRC is responsible for reviewing and approving projects, conducted by both faculty and students alike, involving human subjects research.

Applications to be reviewed by the Committee are due two weeks prior to the Committee’s meeting date, the second Tuesday of every month.

INDEPENDENT STUDIES (UNDERGRADUATE)
Any student desiring to enroll in any course of independent study during the fall and spring semesters will be charged an independent study fee. (This is in addition to tuition charges.) The student must submit an Independent Study Petition to the registrar’s office. It is the student’s responsibility, working collaboratively with the supervising faculty, to demonstrate that the proposed course of study is equivalent to a regular course. This petition must be initiated by the student and contain the signatures of the student, academic advisor, faculty supervising the study, and the department chair. The appropriate course syllabus for each independent study must be attached to the petition form and submitted to the registrar before the registration period closes.

Independent studies are offered under these two conditions:

A. Juniors and seniors with at least a 3.00 GPA may pursue a subject of particular interest that is not already treated extensively in a regular course. The proposal must be approved by the faculty member who will provide supervision and evaluation. Students must petition following established guidelines.

B. Students may petition to take a course on the semester schedule by independent study if:
   1. Special scheduling of the course is necessary through no fault of the student.
   2. The course is not scheduled and cannot be made available in individualized summer studies, Corban Accelerated Online, or on-line for the student’s uninterrupted course of study.
   3. The professor’s schedule will allow the addition and he/she is willing.
   4. Students have a minimum GPA of 2.75.
In all cases:

- No more than six hours per semester are to be taken.
- No more than 15 hours of Correspondence Study, Independent Study and other nontraditional courses count toward degree requirements are taken over a four-year course of study. (Please see the section titled Distance Learning/Non-Traditional Courses for further information.)
- During the summer, a student meeting the other qualifications, may carry up to six hours of Independent Study.
- Independent studies are generally available to juniors and seniors who have satisfactorily completed at least 10 credits at Corban.
- Independent study plans must make provision for the student to confer with the instructor at least once a week.

INDEPENDENT STUDIES (GRADUATE)

Graduate students may request permission to do an Independent Study (IS). An IS may be considered when there is a schedule conflict that cannot be resolved any other way. The student requesting the IS must have a minimum GPA of 3.0 and be current on all course work.

Arrangements for independent study are initiated by the student with his or her advisor, and are contingent upon consultation with and approval of the appropriate dean or director. Independent study courses are limited offerings and dependent upon a variety of factors, including availability of faculty. Additional conditions or factors are as follows:

1. No more than six hours per semester are to be taken.
2. No more than nine hours of independent study are taken over the course of study.
3. MS Ed and GTL program students only:
   a. The independent study fee does not apply to content elective courses for students in the MS Ed or GTL program that candidate must complete to meet graduation requirements. These courses are paid for at the same rate as all other graduate courses.
   b. The independent study fee does not apply to courses that must be taken out of sequence due to no decision or action on the part of the student. These courses are paid for at the same rate as all other graduate courses.
4. The fee for an Independent Study will be $300. This is in addition to tuition charges. The exception is MS Ed or GTL content courses required as part of the students program.

INTERDISCIPLINARY MAJOR (UNDERGRADUATE)

A student may design a special major, known as an Interdisciplinary Major to meet academic goals or objectives not met by the approved majors. This major must include courses from two or three academic areas with a minimum of 18 semester hours in each of which eight must be upper-division. A minimum of 20 upper-division semester hours are required in the Interdisciplinary Major. The areas are to be selected with the approval of the academic advisors of each area and must be drawn from the undergraduate majors or minors offered by Corban University. Students interested in designing an Interdisciplinary Major must write a rationale for their selection of areas that will show how the major meets reasonable academic and vocational objectives. The proposal must be approved by the division chair of each academic discipline and the Registrar.

MILITARY EDUCATION

The university generally grants credit for military education experiences as recommended by the American Council on Education’s Guide to the Educational Experiences in the Armed Services. Students may request evaluation of credits earned through the Community College of the Air Force, Defense Language Institute, or military education. Any veteran receiving GI Bill benefits while attending Corban is required to obtain official copies of transcripts from all previously attended schools or a Certificate of Completion from the Defense Language Institute and submit them to the school for review. An official copy of the student’s DD214, DD295, or an AARTS transcript is required for military education and occupational credits.

MINORS

A minor usually consists of an approved group of courses that address related interests and competencies. It consists of no less than 18 semester hours, six of which must be upper-division. Students completing a minor must have a minimum of 140 total credit hours no grades lower than a C- in classes required in minor. Students completing the Bible Minor can do so with 129 hours but grade requirement of C- applies.
NON-DEGREE/NONMATRICULATED APPLICANT
Non-degree enrollment status is designed for students who wish to take courses but do not plan to pursue a degree. Individuals often choose this path in order to expand their knowledge in a particular area or to strengthen their credentials. **Non-degree students do not qualify for financial aid or student visas.** Non-degree enrollment status does not require a full formal admission process or formal entrance requirements. However an application for Non-Degree Admission and the application fee are required for acceptance. Typically, a Non-Degree applicant may take up to 6 credits without formally enrolling in a degree program. Enrollment as a non-degree student does not guarantee subsequent admission for degree candidacy.

POSTHUMOUS DEGREES
A degree may be awarded posthumously upon recommendation of the Provost, documentation of death, a favorable vote of the faculty and approval by the President.

To be eligible, an undergraduate student must have been in good academic and disciplinary standing at the time of death and have completed a minimum of 30 semester hours at Corban University.

For a graduate degree not requiring a research component, the student must have been a current student in good academic standing and enrolled in courses that would have completed the degree requirements. For a graduate degree requiring a final research component; such as a dissertation, thesis or research paper, a review of the research must be conducted and approval received from the committee.

The student will be administratively withdrawn from all classes, and given a grade of “W”. The Director of Financial Services will be consulted and if it is deemed appropriate, a partial or full refund of tuition and fees may be considered.

For degrees awarded posthumously, a notation will appear in the Commencement Program and the words “Conferred Posthumously” will appear on the student transcript. No special notation will be made on the diploma.

REACH
Reach, a graduation requirement for all traditional undergraduates, highlights Corban’s long-standing commitment to service. Reach contributes to the mission of Corban University “to educate Christians who will make a difference in the world for Jesus Christ” by facilitating a wide variety of service opportunities in local and global contexts. Through Reach, students serve in churches or other non-profit organizations, often focusing on one of five key areas: Education/Literacy, Hunger/Housing, Dignity/Justice, Creation Care, and Mentoring/Coaching. Reach assists students in integrating their faith and service with their learning.

Non-transfer students serve a total of 160 hours:
- Freshman year – 1 project (40 hours of service)
- Sophomore year – 1 project (40 hours of service)
- Junior year – 1 project (40 hours of service)
- Senior year – 1 project (40 hours of service)

Transfer students serve prorated hours according to how many academic credits they transfer in:
- 0 – 30 credits: 4 projects (same as above)
- 31 – 61 credits: 3 projects
- 62 – 92 credits: 2 projects
- > 92 credits: 1 project

For more information about Reach, please visit [www.corban.edu](http://www.corban.edu). For current students, you will find Reach requirements, forms and instructions on Converge.

REGISTRATION (UNDERGRADUATE)
All students are expected to self-register on the days designated on the university calendar and to begin classes on the first day. Tuition and fees are paid during the registration period. Specific registration instructions are distributed each semester with the Schedule of Classes. An early registration is conducted for persisting students.
Students are officially registered and eligible to attend classes only when all procedures have been completed with Student Life and financial arrangements have been made with Financial Servies. (See the Finances section of this catalog for information concerning costs and payment plans.)

Changes in course schedules may be made online through SIS. (See Adding or Dropping Courses section of this catalog.) Changes in a schedule caused by the cancellation of courses will not involve financial penalty.

REGISTRATION AND PAYMENT OF FEES (GRADUATE)

At the beginning of each semester, the student is required to pay the $50 (nonrefundable) registration fee. Tuition and fees are subject to change. No refunds will be granted following the close of registration. Students must register for online through the Student Information System (SIS). If a student is unable to register online they may contact the Registrar’s Office for assistance.

CHANGES IN REGISTRATION

Students are expected to complete their courses during the term in which they are registered. Changes in courses must be made according to the following guidelines:

Adding Courses

Students may add a course to their schedule up to the first day of instruction. Adding a course after the first day requires consultation and permission from the Director and the instructor teaching the course. Students are required to make up any course work missed due to late enrollment.

Dropping Courses

Students may drop a course up to the Drop Deadline (see Program Calendar). This is done by the student via the Student Information System but it is strongly recommended that students consult their advisor before making changes in their schedules.

1. Students may drop a course with no tuition penalty if done up to the drop deadline. After the Drop Date deadline there will be no refund of tuition and no change in financial aid decisions made according to the original registration.
2. Courses dropped before the Drop Date will not be reflected in the final transcript. Courses dropped after the Drop Date deadline will be included on the transcript with a W grade. Students must contact their Academic Advisor and the Registrar’s Office to drop a course after the published Drop Date.
3. Students who discontinue attendance without official withdrawal will receive an F grade for the course.
4. Courses cannot be dropped in the last 2 weeks of class in order to avoid a low or failing grade.
5. Students enrolled in the Counseling Program are not allowed to drop courses in order to remain in their Cohort.
6. If a student withdraws from a program of study the policy for dropping a course will be followed. Situations such as family emergencies and other things beyond the control of the student will be handled on a case by case basis by the Program Director or Dean and the Registrar.

NOTE: For Education and Counseling summer semester, the same policies and practices apply EVEN IF THE COURSE IS A 2-WEEK INTENSIVE SESSION SCHEDULED FOR LATER IN THE SUMMER AND HAS NOT YET BEGUN TO MEET.

REPEATING A COURSE

If a student receives a grade of “F” in a course required for graduation, he or she must repeat that course. A student may also repeat such a course if a “D” was received. Only the second grade and its respective grade points will be used in the overall grade point calculation shown on the official transcript.

SATISFACTORY ACADEMIC PROGRESS AND FINANCIAL AID

Federal Financial Aid regulations require that all financial aid recipients progress at a reasonable rate toward achieving a degree or certificate. Corban University uses the same policy in regard to state and institutional aid. Progress is measured by: (1) the student’s cumulative grade point average, (2) pace of progression (the number of cumulative credits earned in relation to those cumulatively attempted), and (3) the maximum time frame allowed to complete the academic program. These requirements apply to all semesters regardless of whether or not the student received financial aid. Progress is reviewed at the end of each semester. However, Corban’s separate Academic Probation policy, administered by the Registrar’s Office, reviews the semester GPA instead of the cumulative. For this reason the Financial Aid Office also reviews the semester GPA in addition to the cumulative.
1. **Cumulative and/or Semester Grade Point Average.** Undergraduate students who drop below a 2.00 cumulative and/or have a semester GPA less than 2.00 will be placed on **Financial Aid Warning.** Graduate students who drop below a 3.00 cumulative and/or have a semester GPA less than 3.00 will be placed on **Financial Aid Warning.**

2. **Pace of Progression.** Students who fail to complete the **required 67%** of credits attempted will be placed on **Financial Aid Warning.** This is a cumulative calculation, not per semester.

3. **Maximum Time Frame.** Students must complete their degree within the 150% of attempted credits. Students are no longer eligible to receive financial aid if it becomes mathematically impossible to complete their degree within 150% of the published length of their program. This is not based on a calendar progression but rather is based on the number of credits required for the degree or certificate.

Students who do not meet the standards of Satisfactory Academic Progress (SAP) at the end of a semester will automatically be placed on **Financial Aid Warning** for the following semester. Financial aid may still be received during the warning semester. At the end of the warning semester the student must have achieved satisfactory academic progress as outlined above or they will be placed on **Financial Aid Suspension** status. Students placed on suspension status may appeal and if the appeal is granted they will be put on **Financial Aid Probation** and receive aid for another semester. Please see more information about these statuses below. Notification of status changes will be communicated to the student by mail or email using their Corban email account.

**Financial Aid Warning:** Students may receive financial aid for the semester they are on warning. If they fail to meet the necessary SAP requirements at the end of their warning semester, their financial aid will be suspended until they have regained satisfactory progress status. When a student has been placed on financial aid warning for a semester and has regained SAP at the completion of that semester, the student will be removed from financial aid warning and will be eligible to receive financial aid.

**Financial Aid Suspension:** Financial aid suspension will result in the loss of eligibility for all federal, state and institutional aid, including grants, scholarships, loans and work-study. If a student successfully completes a semester without receiving financial aid and meets the SAP requirements, the student will then regain financial aid eligibility. Some private student loan companies will make loans to students who have lost aid eligibility due to SAP.

**Appeal of Financial Aid Suspension:** Students who fail to meet Financial Aid Satisfactory Academic Progress standards and lose financial aid eligibility can appeal this decision. The appeal must be made in writing and should be accompanied by appropriate supporting documentation. Appeals must be submitted to the Financial Aid Office within 7 calendar days of the date on the notification letter or email. Appeals must explain why the student failed to make satisfactory academic progress, and what has changed to resolve the issue(s) that prevented the student from demonstrating satisfactory academic progress. Acceptable reasons for appeal may include injury or illness of the student, illness or death of an immediate relative of the student, or other extenuating circumstances beyond the student’s control.

**Financial Aid Probation:** If the student’s appeal is approved they would be eligible to receive financial aid during the following semester. The student would be placed on financial aid probation status during that semester. The student may be subject to course and/or credit limitations.

If the student is not meeting the standard at the end of the probation semester, they will move to suspension status again. The student can appeal again, but the appeal will be reviewed by a committee consisting of the student’s academic advisor and a Financial Aid Office representative. A suspension status appeal becomes less likely to be approved with each occurrence.

**Academic Plan:** If it is not possible for a student to meet the SAP standards in one semester, a student who appeals may be given an academic plan as an alternative to probation. This plan would specify a point in time at which the student will be able to meet Corban’s SAP standards.

**Repeated Courses:** Courses in which the student received a grade of “F” may be repeated and may be eligible for financial aid. Other courses in which the student received a passing grade may be repeated once and may be eligible for financial aid. When a course with a passing grade has been repeated, subsequent repeats of the course will not be included in the total
number of credits for the semester when determining financial aid eligibility. Credits attempted in repeated courses will be included in the cumulative credits attempted and GPA.

**Withdrawn Courses:** Withdrawn courses count towards the cumulative credits attempted. Students may retake courses from which they have withdrawn. When retaken, these courses will be included in the total number of credits for the semester and will be included in the cumulative GPA.

**Incomplete Courses:** Courses assigned an incomplete grade are included in the cumulative credits attempted and in the maximum timeframe. These credits cannot be counted as earned credits until a satisfactory grade is assigned. At that time they will also be included in the GPA calculation.

**Audit Courses:** Audit courses receive no credit and do not influence grade point average. They are not counted in credits attempted and are not eligible for financial aid.

**Remedial Courses:** Remedial courses will be included in the total number of credits for the semester when determining financial aid eligibility but don’t apply towards graduation requirements.

**Pass/Fail Courses:** Pass/Fail courses are not calculated in the cumulative GPA but will be included in credits attempted.

**Transfer Students:** Transfer credits are calculated into the credits attempted, but are not factored into the cumulative GPA. Any transfer credits accepted into a student’s educational program will count as both attempted and completed credits when determining a student’s pace of progression.

**Summer Semester:** Students attending in the summer semester will have SAP evaluated again at the end of the semester.

**Readmitted Students:** If a student is placed on financial aid warning or suspension status and does not return the following semester, they will be given the same status if they return at a later date. When a student withdraws or is dismissed from Corban and is later readmitted, the semester in which they withdrew or were dismissed is included when the student’s satisfactory academic progress status is evaluated.

**Satisfactory Academic Progress for Veterans (Undergraduate)**

Students who are receiving benefits from the Veterans Administration are also subject to the College’s Satisfactory Progress Standards. The Veterans Administration does not determine satisfactory progress standards.

1. To receive VA benefits students certified as:
   - Full-time must complete 12 units each term.
   - Three-quarter time must complete nine units each term.
   - One-half time must complete six units each term.
2. Students must complete certified units with a passing grade and a minimum term grade point average of 2.00 or be placed on academic probation. (No incomplete grades will be permitted if the student has not completed the units certified.) If the student’s deficiency is not corrected after two consecutive terms, the university will notify the VA of the student’s unsatisfactory progress, and benefits will be terminated.
3. Students must complete all course changes within the first 10 days of the term and withdrawal procedures within the first four weeks of each term. Students withdrawing after the start of the fifth week may be subject to the noncompliance provisions of the Satisfactory Progress Standards.

**Graduate Policy - Please refer to the Graduate Academic Policy section**

**Transcript Request**

Corban University only issues transcripts of courses taken at the University. Transcripts from other institutions cannot be copied. Transcripts can be requested and paid for online at [www.corban.edu/registrar](http://www.corban.edu/registrar). Students or alumni must request the transcript—no telephone requests will be accepted. If submitted in writing, a transcript request must bear the signature of the individual whose academic record is involved. Transcripts will be released only after all financial obligations to the university are paid. This includes payments outstanding on any loans obtained through the university. This policy is in compliance with the Family Educational Rights and Privacy Act of 1974 (Buckley Amendment).
TRANSFER OF CREDIT (UNDERGRADUATE)
Generally, upper division credit is not allowed for courses taken in a two-year college, and no more than 70 semester hours of lower division courses may be applied to a program of study. A maximum of 98 semester hours may be transferred from a four-year college. No course lower than a “C-” will transfer from another institution. An evaluation of transcripts to determine transfer credit is done only when an Application for Admission has been formally accepted. This evaluation will be based only on the official transcript submitted directly to the University. Students are responsible to submit either a college catalog or course syllabus should one be needed. Corban does not transfer grade point averages, only credits earned.

Up to 40 professional-technical hours may be transferred from an accredited institution if these courses are described as transferable in that institution’s catalog or recognized in the ACE Guide (American Council on Education). These courses usually are transferred as elective credit. The total combined number of professional-technical hours and portfolio hours cannot exceed 70 semester hours.

Transfer students coming from institutions which are not accredited by one of the six regional associations or by the Association of Biblical Higher Education may be given the opportunity to validate credits if the course work applies to Corban’s curriculum requirements.

Corban University academic credit has been successfully transferred to many colleges and universities in the Northwest and across the United States. Our regional accreditation and solid academic reputation have allowed students to move to other programs in well recognized institutions. It is imperative the students understand that it is the receiving institution that has final authority in matters relating to how Corban academic credits will transfer to that institution. The Registrar’s office will aid students in their efforts to transfer by providing information in the form of course syllabi as needed and advice when requested.

GRADUATE POLICY - Please refer to schools for admission requirements in programs.

USES OF SOCIAL SECURITY NUMBERS
Providing one’s social security number is voluntary, though it does greatly aid the university in maintaining and accessing records. If students provide a social security number, it will be used as an identification number for keeping records, conducting research and reporting purposes. Students who choose not to provide their social security number will not be denied any rights as a student, but will not be eligible for any federal or state financial aid. Providing a social security number means that the student consents to its use as described here.

WEATHER POLICY
Student safety is of primary importance and since many of our students commute, it is important that students determine their ability to travel safely to the university when weather conditions create road hazards. Students who feel it is not safe to travel to classes should contact their instructors at the earliest possible time. Should the university decide not to hold classes and/or to close all functions of the university; appropriate announcements will be made over local radio stations.
Check The Student Handbook online for information on school closures due to bad weather.

WITHDRAWING FROM UNIVERSITY
Students may voluntarily withdraw in good standing from Corban at any time. Notification of withdrawal must be done by completing an Application for Withdrawal form with the necessary signatures. This form is obtained from and returned to the registrar.

In situations of emergency (accident, prolonged illness, etc.) students may be permitted by the registrar to withdraw without grade penalty from the university at anytime. Written verification may be required.

Transcripts of students withdrawing from all courses through the 10th week of the semester will show a W for all courses; withdrawals after the 10th week (but before the week of final examinations) will show WP or WF, based on instructor appraisal of progress in class through the official date of withdrawal. A WF grade is computed in the grade point average.

Refund information is found in the Financial Information section of this catalog.
ADMISSIONS

UNDERGRADUATE
Corban welcomes Christian students who value a Christian liberal arts education and meet the university admissions criteria.

The University seeks students who are able to present strong academic records and a clear testimony of faith in Jesus Christ. The Admissions Committee also evaluates each applicant’s ability to succeed in college and is in agreement with the Statement of Faith and lifestyle policy of the University.

Corban University reserves the right to deny admission to any applicant. The University does not discriminate on the basis of age, race, sex, color, national origin or disability in its education programs or activities.

ADMISSION PROCEDURE FOR SCHOOL OF PROFESSIONAL STUDIES
Corban University is committed to delivering the highest academic standards with a foundation in the Word of God. We are dedicated to seeing you succeed personally and professionally. Part of that success is finding the right place to complete your degree. Successful candidates for Corban’s online programs will:

• Profess faith in Jesus Christ and live a consistent Christian lifestyle.
• Demonstrate the writing competency to function successfully at a bachelor degree level.
• Corban recommends a college GPA of 2.0 for students bringing in transfer credits, or a high school GPA of 2.7.
• Have one year of life, work or college experience since graduating high school.
• Submit faith statement.
• Submit an online application and $50 application fee.
• Official transcripts from all previously attended colleges.
• Submit the Christian Character Reference Form.

Call to schedule an information session with an Admissions Counselor.
Phone 503-375-7590 or 800-764-1381.

ADMISSION PROCEDURE FOR FRESHMEN
A freshman is defined as one who has graduated from high school and has never been enrolled in a post secondary institution after the date of high school graduation. Some freshmen may take advanced placement courses or complete college-level classes during high school and before high school graduation.

It is recommended that applicants complete four years of English, three years of Math and Social Studies, and two years of science and a foreign language. In some cases, applicants whose records or test scores do not meet the recommended standard for admission may be admitted with a provisional acceptance. To assist students through the enrollment process, each student is assigned an Admissions Counselor. If your questions are not answered in this catalog, you can e-mail admissions@corban.edu or call 503.375.7005 or 800.845.3005.

1. It is encouraged to complete the application online at www.corban.edu before August 1. The Application for Admission includes a brief personal faith statement regarding the applicant’s relationship to Jesus Christ.
2. Request a copy of your high school transcript to be sent to Corban. Students who are applying to the University before they have graduated from high school may send a transcript showing work completed to date; however a final transcript will be required after graduation which will contain dates of graduation, grade point average, and class standing. A cumulative 2.70 grade point average is recommended.
3. Have the Scholastic Aptitude Test (SAT) or American College Test (ACT) scores sent to the University. Corban University recommends a 900 score on the SAT critical readings and math or a 19 on the ACT. At this time, the University does not require the writing section of the SAT or ACT for acceptance decisions. Information regarding test dates and locations is available from your local high school guidance counselor. An applicant who has graduated from high school ten years or more maybe exempt from submitting these test scores.
4. Submit a Christian character reference from an individual who has an understanding of your Christian faith. It is recommended that this person be a leader in your church.

5. Once the applicant has been admitted and deposits are paid, the university will send packets of information, along with forms to be completed and returned regarding housing, health insurance, as well as a medical questionnaire. These must be completed prior to enrolling.

ADMISSION PROCEDURE FOR INTERNATIONAL STUDENTS

International students are subject to the admission policies of Corban University and to the regulations of the Immigration and Naturalization Service of the United States Department of Justice. An applicant who is not a citizen of the United States must meet the following requirements:

1. Request an International Student Application form from the Admissions Office.

2. Provide proof of secondary school completion in the form of an official transcript or diploma with graduation date. Corban University will also accept official IGCSE/GCSE scores. In lieu of a diploma, the student must submit official test scores showing 5 passes with a C or higher.

3. Prove English proficiency by one of the following means:
   a. Test of English as a Foreign Language (TOEFL) minimum score of 70 (TOEFL IBT) or 520 (TOEFL PBT).
   b. International English Language Testing System (IELTS) minimum score of 6.0
   c. Common European Framework Level: B2
   d. PTE Academic: 51-58
   e. Level 2 qualification (grade range A*-C) in at least 1 GSCE English first or second language.

4. Submit official transcripts from each secondary and post-secondary school attended. Transcripts in languages other than English must be accompanied by a certified English copy and an evaluation by World Education Services (www.wes.org).

5. Guarantee financial responsibility. The applicant must submit a written document guaranteeing that the minimum amount required to support the costs of tuition, room and board, transportation costs to and from the United States and expenses will be underwritten. Copies of bank account records, other financial instruments, or letters of certification may be submitted for this purpose. A $1,000 tuition deposit (in US dollars) must be received by Financial Services at Corban University by May 1. Upon receipt of these funds an I-20 will be issued. This is an official United States immigration document which enables a foreign student to apply for a student visa at the nearest U.S. Consulate.

Foreign students admitted to the United States on a student visa are required by law to be registered as full-time students, carrying a minimum of 12 credit units of academic work. International students are not permitted to work off-campus without written permission from the United States Immigration authorities.

ADMISSION PROCEDURE FOR TRANSFER STUDENTS

A transfer student is defined as one who has attempted to complete any transferable course work at a regionally-accredited college after high school graduation.

Transfer students must apply for admission and follow the same procedure as presented for freshman applicants. In addition, an official transcript from any and all colleges and universities attended is required, whether or not credit was given.

Transfer students with fewer than 31 semester hours or 47 quarter hours of college work must qualify for admission on the basis of SAT or ACT scores and academic records from both high school and college.

To facilitate the transition between colleges, each transfer student is assigned an academic advisor with whom she or he will connect prior to registration. The advisor will discuss and help arrange the student’s program of study, taking into account previous college work, future goals, and the general education core requirements of Corban.

To help in the transition to Corban and to meet other new transfer students, all transfer students are required to attend a new student orientation. Information about this orientation will be mailed to transfer students before registration.
ADVANCED PLACEMENT (AP)
College credit may be granted in several subject areas to students who complete college-level courses in high school and receive a score of three or better through the AP program. The AP examinations are administered nationally once a year, in May, primarily at participating high schools. They are the culminating exercise for high school students who complete honors or advanced courses that parallel standard college-level courses.

Students expecting advanced placement credit should request, at the time the test is taken, that scores be sent to Corban University. Upon receipt of the official AP report, and enrollment of the student at the University, the acceptable credits will be transcripted and may count toward the total hours required for graduation.

Advanced placement credit will be withdrawn if work later is duplicated in a college-level course. These credits will not be given in conjunction with College Level Examination Program (CLEP) or transfer college credit.

APPLICANTS WITH CRIMINAL RECORDS
It is the policy of Corban that prospective applicants with a criminal record wait to apply for a minimum of one year from the end of their parole and/or probation. Prior to application, the candidate must have been established in a community and involved in an evangelical church for at least three years. Also, convictions for crimes involving moral turpitude as listed in ORS 342.143 and ORS 161.405 will be grounds for denial of admission to the University or grounds for dismissal from the University.

EARLY HIGH SCHOOL ADMISSION
An early admissions program is available to qualified high school students. This permits study at Corban University while a student completes a high school program.

Eligibility Requirements
An applicant must have completed the junior year of high school and be at least 16 years old prior to the end of their first semester of enrollment. An applicant who has completed the senior year of high school is not eligible. Early admission students must earn grades of “C” or better in the courses taken at the university to remain in the program.

Application Procedures for Early Admission
1. Contact the Admissions Office for admission form.
2. Complete the Application for Admission and return it to the Admissions Office with the application fee and indicate your choice of courses.
3. Submit an academic transcript for all courses taken in high school from the ninth grade to the present.
4. Have the recommendation forms completed and sent to the Admissions Office.

High school students may enroll in no more than seven semester hours during any regular semester. Early admission students in good standing are automatically admitted to Corban upon graduation from high school. All additional credentials must be received before university enrollment.

Cost and Credit
Early admission students may take a maximum of 14 semester hours with a tuition charge of $65 per credit hour. Additional course fees may apply. Credit earned during early admission may be applied to degree programs at Corban University without additional charge.

HOME SCHOOLED STUDENTS
Corban welcomes applications from students who have been home schooled. The admission procedure and requirements are the same as for those who have graduated from a traditional high school. Students who cannot submit official transcripts must substitute a list of all course work completed during high school. Admission will be based upon courses taken, SAT or ACT results, and the academic reference.
INTERNATIONAL BACCALAUREATE

Corban recognizes the International Baccalaureate (IB) high school program. Three semester hours of lower division credit are granted for each Higher Level exam passed with a score of 5, 6, or 7. The University will also grant four semester hours of elective lower division credit for the Theory of Knowledge if the student has received the IB diploma. A maximum of twenty-four semester hours may be granted. Students can, therefore, earn nearly one year of college credit for IB work.

NON-DEGREE/NON-MATRICULATED STUDENTS

Non-degree enrollment status is designed for students who wish to take courses but do not plan to pursue a degree. Individuals often choose this path in order to expand their knowledge in a particular area or to strengthen their credentials. Non-degree students do not qualify for financial aid or student visas. Non-degree enrollment status does not require a full formal admission process or formal entrance requirements. However an application for Non-Degree Admission and the application fee are required for acceptance. Typically, a Non-Degree applicant may take up to 6 credits without formally enrolling in a degree program. Enrollment as a non-degree student does not guarantee subsequent admission for degree candidacy.

READMISSION OF FORMER STUDENTS

Any student who has left Corban for any reason will be required to file an Application for Readmission. Students who are dismissed may be required to fulfill other criteria. Official transcripts from any schools attended during the interval should be sent to the Admissions Office of the university. A Christian Character reference is also required. A student returning after an absence is also expected to complete any new or revised graduation requirements as published in the catalog in current use at the time of re-enrollment.

STUDENTS WITH DISABILITIES

Corban offers a variety of supportive services that facilitate access to educational opportunities for students with a disability. Documentation of an existing disability is required. Students are encouraged to contact the Director of Student Support as early as possible to request services.

TRANSFER EVALUATION CRITERIA

A minimum grade point average of 2.00 (exclusive of developmental or other nontransferable course work) is required for transfer admission consideration.

Generally, upper division credit is not allowed for courses taken in a community college and no more than 70 hours of lower division courses may be transferred. Only courses with a grade of “C-” or better will transfer from another institution. Credit conversion from quarter hours to semester hour credits is calculated by multiplying the number of quarter credits by two-thirds.

An official evaluation of transcripts to determine transfer credit is done only when an Application for Admission has been accepted. This evaluation will be sent to each transfer applicant following notification of acceptance. All matriculating transfer applicants are required to send final and official college transcripts to the Admissions Office before registering at the university.

After enrolling and completing a semester at Corban, the transfer student assumes a new cumulative grade point average that is subject to academic policies established by the university.

Up to 40 professional-technical hours may be transferred from an accredited institution if these courses are described as transferrable in that institution’s catalog or recognized in the ACE Guide (American Council on Education). These courses usually are transferred as elective credit only. The total combined number of professional-technical hours and portfolio hours cannot exceed 64 semester hours.

A maximum of 12 College Work Experience (CWE) hours (must be 100 level or more) will be accepted as transfer elective credit.
Transfer students coming from institutions which are not accredited or recognized may be given the opportunity to validate credits.

**VETERANS**

Veterans or dependents of veterans who plan to enroll at Corban University are urged to apply for the benefits through the Veterans Administration well in advance of registration so that the necessary paperwork will be completed. The university certifying official may be able to provide the necessary forms and answer any questions. A late decision to attend may delay payments.
FINANCIAL INFORMATION

Corban attempts to keep the expense of securing a Christian education as affordable as possible. The actual cost of instruction is greater than what the student pays. The university receives support from individuals, churches, and foundations who share in providing this quality education. Student costs are subject to change by action of the Board of Trustees or Administrative Team.

CAREER SERVICES

The Corban website includes current job openings, internships, and ministry positions within the U.S. and worldwide. Openings are also posted on the on-campus job board. The Student Support Services office provides resources for creating a résumé, and preparing for an interview, an internship, a job, or graduate school.

HEALTH INSURANCE

The university is not responsible for injuries through the use of its facilities or athletic equipment, or for injury occurring in classes, during school activities, or while taking part in internship programs, church and community service assignments, intramural or intercollegiate athletic programs. All students are required to sign a liability release at the time of registration.

The university requires that all students must be covered by health and accident insurance. During registration students are asked to provide proof of such coverage with an identification card from their insurance company. The company name and policy will be kept on file in the Student Health Office.

For additional information see the Director of Health Services.

MEAL PLAN

All resident students are required to be on a meal plan and may choose from several options (townhouse residents are not required to purchase a traditional meal plan, but must choose from one of the commuter plans). Campus Dining offers hot meals each day during designated hours between 7:00 a.m. and 7:00 p.m. These hours may vary. Special dietary needs can be accommodated by contacting the Director of Food Services.

Campus dining also operates Common Grounds, an on-campus coffee shop located in the Student Center and a POD in the Library, throughout the day and evening. Common Grounds and the POD sells sandwiches, snacks and various other items for students and visitors.

PAYMENT POLICY

Your account balance (Charges minus Financial Aid) is due by the published close of registration. Registration is not complete until satisfactory arrangements are made with the Business Office of the University. Additional aid received after your account is paid in full will be refunded.

Official Payments ® provides a payment plan service for Corban University Students. An annual participation fee is required. Please call the Business Office to request additional information. We would be pleased to assist you in planning for the upcoming academic school year.

Delinquent accounts (no payment, no payment plan) may be assessed a monthly 1.5% finance charge on the unpaid balance.

No transcripts or diplomas will be issued if you have a balance due.

REFUND POLICY FOR COURSE CHANGES

No tuition refunds will be granted for individual classes dropped after the close of registration or for private music lessons dropped after the fourth full week of the semester. However, courses changed or cancelled by the university that affect tuition and course-related fees will be fully refunded.

REFUND POLICY FOR WITHDRAWAL

Students who find it necessary to withdraw from the University after registration may be entitled to a tuition refund. A withdrawal card is available in the Office of the Registrar. Students are responsible to initiate the withdrawal, obtain the
necessary signatures on their withdrawal card, and return it to the Registrar. The date it is returned is the effective date of withdrawal.

Refund of tuition (including summer), room, board, fees (with the exception of the Technology fee) and financial aid is prorated up to 60%.

Exceptions to the refund schedule may be petitioned to the Administrative Team. Petition forms are available in the Registrar’s Office. Complete the form, including the reason for requesting an exception and send the completed form to the Chief Business Officer in the Business Office who will submit it to the Administrative Team.

Note 1: A class day is counted as any day classes are scheduled according to the academic schedule.
Note 2: Fee schedules and costs for the degree completion program offered in the School of Professional Studies are different.

MOVING ON OR OFF CAMPUS WITHIN A SEMESTER

The residential fee for students who move on or off campus after the close of registration will be prorated. Moving off campus after 60% of the semester completion will allow no refunds and the student may continue to use their meal plan.

PURPOSE OF FINANCIAL AID

Financial aid at Corban University is provided to help bridge the gap between what students and their families can reasonably afford and the actual cost of a university education. Many types of financial aid are based on need as determined through the completed Free Application for Federal Student Aid (FAFSA).

Students should complete the FAFSA at www.fafsa.gov. There are certain types of aid that are distributed on a first come first serve basis. Therefore, a completed FAFSA must be received by February 15 to receive priority consideration. If a student elects not to complete a FAFSA they should notify the Financial Aid Office of that decision by February 15th. If a FAFSA is not completed, the student will not qualify for need based aid.

Students are required to maintain Satisfactory Academic Progress (SAP) in order to receive financial aid. A copy of the SAP policy of the University is included in this catalog. Failure to maintain SAP could result in a termination of aid.

Additional information concerning the purpose or offers of financial aid may be obtained by calling the Financial Aid Office.

RESIDENCE HALL CONTRACT AND HOUSING DEPOSIT

Students living in campus housing will sign a housing contract at the time of check-in.

Students who plan to live on campus pay a $100 housing deposit which must be submitted to the Admissions Office by May 1. If an applicant is accepted for admission after May 1, he or she has four weeks to submit the housing deposit. The deposit is refundable prior to the May 1 deadline.

Students should fill out a housing preference form and turn it in with the housing deposit.

The housing deposit reserves a space in campus housing. Every effort is made to grant housing requests made by returning students and those new students who submit housing deposit fees prior to May 1. Those who make payments after May 1 will be accommodated as space allows. The University generally is able to house all students who wish to live on campus, but may not be able to fulfill all specific room requests.

Before leaving on-campus housing, students must be officially checked out by a Resident Assistant and approved by the Resident Director. Failure to get this approval will result in a check-out fine.

Housing deposit fees are refundable through May 1 for fall semester enrollment, or through December 1 for spring semester. Students who choose not to enroll at Corban University and fail to notify the Admissions Office prior to these deadlines will forfeit the fees paid. Fees paid for one semester’s attendance may not be applied to another semester’s enrollment or transferred to another applicant.
SCHOLARSHIPS, GRANTS AND LOANS

Students completing a FAFSA will be considered for the following federal and state aid programs: Federal PELL Grant, Federal Supplemental Educational Opportunity Grant (FSEOG), Federal Perkins Loan, Federal Stafford and Unsubsidized Stafford Loan, Federal PLUS Loan, Federal Work-Study, and Oregon Opportunity Grant.

For more information visit www.corban.edu/financialaid. You may also email questions to financialaid@corban.edu or call 503-375-7006.

SENIOR CITIZENS TUITION WAIVER

Any person 62 years of age or older may enroll in one course per semester, for credit or audit, without a tuition charge. This rate does not apply to courses within the degree completion program, online courses, private lessons, independent study courses, or Corban Accelerated Online. Enrollment is on a space available basis, which is determined by the registrar. Students are responsible for the cost of books, materials and fees related to the course. An application for this tuition waiver and information on courses is available in the registrar’s office.

TRANSCRIPTS

Refer to information under “Academic Information and Policies” section

TUITION DEPOSIT

All applicants for admission and readmission must submit a $200 tuition deposit. This deposit must be submitted to the Admissions Office by May 1. In the event that you are accepted after May 1, the deposit must be received within four weeks of your acceptance to the University. Please note that the deposit is only refundable up until the May 1 deadline.

Upon enrollment the deposit is credited towards the first semester’s tuition. The tuition deposit reserves a place in the student body and helps the University plan to provide adequate academic services for all students.

Deposits are refundable through May 1 for fall semester enrollment, or through December 1 for spring semester. Students who choose not to enroll at Corban and fail to notify the Admissions Office prior to these deadlines will forfeit the deposit. A student’s deposit for one semester’s attendance may not be applied to another semester’s enrollment or transferred to another applicant.

STUDENT LIFE

UNDERGRADUATE STUDENTS

The Office of Student Life seeks to foster student learning that results in meaningful growth. This kind of growth is pursued through the development of activities and environments which encourage a sense of belong, invite student engagement, and cultivate healthy citizenship. Likewise, it is pursued through the prioritization of programs and services which inspire curiosity, stimulate mindfulness, and promote stewardship.

Athletics and Campus Recreation

Corban offers intercollegiate competition in men’s and women’s basketball, men’s and women’s soccer, men’s and women’s cross-country, men’s and women’s track, men’s and women’s golf, volleyball, baseball, and softball. Corban is a member of the National Association of Intercollegiate Athletics (NAIA) and competes in the Cascade Collegiate Conference (CCC).

In addition, every student at Corban is provided access to our newly renovated Student Fitness Center. Students may participate in intramural sports and a wide range of non-competitive recreational activities including hiking, kayaking, beach combing, mountain biking, snowboarding, etc.

Nurturing the Spirit

Corban attempts to enhance the Christian life of its students in a variety of ways:

Required courses in Bible: Every major at the University requires that the student enroll in Bible and Theology courses to satisfy degree requirements.

Chapel Services: chapel services are held three days a week for worship, for sharing, for learning, and for empowering students to impact their world for Christ.

Service: The Reach service program provides opportunities for students to explore servant leadership through volunteer opportunities in churches and community organizations. Because service to others is a basic part of the Christian faith and a biblical mandate, all traditional undergraduate students are required to participate in Corban’s Reach program. Students may work independently or in groups to fulfill this requirement. This is a requirement for graduation and is recorded on student transcripts.

Church Attendance: all students are expected to attend regularly and participate actively in the services and life of a local evangelical church.

Physical and Mental Health

Corban’s Wellness Services Office is located in the first floor of Davidson Hall and offers a variety of health and mental health services for the undergraduate population. For more information regarding these services, please consult Corban’s webpages.

Standard of Conduct

As a Christian university, Corban is committed to fostering an educational environment that equips men and women to become godly leaders in their communities and active participants within the body of Christ. We believe that the expectations outlined in the on-line student handbook (aka, the Undergraduate Community Life Walkthrough) are conducive to your personal growth and are in the best interests of the Corban community as a whole. University leaders including those within Student Life, the President’s Cabinet, and the Board of Trustees determine these expectations based on a combination of biblical principles, school history, educational research, and a responsiveness to today’s culture.
We recognize that individual students may not have personal convictions wholly in accord with these responsibilities and standards; in some cases the student will prefer more expansive policies, in other cases, more conservative. In either case, however, living in the company of others only works if each individual is willing to put aside his or her own preferences in order to honor the whole. This is an expectation we know from Scripture where we are told, “Do nothing from selfish ambition or vain conceit. Rather, in humility value others above yourself, not looking to our own interests, but each of you to the interests of others” (Philippians 2:3-4, NIV). Students are expected to be familiar with the contents of the Walkthrough, are welcomed to ask questions and/or press for change, but at the end of the day, be committed to “…value others above yourself”. For more information about these standards, please consult the on-line handbook.

**Student Appeals**

Informal and formal procedures have been designed to assist students in resolving personal conflicts. The formal student concerns appeals process is described in the on-line Community Life Walkthrough. For further information contact the Office of Student Life.

**Student Programs and Organizations**

**Associated Student Body**

All traditional undergraduate students who have paid the student activity fee are considered members of the Associated Student Body (ASB). The purpose of ASB is to provide a student government that develops unity and mutual understanding among campus organizations, promotes and upholds Christian principles, and fosters vital cooperative student-faculty relations in every area of campus life. ASB officers are elected each spring and include president, vice president, treasurer, communications coordinator, student ministries coordinator, student activities coordinator, student organizations coordinator and media arts coordinator.

**Student Organizations**

Anyone wanting to initiate a student organization may obtain forms in the ASB office. Student organizations may be formed around special interests and must abide by the guidelines established for recognition by the ASB. Student organizations may petition for funds at the beginning of each semester and are responsible for the distribution of those funds.

**Student Housing**

All traditional undergraduate students under the age of 21 are required to live on campus unless they have junior or senior status (have completed more than 62 credits), are turning 21 during the upcoming academic semester, are married, are living at no cost with relatives over the age of 25, or have lived on campus for four (4) semesters. Studies show that living on campus enhances the likelihood that students will be satisfied with their undergraduate experience, feel more connected to the University community, and be more likely to graduate.

All rooms in the residence halls are equipped with telephone lines, computer hook-ups and internet access.

Each residence hall has a capable staff available for advice and guidance. The staff works together to develop and maintain a warm, loyal, and positive community.

Housing arrangements are made by the Director of Community Life. Every effort is made to assign new students compatible roommates. Complete information concerning residence hall policies is found in the Student Handbook.

Housing options for off-campus and married students are posted on a bulletin board in the Community Life Walkthrough.

**Student Safety**

Corban strives to assure a safe and secure environment and is in compliance with federal guidelines regarding University transparency, accountability, and to prevention. For more information about these important federal guidelines, please refer to the following websites:

The Violence Against Women (VAWA) Act  http://clerycenter.org/article/vawa-amendments-clery
Title IX and Sex Discrimination Law  http://www2.ed.gov/about/offices/list/ocr/docs/tix_dis.html

For details regarding Corban’s compliance and for information on reporting issues of concern, please refer to the Campus Safety and Student Life webpages.

Corban has a trained campus security force on duty 24 hours a day, seven days per week. The University subscribes to a campus wide notification system that allows emergency information to be sent to all registered students, faculty and staff as well as family members. This is a notification system that students will be encouraged to subscribe to during Orientation.

GRADUATE STUDENTS

Christian Conduct

Corban University believes that it has the responsibility to provide guidelines for Christian conduct which will help the student discern between that which is God-honoring and that which hinders Christian testimony. Conduct should be motivated by a personal love for God and for others (Matt. 22:34-40). Students are not to engage in things expressly prohibited by Scripture, such as sexual immorality, adultery, drunkenness, homosexuality, theft, murder, dishonesty, attitudinal sins and sinful speech (Mark 7:20-23; Rom. 1:26-31; Gal. 5:19-21). In matters not expressly addressed in Scripture, we expect students to conduct themselves in a manner consistent with biblical principles of godly living. We encourage students to develop the skill of living wisely, making choices that demonstrate one’s ability to apply biblical principles in areas of conduct debatable in nature.

The student’s family and its health are important to the mission of Corban University. Though study, work, and ministry responsibilities may be demanding, the University encourages students to develop and maintain strong, biblically-oriented family relationships. A wife, husband, or children deserve loving care and support while a student is engaged in graduate study.

See Graduate and SPS student handbook online for more information.
PROGRAMS OF SPECIAL INTEREST

SCHOOL OF PROFESSIONAL STUDIES
Corban offers working adults an opportunity to earn a university degree through an online delivery format.

AMBEX STUDY PROGRAM: BAVARIA, GERMANY
Corban’s own study abroad program is conducted each semester in Regensburg, Bavaria, Germany. The Semester Abroad program is the principal ministry of AMBEX, providing classroom and off-site academic instruction built upon a rigorous God-centered curriculum that integrates critical components of a comprehensive biblical worldview. The curriculum is thoughtfully designed to deepen the students’ understanding of important theological truths toward a greater appreciation of the person and redemptive work of God, His creation, and a greater assurance and ability to adequately defend and proclaim the Gospel in a post-Christian, post-modern culture.

Activities outside of the classroom provide opportunities for spiritual growth in the practical application of truth learned in the classroom. Students are encouraged to utilize their gifts in serving others during their semester abroad, to be vessels in the Lord’s hand to reach the heart of our German, American, Slavic, and Moslem, neighbors. Activities for travel and relaxation are also available. Some of the activities include:

• German-American Partnership (i.e. KONTACT and the Regensberg Student Network)
• School and Dorm Open House—Coffee, Tea, Cocoa, Cake & Cookies
• Academic Exchanges e.g. Book Club, Pen Pal, Music, Math, Chess, etc.
• Travel and Excursions (Recreational and Academic)
• Recreation—Volksmarching, Bicycling, Canoeing, Horseshoes, Hiking
• Sports and Athletics Exchange—Softball, Soccer, Swimming, Squash, Tennis, Ping Pong, etc.
• Games—Indoor and Outdoor

BESTSEMESTER STUDENT PROGRAMS
The off-campus study programs offered by the CCCU are known as “BestSemester.” Ten semester programs and one summer program are designed to serve the student academic program interests of CCCU member and affiliate institutions. BestSemester programs allow member institutions to send students to programs that are reviewed by the Student Academic Programs Commission.

These off-campus interdisciplinary, learning opportunities are available to upper-class students and offer up to 16 semester hours of credit. Consult with your academic advisor to learn how these credits may apply to your major. The university registrar will be able to give you additional information about these opportunities and direct you to the campus coordinator for a specific program.

All students must complete a preliminary on-campus application before submitting the application to CCCU programs. This is available in the Academic Services Office. Early Admission applicants will usually be notified of action taken on a student’s application before the regular deadline. Application deadlines: Fall Semester – April 1; Spring Semester – May 3 (early application deadline) and October 1 (regular application deadline)

There are 10 semester programs and one summer program to choose from:

• Washington DC American Studies Program (ASP)
• Australia Studies Centre (ASC)
• China Studies Program (CSP)
• Costa Rica Latin American Studies program (LASP)
• India Studies Program (ISP)
• Los Angeles Film Studies Center (LAFSC)
• Middle East Studies Program (MESP)
• Nashville Contemporary Music Center (NCMC)
• Programmes in Oxford (SCIO)
  o Oxford Scholars’ Semester in Oxford (SSO)
  o Oxford Summer Programme (OSP)
• Uganda Studies Program (USP)
• Washington Journalism Center (WJC)

For in-depth information about the above programs please visit this web-site:
http://www.cccu.org/about/programs_and_services_office_of_student_programs#SAPC
CROSS-CULTURAL FIELD WORK
Corban’s Cross-cultural Field Work allows students to spend a summer overseas under the direction of a career missionary. This is more than a memorable summer; for some it is the introduction to a lifetime of missionary service. Academic and church and community service requirements may be satisfied.

HONORS PROGRAM
In keeping with the broad educational mission of Corban University, the Honors Program is rooted in the notion that we may glorify God through our intellectual endeavors. As Proverbs 1 – 3 suggest, the Lord delights in those who prudently seek wisdom and knowledge. In doing so, we honor His intentional design for a meaningful, rewarding Christian life.

The program provides highly motivated students with academic enrichment above and beyond the regular undergraduate curriculum, encouraging a more proficient understanding of and appreciation for the Christian worldview through the lens of classical studies, especially history, literature, philosophy, and the arts. Honors students are given the opportunity to interact with distinguished scholars at special events and to participate in at least three Honors courses while at Corban. They also may choose to work with a faculty member on a senior project.

Admission/Program Requirements
Incoming freshmen with a minimum 3.7 high school GPA and an SAT or ACT score that places them minimally around the 90th percentile. For the SAT, this means a combined score of 1900. For the ACT, students must earn a minimum composite score of 28. Students who meet these basic requirements may apply to the Honors Program in the fall semester of their freshman year.
Returning and transfer sophomores (with a minimum 3.5 GPA) intending to complete and graduate from the program may also apply for membership. To subsequently remain active and graduate from the Honors Program, each student must:
1. maintain a cumulative grade point average of at least 3.5
2. attend and complete Honors Program events/activities during at least six semesters, an
3. complete at least three courses from the Honors Program curriculum.
   (During one semester at Corban, students may choose to complete an optional independent study project as a substitute for one of the regularly scheduled honors program courses.)

Incentives
While the Honors Program primarily exists to provide dedicated students with further intellectual enrichment, participating students also benefit in the following ways:
1. Participating students receive a $150 scholarship each semester. This sum may be used for admission to activities, for purchasing books, or for general tuition purposes.
2. Student transcripts will reflect completion of the Honors Program.
3. Graduating seniors who complete the program will receive a medallion to be worn at the commencement ceremony.
4. Participation in the program signifies a measure of academic breadth often sought by employers and valued highly by graduate schools.

INTERN PROGRAM
Corban offers students interested in any program of study the opportunity to gain experience and earn credit through an intern program. Internships are required in some majors. A student, under the guidance of an experienced and approved professional in the field of study can participate. Such an internship must be coordinated with the academic advisor. Grades are pass/fail only. Generally 45 clock hours are required for each credit earned.

OTHER ENDORSED PROGRAMS
We are pleased to have the opportunity to share Christ with the global community while preparing students who will make a difference in the world for Him through various partnerships internationally including but not limited to those listed below.

The Corban University ---Universitas Pelita Harapan partnership was expanded in 2015 to include all of Asia through the development of an International department of Teachers College. The International Teachers College (ITC) department will target expatriate students from all over Asia while the Teachers College (TC) department focuses on preparing Indonesian
students to become high quality teachers specifically for the Indonesian context. Corban University is committed to preparing effective educators to raise the educational attainment of the continent of Asia and reduce poverty through high quality holistic education. All students earn a Bachelor of Education degree. For more information, see UPH: ITC, TC catalog.

**Focus Leadership Institute** is a multidisciplinary educational program that delves into psychology, sociology and family studies as well as leadership, social ethics, public policy, philosophy and theology. Our students come from diverse academic majors—from art education to finance to marketing to ministry. Course material is designed to strengthen student leaders from the inside out, regardless of their academic backgrounds or future leadership roles.

**The Israel-Bible Extension program**, “IBEX”, is The Master’s College (TMC) extension program in Israel and another cooperative study program. IBEX is a 15-week semester abroad program which provides a quality educational opportunity for students who wish to enhance their knowledge of the geographical, historical, archaeological, and cultural understanding of the land of Israel, both ancient and modern. Classroom lectures are integrated with frequent field trips; together, these expose the student to every corner of the land and to every period of the history of the people of that land. The student’s educational experience, as well as his or her personal maturation, is significantly enhanced by the cross-cultural experience which the semester-abroad program provides. For more information visit their web-site at: www.ibexsemester.com.

**PRIOR LEARNING CREDIT**

Students are given the opportunity to earn college credit for prior learning by completing a personal portfolio. Students learn how to identify, document, and describe appropriate prior learning experiences. See School of Professional Studies.

**RESERVE OFFICER TRAINING CORPS (ROTC)**

**Air Force or Army ROTC-Military Science**

Corban University cooperates with Oregon State University and Western Oregon University in offering Reserve Officer Training Corps instruction that prepares students for commissioning as officers in the U.S. Army or Air Force Reserve. The classes are taught at either of the two institutions.

The Military Science program is designed primarily for students interested in earning a commission in the active or reserve military forces of the U.S. while pursuing a degree in a selected major.

The ROTC program is specifically designed to give college students instruction and experience in the art of organizing, motivating, and leading others. It includes instruction in leadership to develop self-discipline, physical stamina, and professional bearing.

Successful completion of the program usually leads to a commission in the Armed Forces. Terms and types of service vary according to the type of program chosen. Participation in the Basic course entails no obligation to seek a commission nor to serve in the Armed Forces. It provides elective academic credit for graduation and an enhanced opportunity to compete for and win ROTC two and three year scholarships.

Undergraduate students having at least two academic years of study remaining in their program and enrolled full-time at Corban may enroll. ROTC students major in the curriculum area of their choice (except theology) and must fulfill the requirements of their major.

GENERAL EDUCATION REQUIREMENTS CONTINUED:
Reach, Senior Career Seminar (this is integrated in all major curriculums), and Assessment Tests are requirements for all graduates. To earn a bachelor’s degree, students must complete a minimum of 129 semester hours.
Some majors may require more.

The B.A. degree requires proficiency in a foreign language. This is demonstrated by the successful completion of at least 12 semester hours of progressive study of a single foreign language.

The general education curriculum consists of 69 units of coursework in Bible, Communications, Humanities and History, Human Performance, and Math/Science. The goal of our general education curriculum is to educate growing Christians to become competent thinkers, effective communicators, and involved citizens.

General Education Outcomes
Transformative Learning
Corban is committed to creating a transformative learning culture where a sustainable biblical worldview takes shape. To do this effectively, Corban’s curriculum builds on the foundation of biblical and theological training as students are educated to be well prepared for both the secular and Christian spheres. These foundational principles will provide students the opportunity to think deeply about learning as they identify, examine, and evaluate sources of information in order to synthesize that information into a framework of knowledge for informative decision making.

Holistic Development
Corban is committed to creating a community that promotes worship, creative expression and activities that reflect God’s character. Development of all aspects of the created person is essential to enabling students to fully express themselves as people created in the image of God. A holistic approach encourages physical and emotional health as well as a well-developed spiritual life and deep social relationships. Engagement and intentional strategies for collaborating with others are used to equip and enhance interpersonal and intrapersonal awareness.

Christian Stewardship
Corban University promotes a life of stewardship and service toward God, humanity and creation throughout its programs and supporting departments. Christian stewardship equips students to become life-changers locally and abroad through action, intention and the personal discovery of life-calling and leadership. Following the biblical priority of stewardship, students are given opportunities to develop personal organization, to manage time and to use wisely gifts, talents and abilities to effect positive changes in society. Using resources and personal talents to serve others demonstrates a life of integrity and service.

PROGRAM OVERVIEW

The English program is designed to furnish students with the skills necessary to understand literature, to appreciate it as an aspect of God’s redemptive voice, to write intelligently about it, and to pursue graduate studies. In short, this program invites students to enter the continuum of scholarly conversation from the ancients to contemporaries.

Since effective written communication and oral communication are vital in all spheres of life, the College Writing and Fundamentals of Speech courses stand as the foundation of all programs.

The English major provides a progressive course of study, built on the general education requirements and lower division prerequisites, culminating in a Senior Capstone Course. Upper division courses include literature, philosophy, and advanced writing. Students can pursue some of these studies abroad in Oxford, England; Regensburg, Germany; Jakarta, Indonesia; and other parts of the world.

The Communication Concentration examines the connection between the “redeemed human voice” and other voices in what philosophers have called the “global village.” Small class sizes, individual skills-coaching and faculty-supported internships enhance students’ understanding of the role their biblical worldview plays in the various careers and ministries supported by the communication arts.

The Journalism Concentration prepares students to write professionally and artistically about things that matter in a way that matters. Students receive personalized instruction in small classes taught by professional journalists and published faculty. Graduates transfer classroom and internship skills to print, electronic and mobile mediums.

The Creative Writing Concentration allows students time to focus on their development as writers. Small, intimate courses, in which students read and critique each others’ writing, help students learn and develop their skills in their chosen genre and enhance success in various career paths. The courses are taught by published faculty.

The Humanities Concentration is essentially a combination of English and Philosophy and is especially appropriate for pre-professional studies. Those who plan to go to law school, for example, will find this track provides the skills and background necessary for a solid foundation.

Since the study of literature increases one’s skill at analyzing a text, and since the subject matter of literature is the record and study of human thought and behavior, the English minor may be of special interest to those taking programs in Bible, Ministry, Psychology and Social Science.

PROGRAM MISSION AND VISION

The mission of the English Program is to prepare world citizens who will think from a biblical worldview, strive for professional excellence, and pursue a life that glorifies God through engagement in the creative arts.

The vision of the English Program is to challenge students to pursue the active, creative, lifelong adventure of learning – of worshipping God and serving Him through the study of the best of what it means to be truly human. We believe that education is more than courses and competency requirements – more than preparing for a career. We believe that education means finding and using our redeemed human voice to make a difference in the world for Jesus Christ.

PROGRAM LEARNING OUTCOMES

• Students will relate genres and periods of literature in their aesthetic, biblical, historical and social contexts.
• Students will use various audience-centered and honest styles to effectively communicate in writing.
• Students will use various audience-centered and honest styles to effectively communicate orally.
• Students will use the academic content necessary for their profession and citizenship.
• Students will analyze various texts using critical approaches to literature.
OCCUPATIONAL OPPORTUNITIES
Personal mentoring, small class sizes and faculty-supported internships enhance each graduate’s prospects for pursuing careers and ministries in writing, editing, teaching, journalism, public relations, corporate communication, human resource management, theater, media arts, radio, television and missions. While most students enter these careers following graduation, others attend graduate school and find their Corban preparation exceptional.

EXERCISE SCIENCE

PROGRAM OVERVIEW
Our human body is the temple of the Holy Spirit and we are commanded to be good stewards of our body. Corban’s Exercise Science program believes that Christians are to understand and apply the principles of physical health in order to enhance both their mental and spiritual health.

The foundational basis of the program lies in its focus on biblical principles through which individual understanding and development prepare one for a life of service to others. A primary function of the program is to provide the student with activity-oriented knowledge and problem solving skills to meet the demands of a life of ministry in the exercise science and human movement related fields.

Exercise Science has a research project requirement with an option for majors to add an internship experience.

PROGRAM MISSION AND VISION
The mission of the Exercise Science major is to equip our students with the knowledge, skills and understanding of the discipline to interact with others in our profession to further the kingdom of our Savior Jesus Christ.

PROGRAM LEARNING OUTCOMES
- Students will critically appraise scientific writings within the field of exercise science, within the context of a biblical worldview, and relate it to their own beliefs and faith statement.
- Students will have the knowledge base to evaluate and prescribe exercise for all populations.
- Students will successfully develop a research thesis, test a null hypothesis, complete the research paper in a proper format, and present orally.

OCCUPATIONAL OPPORTUNITIES
Career opportunities for Exercise Science graduates may exist in therapy, allied health, leadership, supervision, planning and programming, teaching, administration and management. Graduates may seek professional opportunities within rehabilitation clinics, churches, camping ministries, municipal park and recreation departments, private and commercial recreation, industry, recreation and fitness clubs, missions, recreation in the armed services, national organizations (Red Cross, Boys and Girls Club, Boys and Girls Scouts, YMCA, etc.), various parachurch organizations, such as Youth for Christ, Young Life and Athletes in Action and private and public educational settings.

The Exercise Science major will sit for the ACSM CPT exam as a junior (following completion of the course HP473 Exercise Prescription) and could thus be certified to fitness train as seniors in fitness clubs or as an independent contractor. Career opportunities for Exercise Science majors includes professional training in graduate programs such as occupational and physical therapies, physical therapy assistance, fitness assistants in cardio-pulmonary rehab centers, college athletic department fitness trainers, or as trainers within professional sports organizations. The major could also branch out to other health care professions.

Should they desire to pursue further education, such as a masters or doctorate, the exercise science curriculum will prepare them for graduate programs in Physical Therapy or Occupational Therapy, Athletic Training and/or sports conditioning, exercise physiology, cardiac and pulmonary rehabilitation specialists, public health, health administration, human kinesiology, sport performance research, and other exercise science related fields.

HEALTH SCIENCE

PROGRAM OVERVIEW

The Department of Science offers a major in Health Science. This major is a pre-professional program for students interested in pursuing careers in the health care professions. Graduates may seek entrance to professional schools in medicine, physical therapy, physician assistant, optometry, veterinary medicine, dentistry, pharmacy, occupational therapy, and medical informatics. Admission requirements for these graduate programs vary; however, some basic courses are common to most. These common courses are the foundation of the Health Science Major. Electives in the major allow students to tailor their program of study to meet the specific admission requirements of their chosen professional or graduate school. Students are encouraged to work closely with the program advisor of this major to plan a course of study to meet their educational objectives.

PROGRAM LEARNING OUTCOMES

- Students will demonstrate knowledge and understanding of the principles of the science courses provided within the Health Science program.
- Students will demonstrate the ability to problem solve, think critically, and reason analytically, using both quantitative and qualitative approaches.
- Students will demonstrate basic research practices, data analysis, and interpretation.
- Students will demonstrate safe lab practices.
- Students will effectively communicate on a variety of scientific topics and issues (orally & in writing).
- Students will demonstrate proficiency in the use of technology for computation, data acquisition, and analysis.
- Students will articulate different theories on the origin and nature of the universe and life, and explain how each theory affects one’s interpretation of scientific concepts and assumptions about the world.

OCCUPATIONAL OPPORTUNITIES

This major is a pre-professional study for students interested in pursuing careers in the health care professions. Graduates may seek entrance to professional schools in medicine, physical therapy, physician assistant, optometry, veterinary medicine, dentistry, pharmacy, occupational therapy, and medical informatics.

HEALTH SCIENCE PROGRAM ADMISSION

Students may declare Health Science as their program of choice upon entry to Corban University. Continuation in the Health Science program is dependent on being admitted to the program and maintaining program status.

Students may have either Provisional or Full Status in the Health Science program.
- **Provisional Status** - All students who have completed 16 semester hours with 8 hours of life science and 8 hours of physical science may apply. Courses meeting this standard must be approved by the Science Department.
- **Full Program Admission** - Admission to the Health Science program is required for all students who have completed 24 semester hours of science courses which would lead towards a Health Science degree. Further qualifications include:
  - Completed a minimum of 8 hours of life science courses and 8 hours of physical science courses as approved by the Department.
  - Minimum 2.85 GPA in science courses for their Health Science major. The student must have a minimum Corban 2.75 GPA.
  - Transfer student entering as Health Science majors are exempt from these requirements their first semester at Corban. Application must be made at the end of their first semester.
  - Students having Full Program Admission status and falling below a Corban Science GPA of 2.85 will be placed on Provisional Program status.
  - Provisional Program Admission for the Health Science majors is granted for a maximum of two semesters.

Most students will prepare their applications for Provisional or Full Program Admission during the spring semester of their Freshman or Sophomore year after completing Biology and General Chemistry. The full policy and Admission form is available from any Health Science Faculty Advisor.
HISTORY & GOVERNMENT

DEPARTMENT OVERVIEW
The Department of History & Government includes three major programs of study – History, Political Science, and Criminal Justice. Because studying the human experience is central to a Christian liberal arts education, degrees in these fields are meaningful, providing students with a more profound understanding of the complex interplay between religion, philosophy, politics, law, and justice that has defined humanity since the dawn of civilization.

In keeping with the educational mission of Corban University, the Department of History & Government is committed to understanding and critiquing human endeavors through the lens of biblical truth. Hence each professor in the department not only conveys appropriate information and knowledge, but also intentionally challenges students to analyze societies, past and present, from a Christian worldview perspective. Ultimately, the goal is for students in the department to think like mature Christians about a vast array of topics, including ethics and war, political ideologies, social justice causes, legal precedents, and criminal rehabilitation, among many others.

Career possibilities are numerous for students in the department. After commencing from their chosen degree program, students will be prepared for graduate study or other career service depending upon professional requirements. Though not limited to the following, these include:

History
Historian (Higher Education or Independent Scholar)
Museum Director/Curator (State or Federal Agency)
Intelligence Officer (CIA/NSA)
Foreign Service Officer (U.S. Department of State)

Political Science
Law (Attorney/Judge/Para-legal/Mediator)
Government (Foreign Service/Legislator/Intelligence)
Education (Professor/Researcher/Analyst)
Non-Profit (NGO/Political Organizer/Public Policy)

Criminal Justice
Law Enforcement (City, County, State, Federal - Police, Corrections, Parole & Probation)
Specialist (SWAT, K-9, Crime Scene Tech., Intelligence, Investigations, Fish & Game)

LEARNING OUTCOMES
• Students will be able to think and speak intelligently about major events, ideas, and people that shape our world.
• Students will demonstrate skill in collecting and synthesizing information toward the successful completion of research projects.
• Students will demonstrate an ability to speak in an articulate fashion.
• Students will demonstrate an ability to write in an articulate fashion.
• Students will understand the biblical worldview, apply it to an analysis of ideas, and create informed conclusions.

MATHEMATICS

PROGRAM OVERVIEW
Because the physical and biological worlds were created by God, they exhibit orderliness that can be understood and studied through mathematics. The mathematics department views the study of mathematics as a means of understanding God’s creation and using those findings in science and technology.

A degree in mathematics serves as preparation for careers in fields such as engineering, statistical research, computer science and education. Generally students with a mathematics degree will do graduate study in a specialized area before entering a career.

PROGRAM LEARNING OUTCOMES
• Students will apply effectively appropriate quantitative tools and logical modes of thinking to analyze and synthesize information in problem solving situations.
• Students will demonstrate mathematic concepts through modeling real-world situations.
• Students will communicate mathematical thought by writing a mathematical argument.
• Students will understand the meaning of a mathematical proof and why it is necessary.
• Students will apply appropriate technology to enhance their mathematical thinking and understanding, solve mathematical problems, and judge the reasonableness of their results.

MEDIA ARTS

PROGRAM OVERVIEW
Designed to help students excel in the growing marketplace of media and related arts, the Media Arts Program prepares Christian thought leaders to understand media as an aspect of God’s redemptive voice — to write, design and produce intelligent and aesthetically-rich media and to practice the skills necessary for advancement in the growing number of careers and ministries that require an artistic orientation.

Small class sizes, individual skills-coaching and faculty-supported internships enhance students’ understanding of the role their biblical worldview plays in connecting art and skill — a connection that promotes worship and wonder and a deeper relationship with the One whose art and skill created us. Through its efforts to encourage students to examine the relationship between the “redeemed human voice” and other voices in what philosophers have called the “global village,” the Media Arts curriculum encourages students to pursue studies in film and media centers like Los Angeles and Washington DC and abroad in Cameroon, Indonesia, Germany and other parts of the world.

Media Arts students develop portfolios through projects and internship experiences in area organizations.

PROGRAM MISSION AND VISION
The mission of the Media Arts Program is to prepare world citizens who think from a biblical worldview, strive for professional excellence, and pursue a life that glorifies God through engagement in the arts.

The vision of the program is to challenge students to pursue the active, creative and lifelong adventure of learning — of worshipping God and serving him through the study of the best of what it means to be truly human. We believe that education is more than courses and competency requirements — more than preparing for a career. We believe that education involves finding and using our redeemed human voice to make a difference in the world for Jesus Christ.

PROGRAM LEARNING OUTCOMES
• Students will carefully examine the media genres in their aesthetic, biblical, historical and social contexts.
• Students will use various audience-centered and honest styles to effectively communicate in writing.
• Students will use various audience-centered and honest styles to effectively communicate orally.
• Students will use various audience-centered and honest styles to effectively communicate visually.
• Students will use the academic content necessary for their profession and citizenship.

OCCUPATIONAL OPPORTUNITIES
Personal mentoring, small class sizes and faculty-supported internships enhance graduates’ prospects for pursuing careers and ministries in corporate communications; script, screen and organizational writing; editing; radio; television; video production; public relations; documentary production; graphic and web design; magazine production; and other developing occupations within the media-arts supported careers and ministries.

MUSIC

PROGRAM OVERVIEW
The mission of the music faculty is to help Christian students develop the biblical values, musical skills, and professional knowledge they need to serve our world effectively, representing Christ in life, ministry, and service.

The music department offers many opportunities for students in other majors to improve their musical skills. Our choirs, bands, and orchestra are open to students in any major. Private and group lessons are available for singers and for many different instruments. Music theory and other music classes are open to all students who meet the prerequisites.

MUSIC DEGREES
The music curriculum begins with a common core of courses for all music majors.

• The music education major prepares students for careers as classroom teachers in public or private schools, including Christian schools.
• The worship arts major equips students to lead music and worship in churches and other settings.
• The major in music performance prepares students to work as professional performing musicians and private teachers or to enroll in graduate studies.
• The general music major offers students a flexible program of study built on a solid foundation of musicianship; graduates from this program typically work in music ministry, teaching, accompanying, missions, etc.
• A minor in music offers several different tracks.

PROGRAM LEARNING OUTCOMES
• Students will develop a personal philosophy of what it means to be a Christian musician, based on biblical principles.
• Students will demonstrate technical skill and musicianship in their major performance areas.
• Students will demonstrate knowledge of the theoretical foundations of music.
• Students will demonstrate knowledge of the historical foundations of music.
• Students will demonstrate competence in supporting musical skills - piano proficiency.
• Students will demonstrate competence in supporting musical skills - aural skills.

Specific Department Requirements

Admission to the Music Program. Students who desire to study music as their major must complete a music major application and audition for admission to the music program. Application for a music scholarship may be made on the same form. If a student auditions for a music scholarship, the same audition may also be used for admission to the department.

Music Theory Placement Test: Entering music students, both freshmen and transfers, must take a music theory placement test online. This test establishes a student’s readiness to take MU 113 Music Theory I. Students with a weak grasp of music rudiments will take complete online preparatory study before taking MU 113 Music Theory I. A placement test will also be used to verify the skills of transfer students.

Ensembles: Music majors are required to participate in one or more performing ensembles each semester. Performing in the concert band, jazz band, concert choir, chamber choir, or orchestra will satisfy this requirement.

Performance Studies: All music majors need a primary performance area such as voice, piano, guitar, or some other instrument. Each music degree plan requires private study and performance in this area. During each music major’s development, the student must pass a jury advancement examination to demonstrate mastery of basic competence in this primary performance area. Passing this advancement exam is required for the student to study at the upper division (300) level. All music majors must study their primary instrument at least two semesters at the 300 level in order to graduate with a music degree; performance majors must study at least four semesters at the 300 and 400 level.

Musicianship Core: Passing the Musicianship Core indicates that a music major has completed the foundational studies in music and is ready to move into upper division studies. Passing the Musicianship Core is a prerequisite for some upper division courses but not all. The specific upper division courses are listed in the Music Student Handbook.
To pass the Musicianship Core, the student must have:
1. Piano Proficiency: The student must complete all piano proficiency requirements before being admitted to advanced standing. This should be accomplished by the end of the second year as a music major. Students prepare for this exam by taking keyboard classes or private piano lessons (if piano is their primary instrument). A list of requirements is listed in the Music Student Handbook
2. Applied Music Studies: The student must pass an advancement jury to be admitted to 300-level applied study in the primary instrument. A list of requirements is listed in the Music Student Handbook
3. Ensemble Participation: The student must participate satisfactorily in at least one large ensemble (choir/band/orchestra) every semester.
5. Grades: The student must have a grade point average above 2.0 and must have grades of C- or better in all music courses.

Final Project: A final project is required for every music major. This project could be a recital, a teaching experience, a worship leadership experience, or some other activity demonstrating the student’s mastery of the primary areas of musicianship studied during the preceding three years. The final project must be approved in advance by the music faculty. Performance majors will present both a junior and a senior recital as their final project.
PSYCHOLOGY

PROGRAM OVERVIEW

The Undergraduate Psychology degree at Corban University provides our students with a strong foundation in understanding the world we live in, what guides human behavior, and how we can live biblically and successfully. We teach students how to relate to research, investigate well, and think about people by understanding the whole person.

Each faculty member brings their unique set of skills and passions and abilities to the classroom and personal relationships with students. Each have unique gifts and training along with a combination of the following: certifications, specialties, state licensure, theological training, Seminary training, multiple Master’s degrees, and terminal degrees in their field. They aim to help students reach their goals in becoming counselors, teachers, medical professionals, missionaries, and strong in their future professions. Courses at Corban University incorporate the most up-to-date psychological research and theories. Our courses are interactive, engaging, and practical.

A major or minor in psychology can be a great value to students whom wish to combine this knowledge with studies from other disciplines such as ministry, business, communications, criminal justice, and education.

The Undergraduate degree in Psychology has two tracks providing an excellent preparation for ministry, careers in research, and future licensure. Graduates are well prepared biblically, theoretically, and practically for ministry, research, and a skill set for work and a successful graduate school experience.

DEGREE OPTIONS:
Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) in Psychology
This degree is designed for students who are interested in the clinical, social, developmental, cognitive, biological and/or research areas in graduate school heading towards an M.A., M.S., Ph.D., or Psy.D., as well as for immediate careers in psychology-related settings.

Bachelor of Arts (B.A.) or a Bachelor of Science (B.S.) in Pre-Counseling / Clinical Psychology
This degree is designed for students who are interested in becoming licensed counselors, or marriage and family therapists after completing graduate school, and/or working in ministry, social work, and hands-on work settings, as well as for immediate careers in psychology- and ministry-related settings.

PROGRAM MISSION AND VISION

Educating Christian students in the discipline of psychology and liberal arts, equipping them to be competent and compassionate Christ-like servant leaders in all of their life pursuits.

PROGRAM LEARNING OUTCOMES

• Students will be able to apply basic research methods, including research design, data analysis and interpretation.
• Students will be able to use critical and creative thinking, skeptical inquiry, and a scientific approach to apply psychological principles to personal, social, ethical, religious, and organizational issues informed from a biblical worldview.
• Students will develop insight into their own and others' behavior and mental processes and apply effective strategies for self-management, self-improvement, and self-care, as well as apply psychological principles to individuals, interpersonal, group, and societal issues.
• Students will be able to identify and apply basic knowledge of major concepts, theoretical perspectives, empirical findings, and historical trends in psychology, and to evaluate them from a Christian worldview.
• Students will value empirical evidence, tolerate ambiguity, act ethically, and recognize their role and responsibility as a member of society.

HOFF SCHOOL OF BUSINESS

UNDERGRADUATE PROGRAM

BUSINESS ADMINISTRATION

MASTER PROGRAM

MASTER OF BUSINESS ADMINISTRATION
HOFF SCHOOL OF BUSINESS

TRADITIONAL UNDERGRADUATE BUSINESS

BUSINESS ADMINISTRATION

PROGRAM OVERVIEW
The business program is designed for individuals who desire training and experience in the professional skills necessary to be successful leaders, managers, or workers in any enterprise, whether for-profit or not-for-profit. It emphasizes the application of a biblical world view to the decisions of economic commerce, management of people, and stewardship of resources. Students are supported in the expectation to strive to become effective decision makers, skilled verbal and written communicators, and spiritually mature leaders.

The Hoff School of Business (HSB) program builds on the foundation of a solid general education program that uses studies in the Bible and liberal arts to train students in communication and personal relationship skills within the framework of a biblical world view. Broad training in organization leadership and management skills, course work in specific disciplines, and internship opportunities prepare the student for success in their future roles in both the business community and local church.

For a student desiring to pursue an advanced degree in a related field, the general education and program core and specific discipline courses provide a solid base for acceptance and success in a graduate program.

Students majoring in business can choose specific programs of study in Accounting, Marketing, Leadership & Management or Sports Recreation Management. The Leadership & Management concentration allows students the flexibility to customize their degree program by completing a general core of business courses and selecting courses from a variety of business disciplines to complete the program. The HSB department also offers a Master of Business Administration degree. Information about the program can be found in the following section of the catalog.

The Sports & Recreation Management major prepares students to become athletic directors or assistant AD’s of high schools and colleges, managers or program directors at private clubs, YMCA’s, BOYS and Girls clubs, golf courses, and aquatic centers. Professional and College sports opportunities in marketing, game management, ticket sales exist. The major can also pursue graduate programs and develop specific skill sets such as athletic facility consultants, University assistant athletic directors for advancement/development, or marketing/promotion of athletic events.

PROGRAM LEARNING OUTCOMES
• Students will be able to integrate discipline, specific knowledge and skills into a complete business plan.
• Students will demonstrate foundational knowledge of the functional areas of business.
• Students will be able to analyze business problems using appropriate theories and techniques.
• Students will be able to communicate effectively in a professional context.
• Students will be able to work effectively in a team situation.
• Students will be able to articulate a biblical understanding of key business concepts.

MASTER OF BUSINESS ADMINISTRATION

PROGRAM OVERVIEW
The Hoff School of Business (HSB) Master of Business Administration is designed for Christians, emphasizing the application of a biblical worldview to the decisions of economic commerce, management of people, and stewardship of resources. Integrity is a theme that will run through the entire degree. The MBA utilizes both current business experience and case study methodology, challenging students to develop practical problem solving skills.

All students must complete at least one concentration. Completion of two concentrations requires a minimum of 42 total credits, and completion of three concentrations requires a minimum of 48 total credits).

PROGRAM MISSION AND VISION
To develop Christian business leaders who exemplify professional excellence and integrate a biblical worldview into their personal and professional lives for the glory of God. Our instruction is Bible-centered and is communicated in a caring environment that encourages scholarly and intellectual inquiry and Christ-like behaviors.

PROGRAM LEARNING OUTCOMES
- Students will demonstrate the ability to analyze and manage organizational problems and issues from a multi-disciplinary perspective.
- Students will be able to use technology and appropriate quantitative methods to make business decisions.
- Students will be able to communicate effectively in a professional context.
- Students will be able to demonstrate teamwork skills in geographically diverse situations.
- Students will be able to articulate a biblical understanding of key business concepts and make application to their workplace.

THE CORBAN MBA: MANAGEMENT CONCENTRATION
The Corban MBA, with a concentration in management, entails a common core of coursework. It also provides an opportunity to select from a variety of electives to meet educational and professional goals. These electives include areas such as Human Resources, Finance, Marketing, Entrepreneurship and more.

THE CORBAN MBA: NON-PROFIT MANAGEMENT CONCENTRATION
The Corban MBA, with a concentration in Non-Profit Management, is intended to train outstanding professionals committed to the success of non-profit agencies, governmental units, church organizations, and para-church organizations. The Non-Profit Management emphasis combines the common core coursework of The Corban MBA, as well as two specific non-profit elective classes and one additional elective of choice.

THE CORBAN MBA: HUMAN RESOURCES CONCENTRATION
The Corban MBA, with a concentration in Human Resources, is designed to prepare individuals for a career in human resources management. Electives are offered that lay the groundwork for pursuing certification such as the Professional in Human Resources (PHR) designation.

MBA ADMISSIONS

Admission Requirements
1. The successful candidate will:
2. Profess faith in Jesus Christ and live a consistent Christian lifestyle.
3. Have completed a Bachelors or Masters degree at an accredited institution with a minimum cumulative GPA of 3.00 or approval from the Dean of Business.
4. Have a minimum of three years full-time professional experience with a progression in responsibility.
5. A candidate may take the GMAT to compensate for the GPA and/or experience requirement. A minimum score of 500, or approval from the Dean of Business, is required.

Admission Procedures
To be considered for admissions, the potential candidate will:
1. Complete the Application for Admission. Respond to the appropriate admissions essays.
2. Remit Payment of $50 as a nonrefundable application fee.
3. Submit Reference Forms listed below. Evaluators who complete the form should send it to the Office of Professional Studies & Graduate Admissions.
   - Professional
   - Christian Character
4. Send official transcripts from the final undergraduate institution and any graduate coursework to the Office of Professional Studies & Graduate Admissions.
5. Provide evidence of professional experience in the form of a progression in responsibility by submitting a professional resume.
6. Complete the Graduate Management Admissions Test (GMAT).

Note: An applicant with at least a 3.0 cumulative undergraduate GPA and a minimum of four years full-time professional experience that shows a progression in responsibility, or a graduate studies degree, will not be required to take the GMAT

Admission Essays
The following short essays are included in the Application for Admission. Essay response provides insight into the degree to which the candidate meets admission requirements as outlined above. (2-3 paragraphs each)
1. Explain how you came to know Jesus Christ as your Savior, including the Scriptural basis for your salvation and what in your life indicates that you are walking with the Lord.
2. What do you believe are the characteristics of an effective Christian business leader?
3. What do you expect to gain from participation in The Corban MBA?

Admission Procedure of International Students
International students are subject to the admission policies of Corban University School of Business and to the regulations of the Immigration and Naturalization Service of the United States Department of Justice. An applicant who is not a citizen of the United States must meet the following requirements:
1. The applicant must submit all of the documents required of any new student, as listed under the Admissions Procedure. Transcripts of the student’s academic record submitted in a language other than English must be accompanied by a certified translation into English by World Evaluation Services. (www.wes.org)
2. The applicant must demonstrate proficiency in reading, writing, and speaking English by attaining a minimum score of 637-673 (paper test) or 110-120 (Internet) on the Test of English as a Foreign Language (TOEFL). We would also accept an equivalent score on a similar, approved test. The TOEFL code number for Corban University School of Business is 4956. This number should be entered on examination answer sheets. To report scores of tests previously taken, enter the code number on TOEFL Request Forms. An alternative to the TOEFL exam is the International English Language Testing System (IELTS). Applicants must attain a minimum score of Band 8-9. Outside of the United States, information regarding the tests may be obtained from American embassies and consulate offices of the United States Information Service. Students who are accepted with minimal language ability may be required to take formal training in English as a Second Language (ESL).
3. The applicant must submit a written guarantee that transportation costs to and from the United States and expenses while in attendance at Corban University School of Business will be underwritten. Copies of bank account records, other financial instruments, or letters of certification may be submitted for this purpose.
International students must maintain a full schedule of studies, which is defined as a minimum of six units per semester. The United States government will not grant permission for part-time employment until a student has completed one year of studies and can prove that his or her financial situation has changed. In most cases, permission is granted only for work that is a practical application of the area of study being pursued by the student. In no case may other activities be allowed to interfere with a student’s academic responsibilities.

The processing of an application usually takes several weeks. All application materials should be received by the Admissions Office by July 1 for the fall semester and by November 1 for the spring semester.

**Graduate Business Committee**
This committee meets monthly to discuss and approve all appeals.

Appeals to be reviewed by the Committee are due two weeks prior to the Committee’s meeting date, the second Tuesday of every month. Please submit appeals to the Dean of Business.

**Graduation Requirements**
To become eligible for the Master of Business Administration, the student must satisfactorily complete the following:
- All required courses in The Corban MBA.
- A minimum grade point average of 3.00 for the total graduate degree, with no more than six hours of grade “C+” or lower included (credits earned with a grade of “D+” or lower will not be applicable to the degree).
- Formal application for graduation.

Students who expect to complete all degree requirements must apply for graduation. Students are expected to apply for graduation during the semester prior to their anticipated finish of coursework (see deadlines in Academic Calendar). A $130 graduation fee must accompany the application. If the student wishes to participate in commencement ceremonies in May, additional fees may be necessary. To participate in commencement ceremonies, all requirements must be completed no later than the last full week before graduation. Please note that commencement ceremonies are only held in May, although degrees are awarded at the end of each semester.

**Readmission of Students**
To apply for readmission after an absence of one year or more, a student must complete a new application for admission.

**Time Limit**
All degree requirements must be completed within six years from the beginning of admission to the graduate program at Corban University in order to avoid loss of credit.

**Transfer of Credit**
Graduate work completed at other regionally-accredited institutions may be accepted in partial fulfillment of the requirements for The Corban MBA at Corban University and are subject to the following conditions:
- Transfer credit will not be allowed for any course in which the grade received was lower than a B.
- Students are permitted to transfer a total of nine semester hours of graduate work from another institution. Each request for transfer of credit will be considered on an individual basis.
- The value of the course content in relationship to the applicant’s degree program will be considered in the decision.

SCHOOL OF EDUCATION & COUNSELING

TRADITIONAL UNDERGRAD EDUCATION

PROGRAM OVERVIEW
The Education Program is designed to provide a foundation for leadership in educational service, both in public and Christian schools. Its courses are designed to give theoretical training, technical skills, and practical experience. The education faculty, serving as advisors to the students are committed to help them achieve the competencies necessary for a successful teaching experience. The Master of Science in Education is described, beginning on page 84.

PROGRAM MISSION AND VISION
We aim to prepare educators who will serve in their school community, strive for professional excellence, think from a biblical worldview, and pursue a life that glorifies God.

Corban University students are challenged to become learners, not just students. Learning is a process that is an active, creative, lifelong adventure. We believe that Christian students/teachers’ adventures need to be more than courses and competency requirements. A thorough foundation in God’s Word, in order to integrate it into their lives, is imperative. Our graduates are prepared for their first teaching job, but more importantly they are prepared for living. Most graduates accept jobs right out of college, and others continue their formal education in graduate school. In either situation, our graduates celebrate the adventure of learning and teaching.

PROGRAM LEARNING OUTCOMES
- The candidate will successfully complete a variety of field experiences that demonstrate the learning/teaching process by using engaging instructional strategies.
- The candidate will design learning experiences that show distinguished understanding of content knowledge. The candidate will successfully complete a variety of field experiences that show excellent understanding of content knowledge.
- The candidate will evaluate student data using a variety of formal and informal assessments and use the data to support student achievement in learning.
- The candidate will model professionalism, beliefs, values, and behaviors characteristic of a Christian educator from a biblical worldview.
- The candidate will use a variety of technology to enhance student learning.
- The candidate will manifest dispositions that shows the student values diversity, professionalism, interpersonal and intrapersonal awareness, and a positive outlook.

A FOUR-YEAR PROGRAM
Corban believes the ministry of the Christian teacher can and must find effective expression in both public schools and Christian schools. Moreover, in our mobile society, and with the changes that may come in one’s personal situation, it may be necessary for the teacher to be able to make the transition from one sphere of teaching to the other. Thus it is our desire to prepare teachers who will be well equipped to serve in both the public and private sectors of education.

The Music Education major is a four and one-half year program.

Upon completion of all Education Program requirements, students receive a B.S. degree from Corban University, recommendation for an Initial Oregon Teaching License from Oregon’s Teacher Standards and Practices Commission (TSPC), and an ACSI (Association of Christian Schools International) Teaching Certificate.

ADMISSION REQUIREMENTS TO THE EDUCATION PROGRAM
During the second semester of the sophomore year, each student will apply for “Admittance to the Corban Education Program”. The student will submit or complete the following:
1. An application for admittance to the education program.
2. Proof of passing the Essential Academic Skills Test (EAS), California Basic Education Skills Tests (CBEST), Pre-professional Skills Test (PPST) or Washington Education Skills Test-Basic (WEST-B).
4. Proof of a cumulative GPA of 2.6
5. A grade of C- or better in ED 102, ED 214, ED 222, and ED 232
6. Satisfactory completion of ED 111 requirements
7. Competence in communication (a grade ≥ C in EN 123 and CO 102)

Upon satisfactory completion of the above requirements, the Corban Education Committee will approve the applications, and a letter of acceptance will be sent to the student.

During the second semester of the junior year, each education major will be reviewed by the Corban Education faculty. At this point, each student must demonstrate that he/she has satisfactorily completed the majority of the content/professional education coursework and has met the following GPA requirements of the program:
1. Proof of a cumulative GPA of 2.75.
2. Proof of a cumulative GPA of 3.00 in the student’s major and in the professional education courses.

Upon a satisfactory review of the requirements by the education faculty, the student will be allowed to proceed to the final classes of the program, including student teaching.

Transfers
A student transferring into the CEP at the beginning of the junior year will have one (1) semester to meet the sophomore-level requirements. The student will be allowed to take second-semester junior-level classes only if all requirements are met.
TITLE II REPORT CARD INFORMATION
The following information is provided in compliance with Title II of the Higher Education Act.

Total number of students enrolled during 2009-2010  240

Total number of students in programs of supervised student teaching during academic year 2009-2010  30

**Number of supervising faculty who were:**
- Appointed full-time faculty in professional education  7
- Appointed part-time faculty in professional education, but full-time in the institution  1

Total number of supervising faculty during 2009-2010  12

Student/faculty ratio  2.5:1

The School of Education’s teacher preparation program is currently accredited by the Teacher Standards and Practices Commission of the State of Oregon. The program is NOT under a designation of “low-performing” by the State of Oregon.

Student Teaching Hours/week  40

Total Weeks  15

Total Student Teaching Hours Required  600

**Test Pass Rates:** Because passing of basic skills and subject matter tests is required for program completion in Oregon, the state pass rate is 100%. Those who do not pass the required tests are not considered to have completed the program and are therefore not eligible for Initial Teaching Licenses.
ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL) ENDORSEMENT:

PROGRAM OVERVIEW
The endorsement sequence comprises 4 core courses in ESOL/Bilingual theory and practice, and a 2-credit practicum.

A candidate for the Bilingual endorsement must also furnish evidence of proficiency in the designated foreign language. This may be with a passing score on the ACTFL Proficiency Test, by passing another second language fluency exam approved by program leadership or by evidence of prior experience.

GRADUATE PROGRAMS

GRADUATE EDUCATION

MASTER OF SCIENCE IN EDUCATION

PROGRAM OVERVIEW

This program is designed for educational professionals who plan to pursue a Master of Science in Education degree. The program contains four tracks: Curriculum and Instruction, ESOL Endorsement, Literacy, and Continuing Teacher License. Upon completion students will have articulated a biblical worldview and educational philosophy that informs their teaching and educational leadership. Through the thesis project students will also have the opportunity to find and apply relevant research to educational issues and use that research to inform their own teaching, leading and learning.

PROGRAM MISSION AND VISION

The conceptual framework for the professional programs in the Education Department provides an outline for operationalizing the mission of Corban University and of the School of Education and Counseling. Positive change is the centerpiece of the three intersecting elements of teaching for transformation, teacher leadership and community engagement. The framework provides direction for program vision, course planning and decision-making. The SOEC conceptual framework has been aligned with the InTASC standards and professional organization standards of practice. To develop educational leaders who address the needs in their school community, exemplify professional excellence and integrate a biblical worldview into their personal and public lives for the glory of God. Our instruction is Bible-centered and is communicated in a caring environment that encourages scholarly and intellectual inquiry and Christ-like servant leadership.

PROGRAM LEARNING OUTCOMES (4 – TRACKS)

Curriculum & Instruction Track
1. The candidate will write a Personal Philosophy of Education.
2. The candidate will differentiate between the various teaching and learning theories.
3. The candidate will write a thesis dealing with a relevant educational issue.
4. The candidate will demonstrate how important issues for educational leaders are informed by a Biblical worldview.
5. The candidate will develop strategies that can be used to address the needs of diverse populations.
6. The candidate will evaluate his/her philosophy of curriculum development and assessment to ensure effective student learning occurs.

ESOL Track
1. The candidate will write a Personal Philosophy of Education.
2. The candidate will differentiate between the various teaching and learning theories.
3. The candidate will write a thesis dealing with a relevant educational issue.
4. The candidate will demonstrate how important issues for educational leaders are informed by a Biblical worldview.
5. The candidate will develop strategies that can be used to address the needs of diverse populations.
6. The candidate will demonstrate appropriate and successful ESOL instruction.

Literacy Track
1. The candidate will write a Personal Philosophy of Education.
2. The candidate will differentiate between the various teaching and learning theories.
3. The candidate will write a thesis dealing with a relevant educational issue.
4. The candidate will demonstrate how important issues for educational leaders are informed by a Biblical worldview.
5. The candidate will develop strategies that can be used to address the needs of diverse populations.
6. The candidate will demonstrate appropriate and successful reading instruction strategies.
Continuing Teacher License Track (To be renamed based upon TSPC redesign of Oregon Teacher’s Licenses)

1. Develop and articulate a biblical worldview and educational philosophy that informs their teaching and educational leadership.
2. Demonstrate understanding of teaching and learning theories, and articulate their developing theoretical perspectives.
3. Be able to find and apply relevant research to educational issues and use that research to inform their own teaching and learning.
4. Demonstrate their knowledge of important issues for educational leaders and understand how those issues are informed by a biblical worldview.
5. Understand the complexity of cultural diversity and how it affects student learning and articulate strategies that can be used to address the needs of diverse populations.
6. Demonstrate leadership traits and skills in their current school setting to enact positive change in teaching and or community engagement.

### ENDORSEMENTS

**ESOL:** This program is for Oregon licensed educators. Candidates can either complete the 14-credit endorsement as a stand-alone program or as a track in the Master of Science in Education degree. The endorsement sequence comprises 4 core courses in ESOL/Bilingual theory and practice, and a 2-credit practicum. A candidate for the Bilingual endorsement must also furnish evidence of proficiency in the designated foreign language. This may be with a passing score on the ACTFL Proficiency Test, or by passing another second language fluency exam approved by program leadership or by evidence of prior experience.

**Reading Intervention Specialist:** This program is for Oregon licensed educators. Candidates can either complete the 14-credit endorsement as a stand-alone program or as a track in the Master of Science in Education degree. The endorsement sequence comprises 12 course credits in reading theory and practice and a 2-credit practicum.

**Continuing Teacher License:** This Program is for Oregon licensed educators. Candidates can complete courses as a track in the Master of Science in Education degree. The endorsement sequence comprises 9 semester credits in students, curriculum development and assessment, 3 graduate semester credits of electives and the compilation of a portfolio for 3 credits. There are several additional requirements for candidates to begin to pursue the CTL. Prospective candidates must

- Hold an Oregon Initial Teaching License
- Be a Corban MSEd student within the last 15 credits of MSEd degree
- Have completed at least five (5) years of full-time classroom teaching (PK-12), and
- Be employed currently as a full-time classroom teacher.
ADDITIONAL ADMISSION REQUIREMENTS
The successful candidate will:
• Profess faith in Jesus Christ and live a consistent Christian lifestyle.
• Have completed a Bachelor’s or Master’s degree program at an accredited institution with a minimum cumulative GPA of 3.00.

ADMISSION PROCEDURES
To be considered for admissions, the potential candidate will:
• Complete the Application for Admission. Respond to the appropriate admissions essays.
• Remit Payment of $50.00 as a nonrefundable application fee.
• Submit Reference Forms listed below. Evaluators who complete the form should send it to the Office of Professional Studies & Graduate Admissions.
  o Professional
  o Christian character
• Send official transcripts from the final undergraduate institution and any graduate coursework to the Office of Professional Studies & Graduate Admissions.
• Provide evidence of professional teaching experience, applicable experience and/or licensure by submitting a Professional Resume.

ADMISSION PROCEDURE OF INTERNATIONAL STUDENTS
International students are subject to the admission policies of Corban University School of Education and to the regulations of the Immigration and Naturalization Service of the United States Department of Justice. An applicant who is not a citizen of the United States must meet the following requirements:

1. The applicant must submit all of the documents required of any new student, as listed under the Admissions Procedure. Transcripts of the student’s academic record submitted in a language other than English must be accompanied by a certified translation into English by World Evaluation Services. (www.wes.org)
2. The applicant must demonstrate proficiency in reading, writing, and speaking English by attaining a minimum score of 637-673 (paper test) or 110-120 (Internet) on the Test of English as a Foreign Language (TOEFL). We would also accept an equivalent score on a similar, approved test. The TOEFL code number for Corban University School of Ministry is 4956. This number should be entered on examination answer sheets. To report scores of tests previously taken, enter the code number on TOEFL Request Forms. An alternative to the TOEFL exam is the International English Language Testing System (IELTS). Applicants must attain a minimum score of Band 8-9. Outside of the United States, information regarding the tests may be obtained from American embassies and consulate offices of the United States Information Service. Students who are accepted with minimal language ability may be required to take formal training in English as a Second Language (ESL).
3. The applicant must submit a written guarantee that transportation costs to and from the United States and expenses while in attendance at Corban University will be underwritten. Copies of bank account records, other financial instruments, or letters of certification may be submitted for this purpose.

International students must maintain a full schedule of studies, which is defined as a minimum of six units per semester. The United States government will not grant permission for part-time employment until a student has completed one year of studies and can prove that his or her financial situation has changed. In most cases, permission is granted only for work that is a practical application of the area of study being pursued by the student. In no case may other activities be allowed to interfere with a student’s academic responsibilities.

The processing of an application usually takes several weeks. All application materials should be received by the Admissions Office by July 1 for the fall semester and by November 1 for the spring semester.

CURRICULUM AND INSTRUCTION TRACK

PROGRAM OVERVIEW

This program is designed to address the needs of classroom teachers (not an endorsement). Candidates explore curriculum issues as they relate to the classroom and have the opportunity to take elective courses that would enhance their instruction and their understanding of the field of education.

REQUIRED COURSES

- ED534 Teaching the Diverse Learner (3)
- ED535 Curriculum Development and Evaluation (3)
- ED542 Assessment for Learning (3)
- Content Area Electives (6)
ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL) ENDORSEMENT AND TRACK

PROGRAM OVERVIEW

This program is for Oregon licensed educators. Candidates can either complete the 14-credit endorsement as a stand-alone program or as a track in the Master of Science in Education program. The endorsement sequence comprises four core courses in ESOL/Bilingual theory and practice, and a 2-credit practicum.

A candidate for the Bilingual endorsement must also furnish evidence of proficiency in the designated foreign language. This may be with a passing score on the ACTFL Proficiency Test, by passing another second language fluency exam approved by program leadership or by evidence of prior experience.

Upon completion of coursework and practicum, an ESOL endorsement candidate is required to pass the NES ESOL exam administered by Oregon Educator Licensure Assessments (ORELA). Corban University will then recommend the candidate for the endorsement to Teachers’ Standard and Practices Commission (TSPC) and the candidate applies directly to TSPC for the added endorsement to his/her license.

Note: Though there is a policy limit of six “track” credits transferable from another institution for ESOL and Reading (and nine Core credits). Students may transfer in up to 14 if they have completed an endorsement program with another institution. In these cases, however, the student must complete all Core coursework for the MSEd at Corban.

LITERACY TRACK AND/OR READING INTERVENTION SPECIALIST ENDORSEMENT

PROGRAM OVERVIEW

This program is for Oregon licensed educators. Candidates can either complete the 14-credit endorsement as a stand-alone program or as a track in the Master of Science in Education degree. The endorsement sequence comprises 12 course credits in reading theory and practice and a 2-credit practicum. Below is a listing of the courses that lead to the endorsement.

Upon completion of coursework and practicum, a Reading Intervention Specialist Endorsement candidate is required to pass the Praxis II Reading Specialist exam. Corban University will then recommend the candidate for the endorsement to Teachers’ Standard and Practices Commission (TSPC) and the candidate applies directly to TSPC for the added endorsement to his/her license. (If the candidate holds a Basic or Standard teaching license, he or she is eligible for the endorsement upon passing the exam and completing a practicum. The candidate applies directly to TSPC with no program recommendation required.)

Note: Though there is a policy limit of six “track” credits transferable from another institution for ESOL and Reading (and nine Core credits). Students may transfer in up to 14 if they have completed an endorsement program with another institution. In these cases, however, the student must complete all Core coursework for the MSEd at Corban.
CONTINUING TEACHING LICENSE AND TRACK

PROGRAM OVERVIEW

The Graduate Continuing Teaching License (CTL) Program is for Oregon licensed educators. Candidates can complete courses as a track in the Master of Science in Education program. The endorsement sequence comprises nine semester credits in students, curriculum development and assessment, three graduate semester credits of electives and the compilation of a portfolio for three credits. This track will be redesigned shortly in accordance with TSPC’s new licensure structure.

Added Endorsement or Authorization Only

Candidates are welcome to pursue an ‘Endorsement Only’ program, in which they complete all ESOL or Reading respectively. Candidates seeking to add an authorization level or core subject area endorsement to a current Oregon teaching license will work with an advisor to design an individualized program that aligns with TSPC regulations and the Corban University mission, for a minimum of six credit hours, which will include two credits of practicum.
GRADUATE TEACHER LICENSURE PROGRAM (GTL)

PROGRAM OVERVIEW

This program is designed for candidates who have an accredited bachelor degree but have not completed a course of study in education. Upon completion of the program, the candidate will be eligible for an Oregon Initial Teaching License. The program consists of 28 credits for Early Childhood and Elementary Authorization, Elementary and Middle Level Authorization, or Middle Level and High School Authorization. The following is a list of endorsements we currently provide for secondary licensure: Biology, Business, Language Arts, Mathematics, Music, Physical Education and Social Studies. A unique feature of Corban’s initial licensure program is that the candidate is provisionally enrolled in the Master of Science in Education program, and up to 12 credits can be used toward that degree. GTL program course schedules by semester are listed in Appendix A.

PROGRAM MISSION AND VISION

To develop educational leaders who address the needs in their school community, exemplify professional excellence and integrate a biblical worldview into their personal and public lives for the glory of God. Our instruction is Bible-centered and is communicated in a caring environment that encourages scholarly and intellectual inquiry and Christ-like servant leadership.

PROGRAM LEARNING OUTCOMES

- The candidate will write a Personal Biblical Philosophy of Education.
- The candidate will differentiate between the various teaching and learning theories.
- The candidate will demonstrate effective instructional planning, the use of teaching strategies that reflect an understanding of individual student differences.
- The candidate will design and implement assessment strategies that provide an analysis of the progress and needs of all students.
- The candidate will demonstrate characteristics of a teaching professional that include a collaborative mindset, ability to receive constructive criticism, and commitment to positive professional relationships.
- The candidate will design instruction that values the characteristics of academically and culturally diverse populations of students.

### NES Elem Assessments I/II

- ORELA Civil Rights Exam

### ORELA Civil Rights Exam

- Multiple Subjects Exam and Basic Content Area Praxis II
- (Pearson exams after Sept. 1, 2010)

The following courses will carry over from the GTL to the MSEd program (Curriculum/Instruction Track):

- Teaching the Diverse Learner: 3 credits
- Biblical Worldview in Education: 3 credits
- Theories of Learning and Teaching: 3 credits
- Up to three credits from methods courses: 3 credits

### ENDORSEMENTS

- Early Childhood – Elementary, Multiple Subjects
- Elementary – Middle Level, Multiple Subjects
- Middle Level – High School

### ADMISSION REQUIREMENTS

2. Have completed a Bachelor’s or Master’s degree program at an accredited institution with a minimum cumulative GPA of 3.00.
3. Have recent successful experience with K-12 students at the appropriate authorization age level, preferably in a school setting. If experience is lacking, the candidate may be denied acceptance or considered for Provisional Acceptance by fulfilling a 2 credit-hour practicum that would be arranged for the candidate to successfully complete before student teaching.
4. Pass the ORELA Essential Academic Skills test. If the application is complete except for score reports indicating passing scores on the EAS, the candidate may be considered for Provisional Acceptance. (CBEST or Praxis I are acceptable also, but EAS is preferred and recommended.)

5. Demonstrate competency in a subject area if seeking middle and/or high school level authorization. Candidates may demonstrate this in one of the following ways:
   a. Degree in subject or related field;
   b. Work experience in the field; or
   c. 30 semester hours in content area.

6. Have completed a total of 30 semester hours in the following multiple subject areas if seeking early childhood and elementary level authorization:
   a. Math
   b. Science
   c. Humanities or English or Communications
   d. Social Sciences and History
   e. Fine arts
   f. Human Performance

(Music experience and performance skills are additional admissions requirements for music teaching candidates. Applicants for music teaching licensure will be interviewed by music education faculty to determine content area expertise. The interview may include a performance audition.)

ADDITIONAL REQUIREMENTS FOR LICENSURE

Examinations. In addition to the ORELA/NES Essential Academic Skills tests required for admission (reading, writing and math), candidates pursuing early childhood, elementary or middle school authorizations are required to pass the NES Elementary Assessments, Subtests I and II. Middle School and High School candidates are required to pass all relevant content area NES Secondary Exams. All candidates must pass the ORELA PSCREE exam – Protecting Student and Civil Rights in Educational Environments – before student teaching.

Fingerprinting and Criminal History Background. All licensure candidates must be cleared through TSPC after submission of fingerprinting documentation and criminal history background forms. This process will be conducted early in the course of the GTL program and students will not be allowed to progress to student teaching until clearance is granted.

Human Development Coursework. TSPC requires that all licensure candidates have taken a course in childhood or adolescent or lifespan development, relevant to the age of students designated by the desired authorization levels. This course may be completed at any accredited higher education institution and may be completed prior to admission to Corban’s GTL program.

Technology Program Requirements
All students are required to use Microsoft Word as their word processing application, to be able to navigate online resources with reasonable fluency and to use their official Corban email account for all program communication. *Corban students will be eligible to purchase Microsoft Office at a discounted price.

ADMISSION PROCEDURES
To be considered for admissions, the potential candidate will:
• Complete the Application for Admission. Respond to the appropriate admissions essays.
• Remit Payment of $50.00 as a nonrefundable application fee.
• Submit Reference Forms listed below. Evaluators who complete the form should send it to the Office of Professional Studies & Graduate Admissions.
  ○ Professional
  ○ Christian character
• Send official transcripts from the final undergraduate institution and any graduate coursework to the Office of Professional Studies & Graduate Admissions.
• Provide evidence of recent successful experience with K-12 students at the appropriate authorization age level as well as other professional experience by submitting a Professional Resume, with additional information provided in the required admissions essays.
WASHINGTON RESIDENTS:
Prospective Washington State students are advised to contact the Office of the Superintendent of Public Instruction at 360-725-6320 or profed@k12.wa.us to determine whether this education program is approved for teacher certification or endorsements in Washington State. Additionally, teachers are advised to contact their individual school district as to whether this program may qualify for salary advancement.

MASTER OF SCIENCE EDUCATION & GRADUATE TEACHER LICENSURE POLICIES

Admission of Candidates

The Admissions Committee considers completed applications periodically in advance of each semester in which new students may start a degree or program of study. Following are the determinations that are made by the Admissions Committee and subsequently communicated to applicants in letter form.

Official Acceptance. The applicant meets Admission Requirements and is offered the opportunity to enroll as a student in an upcoming semester. No provisions for admission are issued with this determination.

Provisional Acceptance. The applicant meets admission requirements and is offered the opportunity to enroll as a student in an upcoming semester subject to certain prescribed provisions. The determination letter sent to the applicant will specify required provisions. Provisions for acceptance must be fulfilled prior to completion of the student’s first semester of coursework. If provisions are not fulfilled on a timely basis, the student will not be allowed to take additional courses until admission is complete and approved. Some provisions may be prescribed which must be fulfilled prior to enrollment in the first semester of classes. The provisionally accepted candidate must submit evidence that provisions have been fulfilled to the Office of Professional Studies & Graduate Admissions. After provisions have been fulfilled, a letter of official acceptance will be issued.

Declination. The applicant does not meet Admission Requirements and is not allowed to enroll as a student in an upcoming semester. Unless specified in the determination letter, declination does not preclude re-application at a future time if the applicant’s situation changes and an updated application can be submitted to demonstrate the candidate subsequently meets Admission Requirements.

Christian Scholarship Seminar (MSEd)

Master of Science in Education candidates are required to take Christian Scholarship Seminar (ED501) during the first semester of their program. Over the course of the semester the candidate will confer with a graduate advisor to discuss the policy and procedures of the program as well as plan the course of study to fit the specific needs of the candidate.

Exam Deficiency Policy (GTL)

1) If a candidate does not have all required exams passed at the end of student teaching, but ultimately passes the exam(s) less than a year after student teaching
   • Corban will submit the C-2 recommendation to TSPC when scores are received.

2) If the scores are received more than one year after student teaching, and if the candidate has been taking courses in the MSEd program since completing student teaching or if he/she has been teaching regularly at the relevant authorization levels
   • Corban will submit the C-2 recommendation when scores are received.

3) If the scores are received more than one year after student teaching and the candidate has neither continued in the MSEd nor been teaching regularly at the relevant authorization levels:
   • The candidate needs to take an additional 3 graduate credits of content area studies or pedagogy, or
   • 2 credits of supervised practicum.

4) If scores are received more than two years after student teaching, and if continuing in MSEd program, but not teaching or subbing regularly
   • The candidate needs an additional 2 credits of supervised practicum.

5) If scores are received more than two years after student teaching, and if he/she has been teaching regularly, but not
   continuing in the MSEd program
• The candidate needs an additional six graduate semester credits of relevant content or pedagogy instruction

6) If scores are received more than two years after student teaching, but the candidate has neither continued in the MSEd or been teaching regularly
• The candidate needs six additional graduate semester credits in relevant content or pedagogy, and
• 2 credits of supervised practicum

7) Scores received more than three years after student teaching any circumstances requires re-evaluation of program completion to include a minimum of 8 credits of additional coursework and a 2 credit supervised practicum.

See OARs 584-052-0010 (2) Applicants from Oregon approved programs must apply for licensure within three years following completion of their respective programs. If more than three years elapse before application is made, the candidate must qualify for recommendation under rules for licensure in effect at the time of application.

Duration of Study Limits
Graduate Teacher Licensure students have three years to complete all program requirements leading to Initial Teaching License. If student teaching is not completed within three years of entering the program, additional methods coursework will be required. Methods coursework to be considered for licensure requirements must be taken within three years of licensure recommendation. Decisions regarding specific courses and number of additional required semester credits will be made on an individual basis by the Director of Graduate Education and the Dean of Education. Recency of coursework and relevant teaching experience will be considered. The fingerprinting process required for student teaching by TSPC must be repeated and updated if not completed within two years prior to student teaching placement.

Master of Science in Education requirements must be completed within six years from the beginning of admission to the MSEd program without loss of credit for completed classes. This does not apply to candidates who have completed the Graduate Teacher Licensure program. Those candidates have four years upon completion of licensure requirements to enter the MSEd program, at which time all GTL coursework that applies to the MSEd requirements will be accepted and the candidate has four years in which to complete the remaining MSEd requirements. All decisions will be made on an individual basis by the Director of Graduate Education and Dean of Education based on recency of coursework and relevant professional experience. Graduate Teacher Licensure Students Entering MSEd Program Candidates admitted to the Graduate Teacher Licensure program are at that time provisionally admitted to the MSEd program, and may take MSEd coursework beyond licensure requirements. The following conditions apply to GTL students seeking to continue in the MSEd program:

If seeking to enter the MSEd program while still completing GTL requirements, the candidate will be officially accepted to the MSEd program upon completion of an admissions application with no fee and no letters of recommendation.
If seeking to enter the MSEd program within one year of completing the GTL program, the candidate will be officially accepted upon completion of an admissions application with no fee and no letters of recommendation.
If seeking to enter the MSEd program within two years of completing the GTL program, the candidate will be officially accepted upon completion of an admissions application with no fee, but letters of recommendation will be required.
If seeking to enter the MSEd program after an absence of two years, the candidate will be officially accepted upon completion of an admissions application including application fee and letters of recommendation.
If seeking to enter the MSEd program after an absence of four years or more the candidate is required to submit a complete application, including fees and letters of recommendation, and will be considered for acceptance with all new program applicants.

Current or former GTL students will be required to enroll in ED501 Planning Seminar the first semester after official acceptance into the MSEd program.

Graduation Requirements (MSEd)
To become eligible for the Master of Science in Education, the candidate must satisfactorily complete the following:
• Program of Study. All coursework must be completed according to a program of study defined and on file with the academic advisor during orientation and the Christian Scholarship Seminar, updated as needed with the advisor and consulted for degree audit purposes the semester before expected degree completion. All courses must be completed within the Duration of Study Limits policy articulated elsewhere in the Academic Bulletin.
• Presentation of Thesis. The penultimate step to graduation is the formal presentation of the research thesis to the
education faculty. Though this will be incorporated into ED602 requirements, it is meant to be an academic community event, so other education students may be in attendance. Local students will be expected to come to campus at a designated day and time for the presentations, and distance students will arrange a telephone or video conference call with at least two faculty who have read and evaluated the thesis.

- A minimum grade point average of 3.00 for the total graduate program, with no more than six hours of grade “C” included. (Any course in which a grade below “B-” is earned must be retaken.)
- Formal application for graduation. Candidates who expect to complete all degree requirements must apply for graduation. To participate in commencement ceremonies, all requirements must be completed no later than the last full week before commencement.

Online Courses
The MSEd program can be completed entirely online, or students may choose to take some courses face-to-face (F2F). Many MSEd courses are offered in both formats, while most are offered only online. Candidates in the Graduate Teacher Licensure program (GTL) are required to take a significant portion of courses F2F, but there are also online options for some courses in this program. A course matrix is available to current students describing when all courses will be offered and in what format.

Readmission of Candidates
Candidates absent from the GTL or MSEd program for one year or less are not required to apply for re-admission. They will meet with the program advisor to determine a continuing program plan. To apply for readmission after an absence of one year or more, a candidate must complete an Application for Admission and return it to the Office of Graduate Admissions. The following additional factors and conditions apply for candidates absent from the program for more than one year:
- Returning after one year but within two years the candidate will be re-admitted upon submitting an application for admission with no application fee and no letters of recommendation required.
- Returning within three years the candidate will be re-admitted upon submitting an application for admission, including the application fee and letters of recommendation.
- After a three year absence the candidate is required to submit all admissions application documentation and fees and will be considered for admission as a new student to the program – though any coursework completed within six years of original admission can be included as fulfillment of MSEd requirements.
- All other Duration of Study Limits apply as described in that section of the Academic Bulletin.
- All admissions requirements as described in this Bulletin apply to any request for re-admission.

Registration
Graduate students register themselves using the online Student Information System, and they may register for courses beginning on the day of Open Registration according to the calendar in this bulletin.

Student Teaching (GTL)
The required student teaching experience for graduate teacher licensure candidates is a minimum of 15 weeks, full-time in the schools. This will most often be divided between two placements, referred to as 1st authorization and 2nd authorization. The 1st authorization placement will be approximately 10 weeks, and the 2nd authorization will be approximately 5 weeks. (For example; 2nd grade for 10 weeks and 5th grade for 5 weeks, or middle school for 5 weeks and high school for 10 weeks).
The following requirements must be met before one begins the student teaching experience:
- All coursework completed with a cumulative GPA of 3.00 and no more than 6 semester hours of a grade below “B-“. Any course in which a student receives a grade lower than a C must be retaken before student teaching.
- Placement application submitted to the teacher education secretary no later than the first month of the semester (September or January) prior to the student teaching experience.
- This is typically completed as part of the requirements for Instructional Alignment II
- Passing score on CBEST (must pass before being admitted to program)
- Passing score on the Multiple Subjects Exam and/or Praxis II content area test if required for licensure.
- Documented classroom experience that satisfies this requirement.

Summer Schedule
During the academic year (fall and spring semester) courses are taught online or in the evening or on the weekend. This is done to facilitate candidates’ busy work and teaching schedules. In the summer, courses are offered online or on campus from June through August. These courses are referred to as two week intensives. These courses meet 5 days a week for two weeks in evening hours. Precise dates for specific courses are posted early each spring semester.
Thesis Requirement (MSEd)

Definition of a Thesis: A position or proposition that a person advances as a candidate for scholastic honors and offers to maintain by argument.

All candidates for the Master of Science in Education degree at Corban University will write a Thesis Paper addressing an educational issue relevant to their professional goals. Foundations for the Thesis will begin as students consider topics of interest to them while they are taking MSEd coursework. They will then identify a specific focus area and probable guiding questions during the first course in the research sequence. The Thesis Paper will include an extended literature review of relevant research and other academic or professional literature, a synthesis of the research, a discussion of the biblical worldview impact on the topic and a concluding proposition or recommendation (thesis). Study and writing for the Thesis Paper will be included in the research sequence, ED601 and ED602. Candidates not finishing their Thesis by the end of the semester will be required to take one credit of Thesis work each semester until completed or withdrawing from program.

Transfer of Credit

Graduate work completed at other regionally-accredited institutions may be accepted in partial fulfillment of the requirements for the initial teaching license or the Master of Science in Education at Corban subject to the following conditions:

- Transfer credit will not be allowed for any course in which the grade received was lower than a B-.
- Candidates are permitted to transfer a total of nine semester hours of graduate work from another institution to replace core coursework requirements. Additionally, they may transfer in a total of six semester hours of graduate work to fulfill elective or track requirements.
- Graduate credit completed in another institution’s licensure program cannot be used to satisfy elective credit in the Master of Education program.
- Each request for transfer of credit will be considered on an individual basis. The value of the course content in relationship to the applicant’s program will be considered in the decision.

Waiver of Required Courses

Courses required for completion of the Graduate Teacher Licensure program may be waived based on similar graduate or undergraduate courses taken at Corban or another higher education institution. Decisions will be made on an individual basis by the advisor and Director of Graduate Education. Undergraduate courses applied to GTL requirements in this way will NOT be counted as graduate credit toward the MSEd.
CLINICAL MENTAL HEALTH COUNSELING DEPARTMENT
MASTER OF ARTS IN COUNSELING

PROGRAM OVERVIEW

The Master of Arts in Counseling (MA) in our Clinical Mental Health Counseling Department has been designed with a common core of coursework to meet the needs of students pursuing a master’s level clinical mental health counseling degree. The program of study is designed for Christians and emphasizes the application of a biblical worldview to the professional practice of counseling. Christian ethical principles and theological principles are the themes that run through the program. Interactive materials are used to engage students in each course, culminating with on-site practical experience and supervision in the counseling field. This will challenge students to develop professional problem solving skills with a Christian lens throughout the program.

The clinical mental health counseling program is approved by the Oregon Board of Licensed Professional Counselors and Therapists (OBLPCT). The program, includes a 100 clock hour Practicum and a 600 clock hour Internship at a Clinical Mental Health setting. Corban requires an additional six credits in theology for a total of 60 semester hours in the MA counseling degree.

The graduate program is built on the cohort model. Graduate students in the clinical mental health counseling program will be required to attend class or supervision sessions on the Corban campus once a week throughout entire degree sequence. Additional coursework will be completed online.

PROGRAM MISSION AND VISION

The mission of the Clinical Mental Health Counseling Program is to train professional counselors guided by biblical principles to promote the cultural, social, psychological, and physical well being of individuals, families, communities, and organizations. We prepare professional leaders who stand for social justice, demonstrate multicultural awareness, and serve as change agents and advocates.

PROGRAM LEARNING OUTCOMES

- Candidates will be able to articulate a counseling framework that includes demonstrating various psychotherapeutic orientations in order to develop an effective therapeutic relationship and deliver supervised clinical skills to both individuals and groups.
- Candidates will be able to develop and exhibit a professional identity as a counselor including effective self-evaluation and modeling professional, ethical, and legal practices.
- Candidates will articulate a theological framework that demonstrates the ability to integrate biblical principles; an awareness of spiritual issues impacting clients and the ability to develop a theory of persons including spiritual, physical behavioral, and psychological aspects.
- Candidates will demonstrate awareness of differences among people and seek to understand others from a diversity of backgrounds.
- Candidates will be prepared to begin the licensure process to become a Licensed Professional Counselor (LPC) and/or a National Certified Counselor (NCC) after graduation from the program.

### THE LICENSURE PROCESS

Individuals with an earned Master of Arts in Counseling degree through the Clinical Mental Health Counseling Program may apply to the Oregon Board of Licensed Professional Counselors and Therapists to become licensed professional counselors (LPC). The licensure process includes submitting graduate transcripts and documentation of clinical experience, passage of the National Counselor Examination (NCE) or the National Clinical Mental Health Counselor Examination (NCMHCE), and continued clinical supervision for the equivalent of about two years of full-time counseling experience, a total of 2400 hours. For more information, students may visit the Board’s website at [www.oblpct.state.or.us](http://www.oblpct.state.or.us). Students interested in pursuing an LPC should contact the Oregon Board of Licensed Professional Counselors and Therapists, 3218 Pringle Road SE #160, Salem, OR 97302, (503) 378-5499.

The process is handled entirely by the Oregon Board of Licensed Professional Counselors and Therapists. The Counseling Program, while maintaining an interest in its graduates and desiring to be supportive of Program graduates working toward an LPC, has no other involvement in the licensure process other than to release documentation of clinical hours earned during the Program to the board. In the course of the Program at Corban University, any information from the Board will be made available to students, and every effort will be made to assist students in making inquiries to the Board. Specific questions should be directed to the licensure Board.

Students interested in professional licensure in a state other than Oregon should consult the appropriate board responsible for licensure in that state.

ACADEMIC POLICIES

The Clinical Mental Health Counseling Department strives to uphold the highest standards academically and professionally. Students are expected to maintain a grade point of 3.0. A grade below a B- is not acceptable in the Clinical Mental Health Counseling program. Therefore, any student receiving a grade of a C must retake the course and will need to develop a plan of action as detailed in the evaluation and retention section of the Student Manual.

Students are expected to conduct themselves honestly. Corban University’s goal is to nurture integrity and character development. In response to academic dishonesty, a plan of action will be developed according to the evaluation and retention section of the Student Handbook.

Practicum
The practicum consists of numerous skill building experiences culminating in a clinical mental health setting. Students begin skill building with CN501 Counseling Theory & Skills I in the fall and CN502 Counseling Theory & Skills II in the spring. Students will participate in role-plays in class and will progress to audio and videotaped role-plays with classmates. Students must also complete CN535 Psychopathology-Diagnosis, CN537 Ethical and Legal Issues, CN531 Foundations of the Profession, and CN521 Intro to Family Counseling before beginning Practicum.

In the second year fall semester students will complete CN512 Practicum. The practicum student has a chance to gain experience, develop competencies, integrate learning, and realize personal and professional growth under the guidance of a clinical supervisor. The practicum student is expected to demonstrate an increase in designated skills as the experience progresses. In addition to the opportunity to put counseling skills into practice, practicum offers the unique opportunity for the integration of experience and theoretical knowledge. Students must complete 100 clock hours that include: 40 hours direct client service, one hour weekly individual supervision, and 1.5 hours weekly group supervision. Students may not complete Practicum in a setting where they are currently employed.

Internship
After successful completion of CN512 Practicum sequences, students begin their internship. The internship sequence (CN561-563) is designed to reflect the work experience of a professional counselor. Students select potential internship sites in the community based on an area of interest and level of skill and experience, in consultation with the faculty advisor. Students may not complete Internship in a setting where they are currently employed. Students will complete 600 clock hours including: 240 direct hours of service, one hour weekly individual supervision (typically offered at internship site), and 1.5 hours of group supervision. Interns have the opportunity to observe and participate in all aspects of a professional counselor’s work. Experience may include time spent with clients, supervision, staff meetings or trainings, community relations, and record keeping. The internship is the culminating professional experience.

Counseling Requirement:
Counseling students are expected to participate as clients in an individual counseling experience and to provide written verification of at least 10 sessions during the time they are enrolled as graduate students. This requirement recognizes the value of such an experience in the continuing development of self-awareness and personal identity. It is also based on the belief that first-hand experience as a client bridges the gap between intellectual and emotional understanding of the client experience. Students will participate in individual counseling with a qualified counselor or mental health provider approved by the faculty advisor. This therapeutic experience should focus on personal growth and awareness rather than specific skills training. Students may not consider any program faculty as resources to fulfill this requirement. Clinical Mental Health Counseling faculty may be able to provide a list of local counselors.

A verification form can be found in the Student Manual. Specifics of the counseling relationship will be kept confidential between student/client and counselor in accordance with the ethical guidelines of the American Counseling Association (ACA).

Graduation Requirements
To become eligible for graduation the student must satisfactorily complete the following:

- All required courses in program of study
- A minimum grade point average of 3.00 for the total graduate program
- Formal application for graduation:
  - Students who expect to complete all degree requirements must apply for graduation. Students are expected to apply for graduation during the semester prior to their anticipated finish of coursework. (See deadlines in Academic Calendar)
  - A graduation fee must accompany the application. The fee is set by the Registrar’s office. If the student wishes to
participate in commencement ceremonies in May, additional fees may be necessary. To participate in commencement ceremonies, all requirements must be completed no later than the last full week before graduation.

Completion of Personal Counseling.
Completion of Portfolio as outlined in the Student Handbook.

Readmission of Students
To apply for readmission after an absence of one year or more, a student must complete an Application for Readmission and return it to the Office of Graduate Admissions.

Time Limit
All degree requirements must be completed within six years from the beginning of admission to the graduate program at Corban University without loss of credit for completed classes.

Transfer of Credit
Graduate work completed at other regionally-accredited institutions may be accepted in partial fulfillment of the requirements for the Master of Clinical Mental Health Counseling Program at Corban University subject to the following conditions:
Transfer credit will not be allowed for any course in which the grade received was lower than a B.
Students are permitted to transfer a total of 12 semester hours of graduate work from another institution.
Each request for transfer of credit will be considered on an individual basis.
The value of the course content in relationship to the applicant's program will be considered in the decision.

ADMISSIONS
Applicants are sought from a variety of groups and cultures within society. Admissions policies and procedures are designed to foster the identification and selection of all prospective students who possess: the potential for Master level work in counseling; consideration for the applicant’s potential success in forming effective and culturally relevant interpersonal relationships in individual and small group contexts; each applicant’s career goals and their relevance to the program.

The successful candidate for admissions will:
1. Profess faith in Jesus Christ and live a consistent Christian lifestyle.
2. Have a minimum cumulative GPA of 3.00. Applicants with an undergraduate cumulative GPA of less than 3.00 (2.99 and below) will not be considered for an interview until evidence of an ability to complete graduate level academic work is submitted. The following are acceptable options of documentation:
a. Completion of six credits as a non-degree seeking student in Corban University’s Clinical Mental Health Counseling Program;
b. Completion of 6 graduate credits transferred from an accredited institution;
c. Completion of undergraduate credits at the 300–400 level from an accredited institution.
3. Have an earned Bachelor’s degree from a regionally accredited institution.
4. Successfully complete the application essays and admission interviews. The submitted application essays and interviews are factored into the admit score by the Clinical Mental Health Counseling Department.

Admission Procedures
1. Complete the application for admission.
2. Remit payment of $50.00 nonrefundable application fee.
3. Submit recommendation forms listed below. Evaluators who complete the form should send it to the Office of Professional Studies & Graduate Admissions.
a. Professional
b. Christian character
4. Send official transcripts from your final undergraduate institution and transcripts with any graduate coursework to the Office of Professional Studies & Graduate Admissions.
5. Provide a professional resume documenting education and experience.
6. Submit to a criminal background check prior to starting classes.
7. Complete the following admissions essays.
Please answer the following with approximately 500 words each.
• Explain how you came to know Jesus as your Savior, including the Scriptural basis for your salvation and what in your life indicates that you are walking with the Lord.
• What do you believe are the characteristics necessary for a Christian to be an effective professional counselor?
• How will the Corban Counseling Program help you accomplish your professional and personal goals?
• Applicants must submit a criminal background check prior to acceptance to the Program. A packet of forms is available from the Graduate Admissions Office.

ADMISSION PROCEDURE OF INTERNATIONAL STUDENTS
International students are subject to the admission policies of Corban University and the Clinical Mental Health Counseling Program and to the regulations of the Immigration and Naturalization Service of the United States Department of Justice. An applicant who is not a citizen of the United States must meet the following requirements:

1. The applicant must submit all of the documents required of any new student, as listed under the Admissions Procedure. Transcripts of the student’s academic record submitted in a language other than English must be accompanied by a certified translation into English by World Evaluation Services. (www.wes.org)
2. The applicant must demonstrate proficiency in reading, writing, and speaking English by attaining a minimum score of 637-673 (paper test) or 110-120 (Internet) on the Test of English as a Foreign Language (TOEFL). We would also accept an equivalent score on a similar, approved test. The TOEFL code number for Corban University School of Ministry is 4956. This number should be entered on examination answer sheets. To report scores of tests previously taken, enter the code number on TOEFL Request Forms. An alternative to the TOEFL exam is the International English Language Testing System (IELTS). Applicants must attain a minimum score of Band 8-9. Outside of the United States, information regarding the tests may be obtained from American embassies and consulate offices of the United States Information Service. Students who are accepted with minimal language ability may be required to take formal training in English as a Second Language (ESL).
3. The applicant must submit a written guarantee that transportation costs to and from the United States and expenses while in attendance at Corban University will be underwritten. Copies of bank account records, other financial instruments, or letters of certification may be submitted for this purpose.

International students must maintain a full schedule of studies, which is defined as a minimum of six units per semester. The United States government will not grant permission for part-time employment until a student has completed one year of studies and can prove that his or her financial situation has changed. In most cases, permission is granted only for work that is a practical application of the area of study being pursued by the student. In no case may other activities be allowed to interfere with a student’s academic responsibilities.

The processing of an application usually takes several weeks. All application materials should be received by the Admissions Office by July 1 for the fall semester and by November 1 for the spring semester.

General Guidelines and Conditions for Admission into the Counseling Program
The Clinical Mental Health Program faculty has adopted the following specific principles and conditions for admission and retention in the program:

1. Applicants are sought from a variety of groups and cultures within society. Admissions policies and procedures are designed to foster the identification and selection of all prospective students who possess the potential for Master level work in counseling—to the extent of looking beyond the more traditional criteria when advisable and possible.
2. Applicants are sought who have demonstrated a commitment to the profession of counseling and to the specific counseling areas emphasized at Corban through interest, preparation, and experience.
3. The Clinical Mental Health Counseling Faculty has the responsibility for the selection of Masters’ Candidates and has established admission criteria consistent with and in excess of those of Corban University.
4. Counseling students enrolled in the Master’s Degree are required to participate as clients in an individual or group counseling experience. On-going student emotional and psychological well-being is paramount for continuation in the program.
5. The faculty of the Clinical Mental Health Counseling Program subscribe to the ethical standards of the American Counseling Association (ACA). Consistent with these standards, students may not independently offer mental health diagnosis, counseling, or consultation services, either gratis or for remuneration. If it should come to the attention of the faculty that a student is offering such services, a committee appointed for this purpose will conduct an investigation of the student’s activities. The committee will present its findings and recommendations to the staff for decision on retention of the student in the program.
6. If accepted to the Clinical Mental Health Counseling Program, Applicants must complete a criminal background check prior to starting classes.

SCHOOL OF MINISTRY
TRADITIONAL UNDERGRADUATE SCHOOL OF MINISTRY

PROGRAM OVERVIEW
The School of Ministry provides students with the biblical and theological values, skills and knowledge necessary for starting a lifetime of personal growth and Christian service. This includes training ministry majors to begin an effective lifelong vocational ministry.

The ministry major builds on the foundation of our general education core. The values, skills and knowledge acquired in this core are deepened, enhanced and expanded to meet the needs of successful ministry today. The ministry major is a two-tier design. The first tier provides the common competencies required in any fruitful ministry. The second tier focuses on the abilities unique to particular ministry fields. For those students with specific ministry goals not addressed in the standard ministry majors, the division offers a specialized ministry program that allows students to develop an individualized major with the guidance and approval of an academic advisor.

The Biblical Studies concentration provides in-depth study and training in the academic fields of Bible and Theology.

The Intercultural Studies concentration prepares students to understand, engage and minister to people in a variety of cultural contexts within the United States and around the world. Areas of study include the biblical basis for mission, intercultural intelligence and competence, language acquisition, as well as strategies to address contemporary geo-cultural realities and religious worldviews. Included in the Intercultural Studies program is a Bible Translation concentration in partnership with the Canada Institute of Linguistics.

The Pastoral Ministries concentration is for students seeking full-time Christian service as a pastor or a member of a pastoral staff. The training in pastoral courses focuses on a philosophy of shepherding and care, meeting people’s needs by discipling them in the Word, and communicating the truths of Scripture from the pulpit.

The Women’s Ministries concentration is designed for students who will be serving in a paid or volunteer position in local churches, parachurch organizations or community agencies. Courses provide biblically-based leadership training and practical experience in preparing women to be effective as they identify and use their gifts in serving.

The Student and Family Ministries concentration endeavors to present an informed view of the joys, challenges, and responsibilities associated with student and family ministry. Emphasis is placed on understanding American culture, developing the competencies expected of an excellent Minister, studying contemporary models of ministry, as well as investigating a Biblical theology of ministry, and developing one’s own philosophy of ministry.

For students concerned about education debt, Corban offers two accelerated programs that shorten the time and reduce the tuition needed to complete a bachelor’s and master’s degrees. The Fast Track program allows Corban students to finish a ministry bachelor’s and M.A. degree in five years or a bachelor’s and M.Div. degree in six years. The Kairos program is a cooperative program with Western Seminary that allows a student to complete a Corban bachelor’s and a Western Seminary M.Div. degree.

PROGRAM LEARNING OUTCOMES
• Students will demonstrate an advanced working knowledge of the Bible and the skills for personal in-depth study.
• Students will be able to articulate a biblically defensible theology that appreciates our Baptist heritage and addresses current issues.
• Students will exemplify growing Christian character and biblical readiness for productive ministry.
• Students will manage their personal lives through effective planning, prioritizing and problem-solving.
• Students will be able to articulate and implement a biblically based and culturally relevant ministry philosophy.
• Students will practice a preaching and teaching ministry characterized by accuracy and impact.
• Students will manifest a caring shepherd’s heart that ministers to people with compassion and skill.

GRADUATE SCHOOL OF MINISTRY

PROGRAM OVERVIEW

Corban University School of Ministry educates Christians to understand, model, and communicate biblical and theological truth and equips them for effective ministry in the church and the world.

The academic programs of Corban University School of Ministry are designed to facilitate the mission which is to educate Christians who will make a difference in the world for Jesus Christ.

PROGRAM MISSION AND VISION

Corban University School of Ministry serves as an extension of the Church in the plan of God. This conviction is driven by the belief that the Church is essential to the carrying out of Christ’s worldwide mission. This worldwide mission is accomplished through local churches, parachurch and other types of organizations.

The School of Ministry recognizes that no dichotomy should exist between systematic and practical theology. The biblical and theological messages must be internalized by students and subsequently implemented through service to contemporary society.

In the field of practical theology the integration of doctrine and practice finds its greatest expression. The School of Ministry attempts to equip its students to be leaders in the worldwide mission through evangelizing, preaching, teaching, and shepherding ministries. Whether the graduate serves as a pastor, missionary, youth pastor, chaplain, worship leader, teacher, evangelist, community leader, or lay-leader, every effort is made to send out well-balanced individuals who are capable of communicating the Word of God with conviction and clarity, and of ministering to the needs of people with love and effectiveness.

Students enrolled in the School of Ministry are challenged to worship and glorify God, to nourish their souls with His Word, to fellowship with Him through prayer, to evangelize the lost, and to edify the saints. This challenge demands a personal relationship with Jesus Christ which includes the practice of a daily quiet time, a walk by faith, the cultivation of the fruit of the Spirit, confession of sin, and a genuine surrender to the known will of God.

MASTER OF ARTS: CHRISTIAN LEADERSHIP

PROGRAM OVERVIEW

The Master of Arts in Christian Leadership is designed to prepare graduates to serve in a variety of leadership positions in ministry and community organizations including associate pastors, non-profit managers, parachurch leaders, Christian school teachers, and community service leaders. The degree has a total of 52 credits and consists of a Bible/Theology and Christian Ministry core (37 credits) and a choice of three concentrations (15 credits): Spiritual Formation, Non-profit Leadership, and Christian Teaching.

PROGRAM MISSION AND VISION

The Master of Arts in Christian Leadership is designed to prepare graduates to serve in a variety of leadership positions in ministry and community organizations. The goal is to provide students a strong theological base with three versatile tracks. Though not recommended for those seeking senior pastor roles, it gives excellent training for associate positions, teaching roles and community jobs.

PROGRAM LEARNING OUTCOMES

• Students will be able to understand the Bible and accurately interpret the Bible within its historical, cultural, and, geographical background.
• Students will be able to explain, defend, and consistently apply Christian theology and biblical worldview within any cultural context.
• Students will be able to articulate and live out a biblical theology of spiritual transformation.
• Students will apply learned ministry leadership practices that reflect biblical principles and are informed by contemporary theory and practice.
• Students will be able to communicate Scripture clearly and accurately in both public proclamation and private counsel.
• Students will be able to communicate the gospel and its relevance effectively to those in their ministry and vocational circles.
• Students will be able to locate, evaluate and synthesize information from a wide variety of sources for improving biblical and theological thinking and practice.

Prospective Washington state students are advised to contact the Office of the Superintendent of Public Instruction at 360-725-6275 or proofed@k12.wa.us to determine whether this program is approved for teacher certification or endorsement in Washington State. Additionally, teachers are advised to contact their individual school district as to whether this program may qualify for salary advancement.

OCCUPATIONAL OPPORTUNITIES

The Master of Arts in Christian Leadership trains graduates to be effective in many leadership roles including associate pastors, non-profit managers, parachurch leaders, Christian school teachers, and community service leaders.

MASTER OF DIVINITY

PROGRAM OVERVIEW

The Master of Divinity is designed to train ministers who will serve as senior pastors, teaching pastors, missionaries, church planters and similar vocations. The degree has a total of 85 credits and consists of a Bible/Theology and broad ministry core (64 credits) and a choice of two concentrations (21 credits): Church Ministry and Biblical Languages.

The Master of Divinity provides depth of study in Bible and theology as well as the additional training in cross-cultural awareness, counseling and ministry philosophy. The church ministry track provides the educational base to pursue a Doctor of Ministry degree. The biblical language track provides the educational base to pursue a Doctor of Philosophy degree.

PROGRAM MISSION AND VISION

The Master of Divinity equips its students to be leaders in the worldwide mission through evangelizing, preaching, teaching, and shepherding ministries. Every effort is made to send out well-balanced individuals who are capable of communicating the Word of God with conviction and clarity, and of ministering to the needs of people with love and effectiveness.

PROGRAM LEARNING OUTCOMES

- Students will be able to understand the Bible, accurately interpret the Bible within its historical, cultural, and geographical background, utilizing original languages.
- Students will be able to explain, defend, and consistently apply Christian theology and biblical worldview within any cultural context.
- Students will be able to articulate and live out a biblical theology of spiritual transformation.
- Students will design and convey a philosophy of ministry that is informed by Scripture and culture.
- Students will be able to communicate Scripture clearly and accurately in both public and private ministry settings.
- Students will be able to communicate the gospel and its relevance effectively to those in one’s culture as well as to those of other cultures.
- Students will be able to locate, evaluate and synthesize information from a wide variety of sources for improving biblical and theological thinking and ministry practice.

OCCUPATIONAL OPPORTUNITIES

The Master of Divinity prepares the graduate to serve in a wide array of ministries, including as a pastor, missionary, youth pastor, chaplain, worship leader, teacher, evangelist, church planter or community leader.

SCHOOL OF MINISTRY MASTERS LEVEL ACADEMIC POLICIES

ACADEMIC LOAD
A full-time load is 6 – 15 credit hours per semester. If students desire to carry more than the full-time load, they must receive special permission from the Faculty advisor and Registrar.

AUDITING A COURSE
A student who is auditing a course must complete an Audit student application for each course they wish to audit. Students may enroll in a course for non-credit according to the following guidelines:
1. There must be space available in the class.
2. The instructor of the course must give their consent.
3. Audit students are not expected to submit assignments. Faculty are not required to give feedback on written work of students auditing courses.
4. They may change a course from credit to non-credit (audit) during the first four weeks of the semester. In such a case there is a processing charge of $25.00 and no refund of tuition unless the change is made prior to the close of registration.
5. The student is responsible to complete all required coursework and actively participate in the class.

DEGREE PROGRAM CHANGES
A student who desires to switch from one degree program to another must complete a Change of Program Form. If permission is granted to switch from one degree program to another, the student must meet all the requirements in the new degree program. Students adding a second program will be subject to the policy governing the completion of multiple degrees.

GRADUATION REQUIREMENTS
To graduate with a degree from the School of Ministry, the student must satisfactorily complete the following:
1. All required courses in relevant degree.
2. A minimum grade point average of 3.00 for the total graduate degree. Required courses with grade D+ or lower must be retaken.
3. Formal application for graduation.

Students who expect to complete all degree requirements must apply for graduation. Students are expected to apply for graduation during the semester prior to their anticipated finish of coursework (see deadlines in Academic Calendar). The graduation fee must accompany the application. To participate in commencement ceremonies, all requirements must be completed no later than the last full week before graduation. Please note that commencement ceremonies are only held in May, although degrees are awarded at the end of each semester.

REPEATING A COURSE
If a student receives a grade of “D+” or lower in a course required for graduation, the course must be repeated. A student may also repeat such a course if a “C+”, “C”, or C- was received. Only the second grade and its respective grade points will be used in the overall grade point calculation shown on the official transcript.

SCHEDULED EXAMINATIONS
Students are expected to complete an examination at the scheduled time. A fee of $25 will be assessed students who take an examination late. If an examination is missed without prior arrangement, in addition to the late fee, the examination score may be reduced.

TRANSFER CREDIT POLICY
Corban University School of Ministry may accept credits from regionally and nationally accredited institutions approved by CHEA (Council for Higher Education Accreditation). Exceptions to this policy will be made on a case-by-case basis. The following rules govern the transfer of credit:
1. A student must be accepted by the university before the registrar will consider requests for course credits to be transferred.
2. No more than 50% of the total credit hours required in a program may be transferred from another institution. The final 20 semester hours must be taken in residence at the School of Ministry.
3. Courses must be completed with a minimum of a B- (2.7) grade. Acceptable credits earned in another institution are
4. The decision to approve transfer of credits will be based on similarity of course content, final judgment being made by a comparison of course syllabi.
5. Course work from non-accredited institutions will be considered on a case by case basis.
6. A student who is enrolled at the School of Ministry may take courses elsewhere and have those credits transferred to the University. This will require approval by the Registrar before the course is taken. In such cases, the Registrar will consult with the Dean, but the registrar will make the decision on whether or not the credits may be transferred.
7. Transfer of credit applies only to degree programs. No transfer credit will be granted for non-degree status students.

See Doctor of Ministry Program for Academic Policies

SCHOOL OF MINISTRY MASTERS ADMISSIONS POLICIES

Corban University seeks to accept only students who desire God’s leading in their lives. Prospective students should desire to develop their spiritual lives and skills for ministry in order to be prepared for any ministry to which God may lead.

Corban University admits students of any gender, color, national and ethnic origin to all the rights, privileges, programs, and activities generally accorded or made available to students at university. Corban University does not discriminate in the administration of its admission and education policies, financial scholarships, and aid programs.

ACADEMIC PREPARATION

Applicants must have earned a baccalaureate degree from an accredited institution to be admitted into one of the graduate degree programs. Others with adequate academic qualifications may enroll in one of the certificate programs or as nondegree students.

ADMISSION PROCEDURE

In order to register at Corban University, an Application for Admission must be filed with the Office of Admissions regardless of classification or number of courses taken. Applicants will not be officially accepted for admission to the School of Ministry until this office has in its files:

1. The Application for Admission form completely filled out, including the applicant’s personal testimony;
2. References from a pastor, educator or employer, and a friend;
3. An official transcript from every college and/or graduate school attended, whether or not credits are to be transferred, sent directly from the institution(s) concerned to the Office of Admissions of Corban University School of Ministry;
4. A $50.00 Application Fee.

The Admissions Committee reviews each application only after all data have been received. When all records have been completed satisfactorily, the applicant will be sent a letter indicating the decision of the Admissions Committee. Students are assigned faculty advisors who assist them in formulating their programs of study. All faculty members are available for general counseling.

ADMISSION PROCEDURE OF INTERNATIONAL STUDENTS

International students are subject to the admission policies of Corban University School of Ministry and to the regulations of the Immigration and Naturalization Service of the United States Department of Justice. An applicant who is not a citizen of the United States must meet the following requirements:

1. The applicant must submit all of the documents required of any new student, as listed under the Admissions Procedure. Transcripts of the student’s academic record submitted in a language other than English must be accompanied by a certified translation into English by World Evaluation Services. (www.wes.org)
2. The applicant must demonstrate proficiency in reading, writing, and speaking English by obtaining a minimum score of 637-673 (paper test) or 110-120 (Internet) on the Test of English as a Foreign Language (TOEFL). We would also accept an equivalent score on a similar, approved test. The TOEFL code number for Corban University School of Ministry is 4956. This number should be entered on examination answer sheets. To report scores of tests previously taken, enter the code number on TOEFL Request Forms. An alternative to the TOEFL exam is the International English Language Testing System.
(IELTS). Applicants must attain a minimum score of Band 8-9. Outside of the United States, information regarding the tests may be obtained from American embassies and consulate offices of the United States Information Service. Students who are accepted with minimal language ability may be required to take formal training in English as a Second Language (ESL).

3. The applicant must submit a written guarantee that transportation costs to and from the United States and expenses while in attendance at Corban University School of Ministry will be underwritten. Copies of bank account records, other financial instruments, or letters of certification may be submitted for this purpose.

International students must maintain a full schedule of studies, which is defined as a minimum of six units per semester. The United States government will not grant permission for part-time employment until a student has completed one year of studies and can prove that his or her financial situation has changed. In most cases, permission is granted only for work that is a practical application of the area of study being pursued by the student. In no case may other activities be allowed to interfere with a student’s academic responsibilities.

The processing of an application usually takes several weeks. All application materials should be received by the Admissions Office by July 1 for the fall semester and by November 1 for the spring semester.

ADVANCED STANDING, COURSE WAIVER AND DUAL CREDIT POLICY

Students who have obtained through their undergraduate work equivalence in competency with graduate level work may be eligible for advanced standing or a course waiver. Competency will be assessed by the Dean of the School of Ministry in conjunction with the Registrar.

Upon the demonstration of competency, up to and including 21 semester hours of advanced standing or waivers may be applied to the M.Div. degree and up to and including 13 semester hours to the M.A. degree. If advanced standing is granted, the student will receive graduate credit for approved upper-division undergraduate work. If a course waiver is granted, the student will have specific course requirements waived, but no graduate credit granted.

In addition to the advanced standing and course waiver credits, Corban upper classmen undergraduates may take dual-credit graduate courses from the School of Ministry. These graduate courses may be used to meet undergraduate degree requirements as well as graduate requirements.

CHRISTIAN CHARACTER

Applicants for admission must testify that they are personally trusting in Jesus Christ as Savior and are endeavoring to live in submission to the will of God as manifested in obedience to the Word of God. Standards of Christian conduct required of students at Corban Graduate School of Ministry are set forth in the Student Handbook.

COMPLETION OF MULTIPLE DEGREES

Students wishing to complete more than one graduate degree at the School of Ministry may do so with the following conditions:

- All program requirements in both degrees must be met.
- No more than 50% credits used to meet the requirements of the second degree can also have been used in the first degree. At least 50% of the total hours required in the second degree are not needed for the first degree.

DOCTRINAL AGREEMENT

Applicants must testify that they are in agreement with the following foundational Christian doctrines:

- that Scripture is inspired by God and therefore is authoritative and inerrant
- that the God of the Bible is the only true God
- that there is one God in three equal persons (Father, Son, Spirit)
- that Christ is true God and true human
- that the human race is completely spiritually depraved
- that Christ died as a substitutionary sacrifice to atone for sin
- that Christ bodily rose again
- that salvation is received by faith alone in Christ alone
- that Christ will bodily return to the earth to reign
While students must adhere to the basic doctrines above to be admitted and graduate, each member of the faculty affirms full agreement with our entire doctrinal statement.

**DUAL CREDIT COURSES**
Undergraduate students at Corban University may enroll in certain courses which have been designated as Dual Credit courses. These are courses which are taught at the graduate level which will count towards the student’s undergraduate degree. Should the student choose to enroll in a graduate program in the SOM, the student will not be required to complete the Dual Credit course at the graduate level. Students may not have more than 14 Dual credit hours for an M Div and 8 semester hours for an MA.

**FAST TRACK PROGRAM**
Students enrolled in Corban University may enroll in the BS in Ministry Fast Track program. This program allows students to complete their BS in Ministry and M.Div. in six years or their BS in Ministry and MA in Christian Leadership in five years. More information is in the School of Ministry, Undergraduate section of the University catalog.

**POLICY FOR ADMISSION OF NON-BACCALAUREATE STUDENTS**
Students who have not earned an accredited baccalaureate degree may be admitted as non-degree students. If they subsequently complete their baccalaureate degree, they may apply for a degree program.

**UNDER-GRADUATE EDUCATION RECOMMENDATIONS**
Students who plan to apply for admission to Corban Graduate School of Ministry are encouraged take college courses which provide for an understanding of people and nature, an acquaintance with the culture and ideas of contemporary society, and the ability to communicate clearly and accurately in the English language. Undergraduate programs should include courses in English grammar, composition, literature, speech, general philosophy, logic, psychology, natural science, and history - especially ancient and world history. These courses provide a solid base for effective graduate studies in ministry.

**READMISSION TO THE SCHOOL OF MINISTRY**
Students who do not register for two consecutive semesters must apply for readmission before enrolling again. The regular application form must be updated along with transcripts of additional work taken elsewhere. Students are subject to the requirements of the catalog and its programs in force at the time of re-matriculation.

DOCTOR OF MINISTRY PROGRAM

PROGRAM OVERVIEW

The Doctor of Ministry Program is a post-graduate professional degree designed to help ministry leaders integrate biblical and theological truth with disciplined reflection and ministry praxis. Building upon the foundation of the Master of Divinity degree or other comparable theological degrees, the D.Min. program provides students the opportunity to undertake advanced study in personal and ministry formation. Under the guidance of reputable faculty with expertise in the area of their instruction, students interact with peers, engage in broad reading, and develop and implement new initiatives in their ministry contexts. Individuals engaged in vocational or bi-vocational ministry including senior pastors, associate pastors, teachers, counselors, chaplains, missionaries, agency heads and leaders of parachurch organizations will benefit appreciably from the program. Corban University’s D.Min. program consists of 30 credit hours taken through six modules (24 credits), three thesis-project seminars (3), and a thesis-project (3).

PROGRAM LEARNING OUTCOMES

- Students will be able to advance their personal and professional development within the context of their current ministry.
- Students will be able to implement new models of ministry for enhanced effectiveness in areas pertinent to their primary context of service.
- Students will articulate a theology of spiritual formation based on God’s transforming grace.
- Students will be able to apply learned ministry leadership practices that reflect biblical principles and are informed by contemporary theory and practice.
- Students will be able to assess the effectiveness of personal and corporate leadership practice within their ministry.
- Students will be able to use research skills in their chosen fields of ministry.

Students’ progress and growth in the program will be evaluated through pre-residency course work, module projects within the participant’s ministry context, the advisement process, the thesis-project and the oral defense.

FACULTY

The faculty for the D.Min Program will include a primary cohort instructor, a secondary instructor—the D.Min. Director, and guest lecturers. Dr. Gary McIntosh will be the primary instructor over the modules. Dr. Leroy Goertzen, as the D.Min. director, will administrate the program and serve as a secondary instructor. Instruction will also be facilitated by guest lecturers.

PROGRAM COMPONENTS

At CUSM, the Doctor of Ministry program consists of six modules and three seminars designed to be taken sequentially over three years. It includes a two-week residency each of these three years during which two intensive courses (modules) and one thesis-project seminar are taught.

1. Pre-Residency Studies
   Starting in January, approximately six months before each residency, students will begin work in preparation for the residency modules including extensive reading and various writing projects. Students should plan to devote approximately 12 hours per week in preparation for the residency.

2. Residency Modules
   Each year, typically in June, students will attend two weeks of classes including two modules and one thesis-project seminar. A one day thesis-project seminar will be included in either of these two weeks.
3. **Post-Residency Projects**
   Following each of the residencies, students will complete a major project for each of the modules and seminar as described and outlined in the course/seminar syllabi. Students will have up to October 15 to complete the post-residencies projects.

**Program Limitations**

The CUSM Doctor of Ministry program is intended to be completed in five years; three years for the modular course work and two years for thesis writing. The maximum time allowed for completion is six years.

**Program Structure**

1. **YEAR ONE RESIDENCY - Exploring Personal Dimensions of Leadership**
   
   **Week One**
   - The Spiritual Life of a Leader (M – Th)
   - Thesis-Project Seminar I & III (F)

4. **YEAR FOUR**
   Thesis-Project Writing

5. **YEAR FIVE**
   Thesis-Project Writing Continuation

6. **YEAR SIX**
   Thesis-Project Writing Continuation
DOCTOR OF MINISTRY ACADEMIC POLICIES

ACADEMIC POLICIES
Though faculty advisors are assigned to assist each student in successfully pursuing a course of study, ultimate responsibility for compliance with academic policy and graduation requirements rests with the student.

ACADEMIC PROBATION
Students who receive a grade below a “B-“ in any two of their residency weeks will be placed on academic probation and be required to meet with the program director to assess their academic progress. A written plan will be submitted to the program director by the student detailing their plans to improve academic performance.

Academic probation will be lifted when the student completes two consecutive modules with a “B” average.

Removal from the Program:
Students may be required to withdraw from the program on the basis of their inability to maintain academic standards. Students who receive three grades below a “B-“ will be excused from the program. Students may also be required to leave the program because they are no longer able to meet entrance requirements, such as, being engaged in vocational ministry. Students who have been excused from the program will not be readmitted.

ACADEMIC PROGRESS
A student’s academic progress in the program is monitored closely through the quality of his/her work as assessed by the visiting professors and the D.Min. Director. Course work is graded by the visiting professor of each module in accordance with the requirements of their syllabi.

ACADEMIC YEAR
The Doctor of Ministry Program operates on a schedule that follows the calendar year, beginning in January and ending October 15. Pre-residency work is done between early January and May 31; the two-week residency takes place in June; post-residency work commences immediately following the residency through October 15.

ATTENDANCE
Due to the brevity and intensity of the modular format, students may not miss more than 4 hours of class-time in any given module during the residency. The one day thesis-project seminars must be attended in their entirety. Recording class-time lectures does not substitute for personal presence in the classroom.

AUDITING COURSES
Doctor of Ministry modules may be audited by three classes of individuals: 1) Corban University graduate students, 2) ministry professionals, and 3) CUSM D.Min. students who are in their thesis-project stage or who have graduated. CUSM D.Min. graduates may audit one module per year tuition-free.

Due to the nature of D.Min. modules, auditing students are considered full classroom participants and are thus required to fulfill the reading component of the pre-residency assignments.

Auditing D.Min. modules is dependent upon available space and the final discretion of the D.Min. Director. Individuals interested in auditing a D.Min. module should contact the D.Min. Director for specific details.

DROPPING AND ADDING MODULES
Students are encouraged to register for both modules in any given residency. Due to personal or professional crises, students may request to drop a module. Such a request must be made in writing to the director of the program prior to the due date of the pre-residency assignments for that module.

Students who have received permission from the D.Min. Director to register for one module may submit a request to add a second module. The request can only be granted if 1) it is made within 6 weeks of the pre-residency assignments due-date, 2) the student is not on probation, and 3) there is adequate reason to believe that the student’s situation will support the added academic load.
GRADE REQUIREMENTS

D.Min. students are required to maintain a 3.0 grade point average to remain in good standing in the program. A grade less than a “B-” for any course will result in that student being placed on probation. An additional grade below a “B-” will result in the need to reassess the student’s continuation in the program. This will be done by a committee made up of the D.Min. Director, the Academic Dean and the Registrar.

GRADING SCALE

Grades in the doctoral program follow the traditional A – F scale used in the undergraduate and graduate programs of Corban University. In the D.Min. program, however, any grade below a B- is considered grounds for academic probation and possible dismissal from the program.

GRADUATION REQUIREMENTS

To graduate from the School of Ministry’s D.Min. program, the student must complete satisfactorily the following: All modular and seminar coursework and the thesis-project including the project presentation prior to graduation. (Students applying for graduation without having completed all coursework may have graduation postponed until all program requirements are met; a minimum GPA of 3.0; settlement of all financial obligations to the university; formal application for graduation.)

INCOMPLETES

An incomplete grade (I) is a temporary grade given when students are unable to complete the work for a course on time because of extraordinary circumstances, such as illness, emergency, or other reasonable causes. On rare occasions, an incomplete grade may be given due to the inability of a visiting professor to complete the grading process on time because of circumstances beyond his/her control.

To be considered for an incomplete grade, students must be passing the course, have completed the pre-residency course work and have attended the residency class-time. If the incomplete work has not been received by the final registration date for the upcoming year (November 30) or whatever time the professor and D.Min. Director agreed to, the instructor will assign a contingency grade, which will become the final grade.

Students who know they will be unable to complete the module assignments on time must petition the D.Min. Director for additional time. A contract will be established with the D.Min. Director, which includes an appropriate completion date and any grade reductions.

REGISTRATION AND PAYMENT OF FEES

Registration for D.Min. modules will open on October 15 of each year. Students already in the program will be automatically re-enrolled in the modules and thesis-project seminar offered for the upcoming year. A D.Min. fee of $200 will be added to the cost of tuition. (Please note that tuition and fees are subject to change.) No refunds will be granted following the close of registration.

TRANSFER CREDIT POLICY

Up to 12 hours of D.Min. credit, representing three modules/courses, may be transferred into the program from other accredited seminaries. Exceptions to this policy will be considered by the D.Min. Director and the Registrar’s office. The transfer of courses is subject to the approval of the D.Min. Director and Registrar based upon their relevance to CUSM’s program emphasis and structure, and whether the courses represent a comparable level of academic and professional quality. Students requesting credit transfers should do so at the time of admission to the program. If requested after admission is approved, permission for transfer is subject to the decision of the program director and the Registrar’s Office.

DOCTOR OF MINISTRY ADMISSION POLICIES

ADVANCED STANDING

Because the D.Min. program is a post-graduate degree that builds successively year by year, advanced standing is not typically given. This includes credit for life and ministry experience and a wide variety of vocation-related training seminars and programs. Certain advanced-training, such as CPE units offered by the military will be considered on a case-by-case basis. The
maximum number of modules for which advanced standing will be given is one.

ADMISSION PROCEDURES
In order to register at Corban University School of Ministry, an Application for Admission must be completed with the Office of Admissions. The Application includes:

1. A completed Application for Admission form;
2. An official transcript from the college at which the student earned their undergraduate degree, and the school from which the student earned their graduate degree, sent directly from the institution(s) to the Office of Professional Studies & Graduate Admissions;
3. Resume;
4. References from a member of the student’s leadership board, ministry colleague, and friend;
5. A completed Faculty Recommendation form;
6. A completed Ministry Organization Endorsement form;
7. A graduate-level research paper;
8. A $50.00 Application Fee.

The Admissions Committee reviews each application only after all data have been received. When all records have been completed satisfactorily, the applicant will be sent an email and a letter indicating the committee’s decision. The Director of the D.Min. program serves as the faculty advisor for all students and is available to offer assistance in all matters pertaining to the program.

COURSE SUBSTITUTIONS & EXEMPTIONS
The nature of the CUSM Doctor of Ministry program does not allow for course substitutions and exemptions.

PRE-DOCTORAL EDUCATION
The Doctor of Ministry program is designed to build upon three foundational fields of study: Christian Thought/Theology, Biblical Studies/Languages, and Christian Ministry. Students planning to apply for admission to the D.Min. program should have or seek to acquire a well-rounded education in these fields—something most Master of Divinity programs provide.

WITHDRAWAL FROM AND READMISSION TO THE PROGRAM
Students may voluntarily withdraw from the program at anytime but are subject to whatever financial policies are in force regarding tuition and fee reimbursements.

Withdrawal from the program may include a one year leave of absence. The program’s design requires students to register for modules each year. Students who have begun the D.Min. program but who are unable or fail to register for the following year’s modules will be required to take a one-year leave of absence from the program and pay the program continuation fee. A leave of absence does not extend the six-year maximum length of the program. A student who is absent from a residency without having been approved for a leave of absence will be removed from the program.

Students who have withdrawn from the program on a leave of absence may re-enter the program with the understanding that they will be subject to the current academic catalog, policies and pricing.
SCHOOL OF PROFESSIONAL STUDIES

BUSINESS ADMINISTRATION

PSYCHOLOGY
SCHOOL OF PROFESSIONAL STUDIES

PROGRAM OVERVIEW
Traditionally, college education has been available only to those who were able to spend several years away from work and usually away from home. The School of Professional Studies (SPS) offers online adult degree completion programs which allow busy professionals to earn a bachelor’s degree.

The School’s two online degree programs are designed for adults at least one year from high school graduation who want to complete an undergraduate degree online. The Business and Psychology programs utilize Corban’s intranet course management system for weekly class discussion and small group interaction. The accelerated eight-week courses and part-time to full-time options provide maximum flexibility. Credits may be granted for work experience, prior schools or trainings, CLEP tests and military credit.

Business
The business program emphasizes the application of a biblical worldview to the decisions of economic commerce, management of people and stewardship of resources. The program provides broad training in organizational leadership and management skills, as well as coursework in specific disciplines prepares you for success in your future roles in both the business community and local church.

Accounting Concentration
This program delivers a well-rounded business degree that focuses on the technical aspects of financial management. Coursework covers areas such as tax preparation, corporate accounting and personal finance.

Leadership & Management Concentration
This degree is ideal for people who are passionate leaders, communicators, employees, employers, non-profit developers, community organizers or business owners.

Marketing Concentration
The field of marketing provides training and opportunities to communicate the look, voice and brand of a company or ministry. Graduates are prepared to reach the right audience with the right message for effective marketing and brand management.

Psychology
The psychology program is mirrored after Corban University’s successful and widely respected traditional undergraduate program. Students in the program study the fundamentals of psychological theory, research and practice. Their course of study is consistently informed by and integrated into a biblical worldview. The program offers two concentrations which prepare learners to take on responsibilities as leaders within their chosen field or to make a successful career change:

Family Studies Concentration
Graduates are prepared to work in human services occupations, including a wide variety of positions in agencies or organizations, such as case manager, rehabilitation specialist, or career counselor. Family Studies graduates are also prepared to work as church staff in family ministries positions.

Pre-Counseling/Clinical Concentration
Graduates are prepared to attend graduate school in preparation for work as professional counselors or psychologists.

PROGRAM MISSION AND VISION
The mission of the School of Professional Studies (SPS) is to assist adults in personal, professional and spiritual development, equipping them to make a positive difference in their community. The vision of SPS is to produce servant leaders committed to the Lord Jesus Christ, who strive for godliness and excellence in all areas of life.

ADMISSION REQUIREMENTS FOR THE SCHOOL OF PROFESSIONAL STUDIES
Corban University is committed to delivering the highest academic standards with a foundation in the Word of God. We are dedicated to seeing you succeed personally and professionally. Part of that success is finding the right place to complete your degree. Successful candidates for Corban's online programs will:

- Profess faith in Jesus Christ and live a consistent Christian lifestyle.
- Demonstrate the writing competency to function successfully at a bachelor degree level.
- Corban recommends a college GPA of 2.0 for students bringing in transfer credits, or a high school GPA of 2.7.
- Have one year of life, work or college experience since graduating high school.
- Submit faith statement.
- Submit an online application and $50 application fee.
- Official transcripts from all previously attended colleges.
- Submit the Christian Character Reference Form.

GRADUATION REQUIREMENTS
1. Completion of 129 semester hours. A minimum of 30 semester hours must be taken at Corban.
2. D grades in the major courses will not count toward the major. Students must receive a C- or above to count toward their major.
3. The student must complete 51 semester hours of general education in the general education disciplines. These credits may be earned through college courses, transferred credit or credit by exam.
COURSE DESCRIPTIONS

COURSE NUMBERING SYSTEM

Courses are designated by numbers that reveal their difficulty and sequence.

Course Numbering Key:

- Courses numbered 80-99 are non-baccalaureate level and are not acceptable for a bachelor’s degree.
- Courses numbered 100 through 299 are considered lower-division courses (freshman and sophomore years).
- Courses numbered 300 through 499 are considered upper-division courses (junior and senior years) and intended for undergraduates.
- Courses numbered 491-493 are generally special topics courses.
- Courses numbered 500 through 799 are graduate courses.
- Courses numbered 800 through 899 are doctoral courses.
- Courses numbered at the 900 level are reserved for professional development courses.

Courses offered during the School of Professional Studies session may reflect a different number because the credit value may be different. In most cases, courses online will have a SP suffix. For example BA131 would become BA131SP.

Corban provides opportunities for students to pursue a study of special interest under the guidance of competent faculty members. These courses are usually designated by numbers 491-493. Registration for these studies must be filed during regular registration periods.

Courses offered in the honors program will have an H suffix. For example, PH399H would be Philosophy Honors.

Courses generally offered alternate years are indicated with (Alt).

UNDERGRADUATE COURSES (TRADITIONAL)

ANTHROPOLOGY

AN303 Cultural Anthropology (3)
This course involves a study of theories and methods of modern anthropology, and the cultures and peoples of our world. The anthropological study of mankind includes an examination of the worldview, characteristics, relationships, patterns, dynamics and growth of representative cultures. The underlying perspective for this course is that a biblical world view of culture, society and anthropology applies to all cultures but is not bound or limited by any particular culture. (Fall)

AN491-493 Special Topics in Anthropology (1-3)
Focused studies on specific issues in anthropology. Requires instructor and department approval.

ART

AT131 Introduction to Drawing I (1)
Provides individualized instruction in practical drawing skills designed for the beginner. Introduces fundamental gesture, contour, and value approaches to drawing, utilizing a variety of monochromatic media. Covers lectures, demonstrations, and training in traditional methods of representing shape and space on a two-dimensional surface.

AT141 Introduction to Drawing II (1)
Covers basic drawing skills of observation, selection, representation, perception, and hand-eye-mind coordination. Emphasizes composition and the understanding of visual form, and introduces style as a means to personal expression. Prerequisite: AT131.
AT241 Intro to Photography (1)
This course will familiarize the student with basic photographic principles through the study of 35mm camera technology. The student will learn about color theory, film types, exposure technique and control, artistic composition, lighting, focus, depth-of-field, shutter speed, aperture settings, lenses, filters, close-up photography, mounting and matting photographs, and the purpose and effect of basic photographic accessories. This introductory course approaches the medium of photography as an art form, as a unique means of human communication, and as a technical skill steeped in both math and science. Both technical and aesthetic content are emphasized to strengthen the visual communication of the photographs.

AT251 Intro to Digital Photography (1)
This course will familiarize the student with basic digital photographic skills. Students will learn how to use digital photographic equipment including cameras, scanners, computers, editing and publishing software, etc. Specific editing skills will include cropping, orientation, contrast, levels, curves, color correction, restoration, layout, annotation, proofing and printing.

AT251SP Introduction to Digital Photography (1) (SPS)
This course provides both entry-level and intermediate camera users with a review of principles of photographic composition, features of contemporary digital cameras and an understanding of how they can be applied to achieve a wide range of specific photographic effects. Learning will be assessed by means of field project photographs posted in the online classroom. School of Professional Studies. Offered as needed.

AT301-303 Practicum or Internship (1-3)
Individual student practicum or internship under the leadership of a qualified faculty member with approval of the Department of Humanities chair. Offered on demand.

AT491-493 Special Topics in Art (1-3)

AT334AMAM Art History of the Western World (3)
This course will introduce students to a semester’s worth of the history of art in Western culture from its beginnings to present day. The students will learn about the various eras’ worldviews and philosophies and how those influenced the creation of art through the ages. Christians sometimes fear art, fear looking at art and studying it. In this course, students will learn how to safely remove their blinders – how to approach art without fear once they realize art teaches us about what it is to be human, and much of the world’s greatest art wrestles with peoples’ idea of God. Course only offered as part of the AmbEx Study Abroad Program.

ES312 Motor Development (3)
A study of the human development relating to the acquisition of motor skills, patterns, and control throughout the life span. The content of the course is mainly based on reviewing historical and current research to establish normal sequence of development necessary for acquiring functional and specialized movements. The course also addresses factors impeding or facilitating normal motor development through the life span. (Fall)

ES313 Motor Learning (3)
A study of the process involved in learning movement in various activities and sports throughout the life span. Practical application of motor learning principles will include experiential activities in basic body management, body control, and fundamental motor skills. Analysis of movements based on perceptual concepts, mechanical principles, critical elements, and sequential progressions will be applied to foundational, advance, and rhythmic movement patterns. Emphasis of the lab will be on teaching, observing, and assessing the process of motor learning. (Spring)

ES401 Senior Research I (3)
This class begins with a study of appropriate activity-related research methodology. The course is a writing-intensive experience that includes an in-depth review of literature, a research proposal, letter of consent when necessary and references too many periods, an application for approval from the Human Subjects Review board. The student surveys the literature, gaining critical reading skills,
ES402 Senior Research II (3)
Experimental research is performed under the guidance and in the area of expertise of a faculty member that may include specialized topics in kinesiology/biomechanics, exercise physiology, nutrition, sport finance/budgeting, and physical activity. Students must have a pre-approved written proposal from Research I along with an accepted Human Subjects Review board document, carry out the research, write the thesis, and orally defend it at a research symposium. Application details can be obtained from the Junior Research Seminar instructor, faculty research advisor, or department chair. Prerequisites: MA223, ES401. (Fall)

ES403 Therapeutic Exercise (3)
Methods, theories, and techniques in the rehabilitation of injuries to athletes and others engaged in physical activity. The evaluation of injuries relative to rehabilitation. The course includes basic components of a comprehensive rehabilitation program and theory and principles associated with the use of special evaluation/therapeutic exercise techniques. Laboratory experiences include practical use of manual testing techniques, goniometry, and the application of selected types of manual exercises. Prerequisites: SC234 w/lab, SC244 w/lab, ES423 (Fall)

ES413 Nutrition (3)
A study of normal, sport and special population nutrition for all ages relating to physical development and health; functions of the food macronutrients, vitamins and minerals, hydration and their requirements for digestion, absorption, metabolism, and planning of normal diets. HUMAN PERFORMANCE

HP121 Fitness-Oriented Activities (1)
A variety of fitness-oriented activities taught for student’s physiological, educational, social, and recreational values. Daily physical activity is performed and exercise physiology concepts are taught. This fulfills the fitness-oriented activity credit for graduation. Not all courses are offered every semester or every year. Courses may be repeated for credit. (Fall and Spring) Course fee: $15 minimum (varies)

HP121BPWT Backpacking
HP121B Bicycling
HP121CT Circuit Training for Women
HP121FC Fitness and Conditioning
HP121AFCS Advanced Fitness
HP121LS Lap Swim
HP121PC Pilates and Cardio
HP121R Running
HP121RB Rollerblading
HP121SD Self Defense for Life
HP121ST Strength Training
HP121WJ Walking and Jogging

HP131 Skill-Oriented Activities (1)
A variety of skill-oriented activities taught for physiological, educational, social, and recreational value. Daily physical activity is required which will include skill development and game situations. The conceptual understanding of the game will include rules, strategies, terminology, and history. One of the following courses fulfills the skill-oriented activity required for graduation. Not all courses are offered every semester or every year. Courses may be repeated for credit. (Fall and Spring) Course fee minimum $15 (varies)

HP131BA Advanced Baseball
HP131AB Advanced Basketball
HP131AR Archery (course fee: $55)
HP131BP Backpacking (course fee: TBD)
HP131B Badminton
HP131BK Basketball
HP131BL Ballroom and Swing
HP131BT Ballet
HP131BW Bowling (course fee: $94)
HP131FF Fly Casting (course fee: $25)
HP131G Golf (course fee: $100)
HP131JD Individual Sports
HP131MA Martial Arts
HP131MT Mountaineering (course fee: $80)
HP131P Pickle Ball
HP131PW Praise and Worship Dance
HP131RC Rock Climbing (course fee: $110)
HP131RH Roller Hockey
HP131SD Self Defense
HP131S Soccer
HP131AS Advanced Soccer
HP131SB Softball
HP131SC Scuba Diving
HP131TC Tai Chi
HP131TS Team Sports
HP131TT Table Tennis
HP131T Tennis (course fee: $35)
HP131V Volleyball

HP201 Varsity Sports (1)
This activity does not fulfill the general education requirements for the HP activity course; however, a student may earn up to four elective credits in varsity sports to fulfill total graduation requirements. (Fall and Spring)

HP231TS or IS Professional Development in Activity (1)
This course is set up to challenge the Human Performance major to develop skills in an activity that is new to them. The student will learn the various skills of the activity and must meet a minimum proficiency. Knowledge of the activity, such as rules, strategies, and terminology are emphasized. The student will participate in drills and games. (Fall and Spring)

HP321 Directing Experience in Exercise Activity (1)
This is a course for the student to put into practice the theory they learned in the ES473 (course). The student will assist an instructor with a fitness oriented activity course. Some of the duties will be to evaluate, teach exercises and concepts, monitor student progress, adjust programs, fitness test, develop forms for such tests, create a fitness test, and provide assistance where necessary to safe guard the clients. Prerequisite: ES473 and ES423. (Fall and Spring)
HP323 Coaching Sports: Theory and Practice (3)
An introductory course designed to aid the student in coaching children, adolescents, and adults. This course will examine the role and responsibility of the coach, psychological and physiological factors affecting sports participation, conditioning and training, coaching styles, teaching methods and public relations. In doing so, the students will begin to examine a sport of their choice and complete an analysis of fundamental skill development and team play, player selection, strategy, rules, planning and conducting practice sessions, coaching methods, conditioning, game preparation and team management for that sport. Attendance at appropriate sport clinics and practicum/internship experience may be required.

HP353 ML/HS Content Methods - Physical Education (3)
This course is designed to aid students in understanding, developing, and implementing the process of curriculum design, teaching procedures, strategies, and program development in middle and high school level physical education departments. Emphasis is given to the principles and methods in planning, development of goals, objectives, preparation and use of materials and procedures in the class setting. (Fall)

HP381BK Coaching Basketball (1)
HP381BB Coaching Baseball (1)
HP381FB Coaching Football (1)
HP381SO Coaching Soccer (1)
HP381SB Coaching Softball (1)

HP404 Internship: Coaching (4)
The course is designed to provide practical professional experience within the coaching field, designed to give students on the job training while working under the supervision of professionals in public and/or private athletic organizations. The internship is expected to provide students with experience in a variety of situations, planning, leadership, supervision administration, evaluation, etc. Prerequisite: HP322 (Spring, Alt).

HP491-493 Special Topics in Human Performance (1-3)
Focused studies on specific issues in human performance. Requires instructor and department approval.

HUMANITIES

HU133 American Thought and Culture (3)
This course provides a study of American history, literature, religion, philosophy, and fine arts, from the country’s origins through the civil war. The aim is to encourage students to develop a rich, interdisciplinary consciousness of America’s intellectual and cultural traditions.

HU143 American Thought and Culture (3)
This course provides a study of American history, literature, religion, philosophy, and fine arts, from the late nineteenth century to the contemporary period. The aim is to encourage students to develop a rich, interdisciplinary mindfulness of America’s intellectual and cultural traditions.

HU212 Fine Arts Appreciation (3)
A survey of painting, sculpture, architecture, and music throughout history; drama, dance, and literature will also be mentioned. The aesthetic qualities of significant works of art will be discussed from a Christian perspective. The prerequisite is a course in world history.

HU222 Reading the World and Searching for God (Through Art, Music, Myth and Poetry) (3)
In this course, students will study art, music, myth, and poetry from ancient times up through the 20th Century in their historical contexts, keeping in mind the three major worldview questions mankind has tried to answer from the beginning – Where do we come from? Why are we here? Where will we go when we die?

HU233 Western Thought and Culture (3)
This course spans from ca. 3000 B.C. to ca. A.D. 1700. The course is designed to provide a basic framework for understanding the shared human experience, especially through the intellectual and cultural heritage of the western world. Selected elements of culture serve as the focal points of intellectual discourse. Of great interest will be the world views of various kingdoms and ethnic groups, specifically their prevailing concepts of human nature of God, and of beauty. Ultimately, the intention is to promote and enable meaningful Christian thinking as students consider their relationship to the worldviews and cultures.

HU243 Western Thought and Culture (3)
This course spans from ca. A.D. 1700 to the present. The course is designed to provide a basic framework for understanding the shared human experience, especially through the intellectual and cultural heritage of the western world. Selected elements of culture serve as the focal points of intellectual discourse. Of great interest will be the worldviews of various nation-states and ethnic groups, specifically their prevailing concepts of human nature, of God, and of beauty. Ultimately, the intention is to promote and enable meaningful Christian thinking as students consider their relationship to these worldviews and cultures.
INTERCULTURAL STUDIES (MISSIONS)

IS322-328 Cross-Cultural Internship (2-8)
Students have opportunities to apply principles learned in the classroom to a variety of cross-cultural work, such as ethnic church ministries, international student ministry, or tutoring English as a Second Language. Permission of the program advisor is required. Units of credit will be determined jointly between student and advisor. (May be repeated for credit.)

IS362 Readings in Missiology (2)
A course designed to enable students to pursue a structured reading program in historical, biographical and contemporary mission literature, to expose the future missionary to the available resources, and to be familiar with divergent views in mission thinking. (Fall)

IS413 Geo-Cultural Research (3)
This is a directed research course of the country of the student’s choice in which he/she will be introduced to the geographical, historical, political, economic and cultural aspects of the country, with special attention given to the ecclesiastical components involving the missionary history and contemporary situation. (Fall)

IS421-423 Cross-Cultural Field Work (1-3)
Academic credit is available for participation in a number of summer ministry programs. The program advisor will direct students in the course requirements. Application to the department must be made in the fall or winter quarter prior to the summer ministry. Students are responsible to meet any mission agency requirements and raise financial support. Registration for academic credit must be completed no later than the second semester following the cross-cultural experience.

IS473 Cross-cultural Internship (3)
Students have opportunities to apply principles learned in the classroom to a variety of cross-cultural work experiences, such as ethnic church ministries, international student ministry, church planting or children ministries.

IS491-493 Special Topics in Intercultural Studies (1-3)
Focused studies on specific issues in human performance. Requires instructor and department approval.

INTERDISCIPLINARY STUDIES

ID101 Freshman Seminar (1)
Freshman Seminar is an activity-oriented course designed to expose students to strategies, techniques, and skills recommended by students and professionals. The course will encourage students to make academic, social, and spiritual adjustments that contribute to success in college. (Fall)

ID203 Student Leadership Development (3)
This course will combine theories and skills of leadership and counseling with practical application as each student leads 15-20 residential students. Students will be gain awareness of and experience utilizing resources and methods to guide them in healthy conflict management, crisis intervention, spiritual formation, team management and event planning/coordination. (Fall)

ID211 Birds & Botany of Western Oregon (1)
This course is an introduction to identifying the birds and botany of Western Oregon. It teaches the student to recognize birds by sight and by sound. It focuses on bird and plant species found on the Corban campus as well as three local wildlife refuges. Enhancing a Christian philosophy of sound environmental stewardship is also an important emphasis within this course.

ID222 Reading the World and Searching for God through Art, Music Myth and Poetry (3)
In this course, students will study art, music, myth, and poetry from ancient times up through the 20th Century in their historical contexts, keeping in mind the three major worldview questions mankind has tried to answer from the beginning -- Where do we come from? Why are we here? Where will we go when we die?

ID403 The Western Intellectual Tradition (3)
A study of selected philosophers and philosophies that have shaped the Western cultural traditions from the Greco-Roman period through the Post-modern era. (Spring, Alt.)
MATHEMATICS

MA103 Contemporary Math (3)
An introductory mathematics course designed to bring the variety and usefulness of mathematics to the non-specialist. The goal is to help students apply mathematics in problem solving and decision making for life, as well as to see God’s power in nature through mathematics. (Fall and Spring)

MA103SP Contemporary Math (3)  (SPS)
An introductory mathematics course designed to bring the variety and usefulness of mathematics to the non-specialist. The goal is to help students apply mathematics in problem solving and decision making for life, as well as to see God’s power in nature through mathematics. School of Professional Studies. Offered as needed.

MA113 College Algebra (3)
An algebra course with emphasis on practical applications. However, to get to these applications, certain branches of algebraic theory must first be conquered. These areas include properties of the real numbers, linear equations and their solutions, functions and graphs, polynomial and exponential functions, and conic sections. (Fall and Spring)

MA113SP College Algebra (3)  (SPS)
An algebra course with emphasis on practical applications. However, to get to these applications, certain branches of algebraic theory must first be conquered. These areas include properties of the real numbers, linear equations and their solutions, functions and graphs, polynomial and exponential functions, and conic sections. School of Professional Studies. Offered as needed.

MA133 Pre-Calculus (3)
This course provides a stepping stone to the Calculus sequence. It covers topics in and beyond College Algebra. A quick review of algebraic topics is surveyed, and then logarithmic, exponential and especially trigonometric functions are studied in detail. (Spring)

MA223 Statistics and Probability (3)  (SPS)
An introductory statistics course designed for students of average mathematical ability. Some programs require the course, but some take it as a mathematics elective. The collection of data and its representation are studied through sampling techniques and graphs, while the analysis of the data is done through measures of central tendency, measures of variability, correlation, and hypothesis testing. School of Professional Studies. Offered as needed.

MA233 Calculus I: Differential (3)
Differential Calculus is the study of concepts first discovered by Liebniz and Newton in the late 1600s. These areas concentrate on properties of functions, beginning with a short review of College Algebra, then on to limits, slopes of tangent lines, known as derivatives, and applications of the derivative. (Fall)

MA243 Calculus II: Integral (3)
This course is the second in the calculus sequence and begins with a study into finding areas under curves and the applications of such a process. The course also covers topics such as logarithmic, exponential, and inverse trigonometric functions. Prerequisite:MA233. (Spring)

MA253 Calculus III: Sequence, Series and Vector (3)
The second year of calculus begins with a study of infinite series and sequences. Green’s theorem and Stokes’ theorem are discussed as well. Once these have been mastered, the course focuses its attention on conic sections, vectors, and vector valued functions. Prerequisite: MA243. (Fall, odd years)

MA262 Calculus IV: Multivariable (2)
This course completes the calculus sequence. The math student will learn about multivariable calculus. These things include partial derivatives, multiple integration, and differential equations. Enrollment is limited. Prerequisite: MA253. (Spring, even years)

MA312 Theory of Numbers (2)
In this course, the mathematical properties of integers and the people who discovered them are discussed at length. These include Euclid’s proof of the infinitude of primes, perfect numbers and their relation to Mersenne numbers, the Euler phi function, and Fermat’s last theorem. Prerequisite: MA233 (Spring, odd years)

MA313 Higher Geometry (3)
A survey of various geometric topics and proofs. These include transformational geometry, topology, Euclidean and non-Euclidean geometry, integer geometry, and historical geometry proofs by the likes of Hippocrates and Archimedes. Prerequisite: MA233 (Fall, even years)
MA323 Linear Algebra (3)
This course deals with systems of linear equations and their relationship to vectors. It covers topics such as matrix algebra, determinants, vector spaces, eigenvalues and eigenvectors, and orthogonality. Prerequisite: MA233 (Spring, odd years)

MA333 Abstract Algebra (3)
Abstract Algebra begins with an introductory look at inductive proof and then leads to an in-depth study of algebraic systems including groups, rings, and fields. The applications of this course range from transformational geometry to cryptography. Enrollment is limited. Prerequisite: MA243 (Fall, even years)

MA353 ML/HS Content Methods-Mathematics (3)
The course focuses on “hands-on,” activity based mathematics and learning. A combination of classroom lecture, group activities, as well as the development and implementation of a 10-day work sample will provide students with a variety of experiences in preparation for teaching in a middle or high school classroom. Content will focus on the NCTM Standards. Prerequisite: Admittance to School of Education required. Corequisite: ED331 Instructional Alignment II or approval of director. (Spring)

MA363 Topics in Discrete Mathematics (3)
This course is designed for mathematics and computer science majors and deals with a wide variety of mathematical topics. These include logic, proofs, set theory, algorithms, combinatorics, graph theory, and Boolean algebras. Prerequisite: MA223. (Spring, even years)

MA383 EC/EL Math I (3)
This course presents a balance of content (what math should be taught) and methods/materials (how it should be taught) for teaching mathematics at the early childhood and elementary school level. Hands-on manipulatives are emphasized. This course does not fulfill the college general education math requirement. Prerequisite: junior standing or consent of director. (Fall)

MA393 EC/EL Math II (3)
This course is a continuation of MA383, and continues to present both content and methodology for mathematics instruction at the early childhood and elementary school level. The emphasis is a hands-on approach. Students prepare and teach a ten-day math unit in either a public or private elementary or middle school (in conjunction with ED323 and ED341). This course does not fulfill the college general education math requirement. Prerequisite: junior standing or consent of director. (Spring)

MA403 Math Analysis (3)
The ideas of Calculus and proofs are examined in greater detail in this course. These ideas include limits, sequences and series, convergence, differentiation, integration, and continuity. Prerequisite: MA243. (Fall, odd years)

MA453 Special Methods in Content Area (3)
This course is designed to help students develop specific teaching skills related to their individual content areas of expertise. Students will develop a complete teacher work sample.

MA491-493 Special Topics in Mathematics (1-3)
Focused studies on specific issues in mathematics. Previous courses offered have included Engineering and Math, Fibonacci Numbers, Math in Nature, etc. Requires instructor and department approval.

MILITARY SCIENCE
Courses are taken at either Oregon State University or Western Oregon University cross-registration. See Special Programs section of the catalog.

MUSIC EDUCATION

ME111 Supplemental Private Lessons (4)
To further prepare the music educator, Music Education majors will take 4 semesters (1 credit each) of supplementary private lessons in Woodwinds, Brass, Percussion and Strings. Decisions about which instruments to study are made in conjunction with the student’s advisor. Fees 1 credit = $336, $361, $376

ME Techniques Studies
Each techniques course focuses on preparation for teaching instrumental music at the elementary and secondary levels. Attention is given to the fundamentals of each instrument family, addressing common problems inherent in playing and teaching at a basic level. Music Education majors are to complete 4 of the 5 courses listed below:

ME231 Percussion Techniques (1)
ME241 Woodwind Techniques (1)
ME251 Brass Techniques (1)
ME261 String Techniques (1)
MP171G Guitar Class (1)
ME202 Foundations of Music Education (2)
This course addresses foundational principles and practices for all music educators. Topics include classroom management, the history of music education, professional development, and developing one’s philosophy of music education. Attention will be given to administrative operation of music education programs, curriculum design and implementation, and management of music materials and resources. Prerequisite: MU202. (Fall, Alt. years)

ME300 Music Education Professional Activity (0)
Music education professional activity engages music education majors in professional organizations and activities. MU300 students are able to become involved in their future peer organizations, attend professional conferences and developmental seminars, and build connections with music education professionals. Membership fee is assessed each term.

ME343 Methods and Materials for Early Childhood and Elementary Level Music (3)
This course includes music education methods and materials for teaching amid the social and cognitive wonders of children pre-school through elementary age. Micro-teaching allows students to develop and demonstrate understanding of classroom management and teaching techniques for general music lessons, planning units of instruction, and research in music education. Field work may be required. Pre-requisite: ME202. (Spring, Alt. years)

ME353 Methods and Materials – Choral (3)
ME353 lays a solid foundation for the study and practice of teaching mixed, treble, and male choral ensembles in the middle and high school classroom. Topics include working with the changing voice, developing intonation, blend and balance, approaches to sight-singing, selecting repertoire, concert planning, personal teaching style, classroom management, unit planning and lesson teaching. Micro-teaching allows students to develop and demonstrate practical skills in addressing each of these areas. Field work may be required. Prerequisite: MU202. (Fall, Alt. years)

ME363 Methods and Materials – Instrumental (3)
This course provides a study of methods and materials for teaching instrumental music in grades five through twelve. The focus is on teaching secondary school band and orchestra. Specific content includes recruiting, instrument selection, beginning methods, rehearsal techniques, and classroom management for instrumental ensembles. Micro-teaching allows students to develop and demonstrate practical skills in addressing each of these areas. Field work may be required. Prerequisite: MU202. (Fall, Alt. years)

MUSIC PERFORMANCE

MP Applied Music (private lessons) (1-2 credits)
Applied music lessons in voice, piano, guitar, organ and all orchestral instruments are offered through Corban. Students will be placed at appropriate level of study (MP090, MP100, MP200, MP300, MP400) based on their ability. (NOTE: MP090 study does not count towards the music major or music minor degree requirements) After several semesters of private study, the student may take a jury advancement examination to determine mastery of basic competence on the instrument (or voice). Passing this advancement exam allows the student to study at the upper division (300) level. Classes may be repeated for credit at each level. One credit is awarded for successful completion of a 30 minute lesson every week and a jury examination at the end of the semester. Two credits may be earned for a 60 minute lesson weekly and a jury exam. (Fall and Spring) Course fee: 1 credit hour = $336; $361, $376; 2 credit hours = $672, $722, $752

MP131 Keyboard Class I (1)
This class is an introduction to the piano keyboard designed to develop basic piano facility. The class is limited to 7 students per section. There is no prerequisite for this course (no prior instruction in piano is expected). (Fall and Spring)

MP141 Keyboard Class II (1)
This course offers technical studies and basic piano instruction, designed to develop general piano facility. Prerequisite: MP131 or consent of instructor. (Fall and Spring)

MP151V1 Voice Class I (1)
Students in this class will receive instruction in basic vocal techniques; recommended as preparation for private lessons or for basic information about using the voice. There is no prerequisite for this course. (Fall)

MP171G1 Guitar Class I (1)
This class offers basic instruction in playing the guitar and reading music. No previous experience is required. Students must provide their own instruments. (Fall and Spring)

MP171G2 Guitar Class II (1)
This course provides further instruction in playing the guitar. Prerequisite: MP171G1 or consent of instructor. (Fall and Spring)
MP231 Keyboard Class III (1)
This course provides instruction in technical studies and basic piano literature with an introduction to playing hymns and praise songs. Prerequisite: MP141 or consent of instructor. (Fall and Spring)

MP241 Keyboard Class IV (1)
Students will receive continued instruction in elementary piano literature, technical studies, and playing hymns and praise songs in this class. The successful completion of this course equips the student to pass the piano proficiency requirements. Prerequisite: MP231 or consent of instructor. (Fall and Spring)

MP312 & MP412 Private Conducting (2)
These private lessons in conducting are available to students who have completed MU342. (Fall and Spring)
Fee $620

MP312 & MP412 Applied Composition (2)
This is an opportunity for individualized instruction in composing and/or arranging music. Prerequisite: completion of MU223 and instructor approval. Fee $310

MP351VE Vocal Ensemble (1)
Select small ensembles may be formed by audition. (Offered when needed)

MP351CC Chamber Choir (1)
The singers in Chamber choir are an auditioned select ensemble that focuses on the study and performance of significant choral repertoire. The choir performs on campus, in the community, and internationally. Members are expected to participate for the full year. May be repeated for credit. (Fall and Spring)

MP351CN Concert Choir (1)
All students are welcome to sing in Concert choir. The choir is non-auditioned and performs a variety of choral literature on campus and in the community. May be repeated for credit. (Fall and Spring)

MP371B Concert Band (1)
The concert band is an ensemble of brass, woodwind, and percussion players which performs standard band literature, hymn tune arrangements, and worship music. The course is open to all Corban students who have previous band experience. May be repeated for credit. (Fall and Spring)

MP371G Guitar Ensemble (1)
This ensemble is made up of guitarists of various levels of experience. Prerequisite: MP171G2 or permission of instructor. (Offered as needed)

MP371J Jazz Band (1)
The jazz band consists of brass, reed, and rhythm section players who perform jazz band literature, jazz combo literature as well as arrangements of hymns and praise songs. May be repeated for credit. (Fall and Spring)

MP371OR Chamber Orchestra (1)
The chamber orchestra is an ensemble of string players (violin, viola, cello, and bass) supplemented by other instruments as needed. They perform standard orchestral repertoire and other literature as selected by the director. This group may collaborate with the band or choirs for some performances. May be repeated for credit. (Fall and Spring)

MP381 Junior Recital (1)
a junior recital of approximately one-half hour may be given after two to three years of private study, based upon the approval of the music faculty. The student must be studying the instrument (or voice) in private lessons at the 300 or 400 level in the semester during which the recital is presented. Prerequisite: Completion of the Musician Core as a music major. (Fall and Spring)

MP481 Senior Recital (1)
a senior recital may be given by a performance major, following approval by the music faculty, after studying the instrument at the 400 level for one or more semesters and after presenting a junior recital. The program will last at least one hour and will include music from at least four different style periods. A singer will include songs in at least two languages other than English. The student must have studied privately in the performance area every semester and be enrolled for private lessons in the term of the recital. Prerequisite: MP381, Junior Recital. (Fall and Spring)

MP491 Off-Campus Ensembles (1)
Students may be given credit for participation in certain off-campus ensembles that do not duplicate or approximate ensemble opportunities on campus. Music faculty approval required.

MUSIC

MU102 Introduction to Music (2)
This course offers instructions in basic aspects of music including rhythm, pitch, notation, aural discrimination, sight reading, and keyboard orientation. No previous knowledge of music is required. (Offered as needed)
MU111AS Aural Skills I (1)
Students will build skills in sight singing and ear training at the beginning level. Emphasis is on the recognition and reproduction of intervals, scales, and triads, along with rhythmic exercises. Solfege and hand signs will be used. There is no prerequisite for this course. (Fall)

MU113 Music Theory I (3)
This course provides study of the basic harmonic elements of music, with emphasis on notation, scales, intervals, triads, key signatures, and beginning 4-part voice leading. Includes experience in the use of the computer for notating music. The student must be concurrently enrolled in MP131 or have demonstrated equivalent piano skills in an audition. The student must also be concurrently enrolled in MU111AS or have demonstrated mastery in a placement test. (Fall)

MU112AS Aural Skills II (1)
Students will receive further training in sight singing and ear training, utilizing intervals, scales, and triads in melodies. Rhythmic and melodic dictation will be included. Prerequisites: MU111AS and MP131 or consent of instructor. (Spring)

MU122 Music Appreciation (3)
This class is a study of the elements of music as found in classical music literature of all historic periods. Music of other styles may also be sampled. Offered as needed.

MU122SP Music Appreciation (3) (SPS)
This class is a study of the elements of music as found in classical music literature of all historic periods. Music of other styles may also be sampled. School of Professional Studies. Offered as needed.

MU123 Music Theory II (3)
This course explores elementary harmony, including the nature of triads, cadences, harmonic progressions, and non-harmonic tones as well as further study of voice leading. The student must be concurrently enrolled in MP141 and MU121AS or have demonstrated equivalent skills. Prerequisites: MU113, MU111AS, and MP131. (Spring)

MU132 Technology in Worship Ministries (2)
This course explores the role of technology in corporate worship services. Students will become familiar with operating sound systems, video systems, lighting systems, recording, MIDI, etc. (Spring)

MU160WA Worship Arts Practicum - Freshman (0)
The student will participate weekly in a local church ministry for a minimum of 2 hours per week during their freshman year. (Fall or Spring)

MU202 Introduction to Worship Studies (2)
This is a study of biblical, historical and cultural aspects of worship, enabling students to develop a broader understanding of worship. Field trips will be taken to explore different church worship traditions and philosophies and how they have developed historically. (Fall)

MU211AS Aural Skills III (1)
This is a continuing study of ear training and sight singing, including altered tones and melodic and harmonic dictation. Prerequisites: MU121AS and MP141 or consent of instructor. (Fall)

MU213 Music Theory III (3)
Students will continue to study harmony, including non-dominant seventh chords, altered non-harmonic tones and secondary dominants, modulations to closely related keys, and borrowed chords. The student must be concurrently enrolled in MP231 and MU211AS or have demonstrated equivalent skills. Prerequisite: MU123, MU121AS, and MP141. (Fall)

MU221AS Aural Skills IV (1)
This course provides advanced study of ear training and sight singing with melodic and harmonic dictation and harmony. Prerequisites: MU211AS and MP231. (Spring)

MU222 Music Charting (2)
This course offers an introduction to basic arranging techniques and an examination of the variety of music notation used in the church today, including writing for choirs, orchestra, piano/keyboards and rhythm section. The student will develop skills in the use of Finale or another faculty-approved notation program. Instruction in basic arranging techniques will be included. Prerequisite: MU213. (Spring)

MU223 Music Theory IV (3)
This is an advanced study of harmony, including modulation, borrowed chords, augmented 6th and Neapolitan 6th chords, 3rd relationships in harmony, and 9th, 11th, and 13th chords. The skills used in choral arranging will be discussed. The student must be concurrently enrolled in MP241 and MU221AS or have demonstrated equivalent skills. Prerequisites: MU213, MU211AS, and MP231. (Spring)

MU232 Lyric Diction (2)
Students will be introduced to correct diction for singing in English, Italian, Latin, German, and French, based on the use of the International Phonetic Alphabet. Prerequisite: MP111V0CA. (Offered when needed)
MU260WA Worship Arts Practicum - Sophomore (0)
The student will participate weekly in a local church ministry for a minimum of 2 hours per week during their Sophomore year. (Fall or Spring)

MU300 Musicianship Core (0)
This is not a course offered for credit, but a competency check that is a requirement for specific upper level music courses. The student will demonstrate competence in Music Theory, Piano Proficiency, private lessons (pass the 300 level jury exam), ensemble participation and minimum GPA in all music classes. Complete details are listed in the Music Student Handbook. (Fall and Spring)

MU312 Orchestration (2)
Students will examine the range, timbre and function of the instruments of the orchestra and smaller ensembles, and the challenges of writing and arranging for these instruments. Prerequisite: MU223. (Fall, Alt.)

MU313 Music History I (3)
This course is a study of the development of music from Old Testament times through the 18th century. The emergence of notation, polyphony, tonality, meter, harmony, and homophony will be examined. The ascendance of the major forms used in Western music will also be discussed. Prerequisite: MU123. (Fall)

MU322 Form and Analysis (2)
Students will examine and analyze the structural forms of music. Prerequisite: MU223. (Fall, Alt.)

MU323 Music History II (3)
Students will survey music in the 19th, 20th, and 21st centuries. Emphasis will be given to European and American composers and their works. Students will listen to recorded and live performances of significant music from these eras. Prerequisite: MU123. (Spring)

MU332 Conducting I (2)
This course provides an introduction to the basic patterns and skills of conducting, both choral and instrumental. Prerequisite: MU123. (Fall)

MU342 Conducting II (2)
This class offers further study of the techniques and skills of choral and instrumental conducting. Prerequisite: MU332. (Spring)

MU361 Worship Arts Internship – Junior (1)
The student will participate weekly in a local church ministry for a minimum of 3 hours per week The intern must submit a written proposal signed by the local church supervisor to the Worship Arts director for approval before beginning the internship. Prerequisite: Completion of Musicianship Core. (Fall and Spring)

MU382 Worship Leadership (2)
This class will explore the many aspects of leading a worship ministry and examine the relationships within church leadership and the worship ministry. Emphasis will be on each student identifying the specific leadership qualities that God is nurturing in them. Prerequisite: TH312. (Fall, Alt.)

MU392 Song in Worship (2)
This course will explore the developing use of songs in corporate worship, including psalms, hymns, and contemporary songs. Students will survey the history of worship song from ancient times to the present. Resources for congregational songs will also be examined. Prerequisite: MU313 or consent of instructor. (Spring, Alt.)

MU403 Worship Planning and Administration (3)
Students in this class will explore and design worship services that incorporate various ways of worshiping together, including drama, music, preaching, video, testimony, prayer, and scripture reading. Issues that affect corporate worship will be examined. In addition, the class will study the administration of worship ministry: recruiting, managing people, budgets, paid staff, working on a pastoral staff, use of computers to manage the program, etc. Prerequisites: TH312 and MU382. (Fall, Alt.)

MU412 Choral Composition and Arranging (2)
Students will explore basic principles of writing choral music, arranging and adapting existing music for all vocal combinations from the solo to eight-part unaccompanied choir. Prerequisites: MU223. (Offered as needed)

MU413 Pedagogy and Literature (3)
This course provides an introduction to the principles of teaching music privately and administering a private studio. Instruction includes a survey of curricula, teaching repertoire, and standard performance literature. Observation of off-campus teachers may be required. Prerequisite: advanced standing as a music major, including completion of four or more semesters of private lessons in the area of concentration. (Offered when needed)

MU413GT Guitar Pedagogy and Literature
MU413OB Oboe Pedagogy and Literature
MU413PO Piano Pedagogy and Literature
MU413ST String Pedagogy and Literature
MU413SX Saxophone Pedagogy and Literature
MU413VO Voice Pedagogy and Literature (Spring, Alt.)
MU421 Christian Musicianship Seminar: Capstone (1)
This course is required for all music majors to be taken during the next to last semester at Corban University and is designed to help students write their Philosophy of Christian Musicianship. The class sessions will help students identify the influences that impact their approach to music and assist in constructing a clear philosophical statement of Christian Musicianship.

MU461 Worship Arts Internship – Senior (1)
The student will participate weekly in a local church ministry for a minimum of 3 hours per week. The intern must submit a written proposal signed by the local church supervisor to the Worship Arts director for approval before beginning the internship. Prerequisite: Completion of Musicianship Core. (Fall and Spring)

MU491 General Music Final Project (1)
A student doing a General Music final project should present a proposal to the advisor, describing the scope of the study or project and the method to be employed. After the advisor approves the proposal, the student will begin working on the project and will meet regularly for guidance and evaluation. At the end of the project, the student will write a reflection paper to record what was experienced and what was learned during the project. Prerequisite: Completion of Musicianship Core. (Fall and Spring)

MU493 Worship Arts Final Project
A student doing a final project should present a proposal to the advisor, describing the scope of the study or project and the method to be employed. After the advisor approves the proposal, the student will begin working on the project and will meet regularly for guidance and evaluation. At the end of the project, the student will write a reflection recording what was experienced and what was learned during the project. Prerequisite: MU461. (Fall and Spring)

PHILOSOPHY

PH223 Logic and Rhetoric (3)
Students will study various aspects of logic, focusing especially on the construction of sound arguments and the recognition of fallacies.

PH243 Philosophy and the Fantastic (3)
This course invites a philosophical study of works in the realm of the fantastic broadly conceived, including the comic book imaginary, science fiction, and fantasy. The primary aim is to teach students how to approach such texts from the standpoint of a mature and adventuresome Christian worldview.

PH253 Philosophy and Video Games w/ Lab (3)
This course invites a study of the ethical, aesthetic, epistemic, and ontological dimensions of video games, with a lab component wherein students play and theorize select games.

PH303 History of Philosophy (3)
Students will study key ideas in the history of philosophy, from ancient times to the contemporary milieu.

PH399H Honors Course (2-3)
Each academic year a course on a selected topic is offered to students of the Honors Program. Previous course topics have included Christ and Caesar, America Between World Wars, Slavery’s Legacy, The Christian and Environment, The Holocaust, The Christian and War, etc. (Spring)

PH481 Senior Thesis (1)
One of the capstone courses for the Theology major, this project provides the opportunity for individualized guided research. Students will choose a topic in consultation with a faculty advisor. That topic will be explored and the results presented in a formal research paper and in an oral presentation.

PH491-493 Special Topics in Philosophy (1-3)
Focused studies on specific issues in philosophy. Requires instructor and department approval.

POLITICAL SCIENCE

PO103 Introduction to Politics (3)
This survey course considers the nature, goals and processes of politics in theory and practice as understood through the sub-disciplines of Political Philosophy, Comparative Politics, International Relations, and American Government. Basic research methods used in political science will be introduced. Students will complete a 30 hour practicum as part of this course. (Fall)

PO203 American Government (3)
This course is an introduction to the structure and operation of the executive, legislative, and judicial branches of the American federal government as they have been formed by the Constitution and subsequent legislation. Priority is given to domestic affairs with lesser focus on foreign policy. (Fall)

PO213 Comparative Politics (3)
An examination of modern political systems using the comparative method to understand various governing structures and their underlying ideologies. Institutions for comparison include: parties, interest groups, civil society, elections, legislatures, judiciaries, and executives.
PO223 State and Local Government (3)
A survey of the practical operation, contemporary issues and problems relative to government at the state and local level, especially related to Oregon. (Alt. years)

PO233 International Relations (3)
The examination of how relations are structured among sovereign states and international institutions. Special attention is given to the nature of the nation-state system, globalization, realism, liberalism, economic and political development, and regional politics. (Alt. years)

PO243 Political Philosophy (3)
This introductory course in the history of political thought examines such concepts as freedom, authority, and justice and related theories, as they are understood by representative modern and pre-modern political thinkers. (Spring)

PO271 – PO276 Internship (1 - 6)
This course is designed to provide the political science student with hands-on experience in a professional environment. Special attention is given to the student's application of classroom instruction to the work world. Students will complete at least 450-hours (9 credits) of internship before graduation through agencies related to the political world.

PO353 Political Ethics and Interest Groups (3)
This course applies philosophical ethics and political theory to practical issues associated with contemporary American politics, policy, and interest groups. Topics to be considered include interest group formation, organizational strategies, abortion, euthanasia, immigration, affirmative action, war, and distributive justice. Pre-requisites: PO243. (Spring)

PO423 Political Leadership (3)
This course examines political leadership through the lens of multiple leadership models, considering how cultural, ideological, economic, and political factors determine types of leadership opportunities. Focuses include leading through the use of hard and soft power; influencing political processes and bureaucratic structures with and without political authority and position; and preparing students to manage the challenges, stresses, and dangers of political leadership. (Alt. years)

PO433 Religion and Politics (3)
This course assesses the role of religion in politics globally. Special attention is given to evangelicals in modern U.S. politics, the history of church-state relations, and comparative models integrating religion and politics. (Alt. years)

PO464 Constitutional Law (3)
An examination of the historical development of the Constitution of the United State through practice and important court decisions. Special attention is given to judicial review, federalism, separation of powers, interstate commerce, the due process clause, and civil liberties. (Alt. years)

PO491-493 Special Topics in Political Science (1-3)
Focused studies on specific issues in political science. Requires instructor and department approval.

PO498 Political Science Senior Capstone Seminar (3)
The course serves to tie together each student's unique course of study. Students will reflect on career goals and how to operate successfully as a Christian in politics. Students will be introduced to advanced political science research methods and will complete and present a major research project. (Spring)

PSYCHOLOGY

PS105 General Psychology (3)
This course is an introduction to the scientific study of human behavior and will introduce students to many of the problems, methods, and findings of modern psychology, as well as provide a historical and Christian worldview perspective for these findings. This introductory course is a three credit prerequisite for all advanced psychology courses. (Fall and Spring)

PS105SP General Psychology (3) (SPS)
This course is an introduction to the scientific study of human behavior and will introduce students to many of the problems, methods, and findings of modern psychology, as well as provide a historical and Christian worldview perspective for these findings. This introductory course is a three credit prerequisite for all advanced psychology courses. School of Professional Studies. Offered as needed.

PS205 Lifespan Development (3)
This course offers students a life-span approach to the physical, cognitive, psycho-emotional and spiritual/moral development of humans at various ages. Major developmental theories are examined in the light of a biblical perspective for human growth. (Fall)

PS205SP Lifespan Development (3) (SPS)
This course offers students a life-span approach to the physical, cognitive, psycho-emotional and spiritual/moral development of humans at various ages. Major developmental theories are examined in the light of a biblical perspective for human growth. School of Professional Studies. Offered as needed.
PS207 Counseling Skills (3)
This course introduces students to theory and skills essential to effective interpersonal relations. Emphasis is placed on interviewing strategies for the analysis and assessment of family life issues for the purpose of appropriate educational recommendations. The outcomes are intended to enhance personal and professional growth. (Spring)

PS207SP Counseling Skills (3) (SPS)
This course introduces students to theory and skills essential to effective interpersonal relations. Emphasis is placed on interviewing strategies for the analysis and assessment of family life issues for the purpose of appropriate educational recommendations. The outcomes are intended to enhance personal and professional growth. School of Professional Studies. Offered as needed.

PS208 Industrial Organizational Psychology (3)
This course is designed to develop students’ awareness of the application of psychology in organizations and industries.

PS208SP Industrial Organizational Psychology (3) (SPS)
This course is designed to develop students’ awareness of the application of psychology in organizations and industries. School of Professional Studies. Offered as needed.

PS215 Social Psychology (3)
This course is a study of human thought, emotion, and behavior in an interpersonal context. (Fall)

PS215SP Social Psychology (3) (SPS)
This course is a study of human thought, emotion, and behavior in an interpersonal context. School of Professional Studies. Offered as needed.

PS218 Community Agency Counseling (3)
This course introduces students to the field of social work, and focuses specifically on the helping relationship and available community resources. Course content involves assessing, evaluating and referring individuals, groups, and families to appropriate agencies.

PS218SP Community Agency Counseling (3) (SPS)
This course introduces students to the field of social work, and focuses specifically on the helping relationship and available community resources. Course content involves assessing, evaluating and referring individuals, groups, and families to appropriate agencies. School of Professional Studies. Offered as needed.

PS225 Statistics for the Behavioral Sciences (3)
A study of basic statistical procedures for psychological research, including correlation, bivariate regression, t-tests, analysis of variance (one-way and factorial), and several nonparametric procedures. Prerequisite: PS105 (Fall)

PS225SP Statistics for the Behavioral Sciences (3) (SPS)
A study of basic statistical procedures for psychological research, including correlation, bivariate regression, t-tests, analysis of variance (one-way and factorial), and several nonparametric procedures. Prerequisite: PS105. School of Professional Studies. Offered as needed.

PS235 Social Science Research Methods (3)
An examination of the research methods of psychology and the philosophy behind their use and an opportunity to apply these skills in research. Prerequisite: PS105, PS225 or MA223. (Spring)

PS235SP Social Science Research Methods (3) (SPS)
An examination of the research methods of psychology and the philosophy behind their use and an opportunity to apply these skills in research. Prerequisite: PS105, PS225 or MA223. School of Professional Studies. Offered as needed.

PS305 Personality Theories (3)
This course is the study of classical theories of personality. These theories are critiqued from both a scientific and biblical perspective.

PS305SP Personality Theories (3) (SPS)
This course is the study of classical theories of personality. These theories are critiqued from both a scientific and biblical perspective. School of Professional Studies. Offered as needed.

PS306 Learning and Memory (3)
Examines learning through the Pavlovian and Skinnerian traditions from the early twentieth century up to the present day. Students will apply their course learning outside the classroom. Prerequisite: PS105 (Fall, odd years)

PS307 Human Sexuality (3)
This course investigates the biblical basis of sexuality. A basic introduction to human sexuality, counseling for sexual issues, and a theology of sex will be addressed. Special issues in sexuality will be discussed, as well as, the basics of sexual biology and psychology, sexual development, and sexual dysfunction. Students will also be challenged in their biblical analysis of special issues in sex research. (Fall)
PS307SP Human Sexuality (3)  (SPS)
This course investigates the biblical basis of sexuality. A basic introduction to human sexuality, counseling for sexual issues, and a theology of sex will be addressed. Special issues in sexuality will be discussed, as well as, the basics of sexual biology and psychology, sexual development, and sexual dysfunction. Students will also be challenged in their biblical analysis of special issues in sex research.  School of Professional Studies. Offered as needed.

PS308 Psychology of Addiction (3)
This course examines the causes, process, and treatment of addiction and the impact that addiction has on the individual, family, and social systems. Attention is given to the background and history of drug use and behavior with an emphasis on identification of the key components of addiction, its process, and treatment. A variety of treatment philosophies will be examined, as well as, types of resources available to families and the individual.  (Fall, even years)

PS308SP Psychology of Addiction (3)  (SPS)
This course examines the causes, process, and treatment of addiction and the impact that addiction has on the individual, family, and social systems. Attention is given to the background and history of drug use and behavior with an emphasis on identification of the key components of addiction, its process, and treatment. A variety of treatment philosophies will be examined, as well as, types of resources available to families and the individual. School of Professional Studies. Offered as needed.

PS315 Abnormal Psychology (3)
This course introduces students to the theoretical and practical aspects of abnormal behavior. Students will become familiar with the vocabulary, major classifications, major theoretical frameworks, differential diagnosis, and practical aspects of mental illness. Prerequisite: PS105.  (Spring)

PS315SP Abnormal Psychology (3)  (SPS)
This course introduces students to the theoretical and practical aspects of abnormal behavior. Students will become familiar with the vocabulary, major classifications, major theoretical frameworks, differential diagnosis, and practical aspects of mental illness. Prerequisite: PS105. School of Professional Studies. Offered as needed.

PS318 Psychology of Women (3)
This class will study research concerning the psychology of women. Students will analyze social, cultural, historical, and spiritual influences on individual psychology.

PS325 Sensation and Perception (3)
A survey of the current scientific models, concepts, and integrative theories that encompass the field of human sensory and perceptual studies, with a special emphasis on the neurological and cognitive features of vision. Prerequisite: PS105. (Spring, odd years)

PS325SP Sensation and Perception (3)  (SPS)
A survey of the current scientific models, concepts, and integrative theories that encompass the field of human sensory and perceptual studies, with a special emphasis on the neurological and cognitive features of vision. Prerequisite: PS105. School of Professional Studies. Offered as needed.

PS328 Family Systems (3)
This course introduces the student to various models of family therapy used today. Structural and strategic family therapies will be presented, as well as multigenerational family therapy and experiential family therapy. Each approach will highlight key figures in the field and their models will be discussed from a Christian counseling perspective. Specific issues of working with families will be highlighted.  (Fall, odd years)

PS328SP Family Systems (3)  (SPS)
This course introduces the student to various models of family therapy used today. Structural and strategic family therapies will be presented, as well as multigenerational family therapy and experiential family therapy. Each approach will highlight key figures in the field and their models will be discussed from a Christian counseling perspective. Specific issues of working with families will be highlighted. School of Professional Studies. Offered as needed.

PS406 History and Philosophy of Psychology (3)
An examination of the historical development of the field of psychology with specific emphases on its relationship with science, its engagement with Christian religious belief and practice, and its role as an intellectual force in Western culture. Junior or Senior classification. Prerequisite: PS105 or approval of instructor (Fall, odd years)

PS407 Marital/Premarital Counseling (3)
This course will consider the dynamics of the marital relationship as well as the premarital. The dynamics of these relationships will be explored and considered in the counseling process and discussed from a Christ-centered perspective. It will encompass the varying strategies and techniques that are utilized in the counseling process. A premarital counseling model will be developed by each student. Biblical counseling models as well as alternatives to traditional therapy approaches will be discussed. (Fall)
PS407SP Marital/Premarital Counseling (3) (SPS)
This course will consider the dynamics of the marital relationship as well as the premarital. The dynamics of these relationships will be explored and considered in the counseling process and discussed from a Christ-centered perspective. It will encompass the varying strategies and techniques that are utilized in the counseling process. A premarital counseling model will be developed by each student. Biblical counseling models as well as alternatives to traditional therapy approaches will be discussed. School of Professional Studies. Offered as needed.

PS408 Trauma Therapy (3)
This course introduces various theories of crisis counseling and trauma therapy, such as critical incident stress management (CISM) and debriefing (CISD). A second emphasis is trauma models of therapy: trauma and dissociation, assessments, treatments, and therapies. Special cases will focus on grief, sexual assault, sexual abuse, and relational trauma. (Spring)

PS408SP Trauma Therapy (3) (SPS)
This course introduces various theories of crisis counseling and trauma therapy, such as critical incident stress management (CISM) and debriefing (CISD). A second emphasis is trauma models of therapy: trauma and dissociation, assessments, treatments, and therapies. Special cases will focus on grief, sexual assault, sexual abuse, and relational trauma. School of Professional Studies. Offered as needed.

PS415 Internship (3)
This course blends the undergraduate major’s experience in a real-world, supervised employment, or volunteer work setting with the student’s best effort to reflect on that experience in the context of their academic discipline. In other words, a successful Internship experience should promote learning—learning to do well in the workplace but also learning how the scholarly discipline of psychology is connected to that work. The successful experience will also position the student more favorably for graduate study or a professional career following graduation. Junior or Senior classification. Prerequisite: PS105. School of Professional Studies. Offered as needed.

PS418 Group Dynamics (3)
This class is an examination of various aspects of groups, including stages of group formation, group structure, roles, and leadership styles. Theories of group process are presented. Some assessments for personal group style are presented and implemented. The purpose of the course is to increase students’ skills in a group setting.

PS418SP Group Dynamics (3) (SPS)
This class is an examination of various aspects of groups, including stages of group formation, group structure, roles, and leadership styles. Theories of group process are presented. Some assessments for personal group style are presented and implemented. The purpose of the course is to increase students’ skills in a group setting. School of Professional Studies. Offered as needed.

PS425 Advanced Research Lab (3)
This course is designed to be a continuation of PS235 (Social Science Research Methods). This course will further a student’s knowledge and experiences in the area of empirical research psychology. In addition to critically evaluating current literature, students will be required to design, conduct, analyze, and report the results of a semester-long project. Practical and ethical considerations of actually conducting a research project will be emphasized. Prerequisite: PS105, PS235. (Fall)

PS428 Interpersonal Communication (3)
Identify communication problems in interpersonal relationships including ethical communication, self-disclosure, perception, interviewing, conflict management, verbal and nonverbal communication. The student will exhibit competent language skills through oral reports, working in dyads and small groups, and class simulations.

PS438SP Psychology of Death and Dying (3)
This course will introduce lifespan development and the final stages of the process of Death and Dying. Students will compare and contrast historical and modern attitudes toward death and dying found in literature, rituals, religion, philosophy, film, medico-legal issues, and in the process of clarifying the attitudes and values of diverse peoples. School of Professional Studies. Offered as needed.

PS491-493 Special Topics in Psychology (1-3)
This course includes a variety of focused studies on specific issues related to psychology and Christianity.
PS495 Psychology and Christianity (3)
This course is an overview of some basic approaches to the integration of psychological science with Christian truth. The two do not always correspond. This interdisciplinary integration is explored through various models that scholars have attempted to use. Students will engage in thoughtful discussion on difficult integrative topics and develop their own perspectives and convictions regarding integration. Requires Senior status. Prerequisite: PS105. (Spring)

PS495SP Psychology and Christianity (3) (SPS)
This course is an overview of some basic approaches to the integration of psychological science with Christian truth. The two do not always correspond. This interdisciplinary integration is explored through various models that scholars have attempted to use. Students will engage in thoughtful discussion on difficult integrative topics and develop their own perspectives and convictions regarding integration. Requires Senior status. Prerequisite: PS105 (Spring) School of Professional Studies. Offered as needed.

SCIENCE

SC114 Biology I: Cell Biology and Genetics (3)
Biology I is a survey of principles of molecular and cellular biology. The following topics are covered in this course: the process of scientific research, chemistry of life, metabolism, cellular structure and function, the cell cycle, meiosis, and genetics. Concurrent enrollment in SC114L is required. (Fall) Enrollment restricted to Health Science majors or by approval of instructor.

SC114L Biology I Lab (1)
This laboratory course involves “hands-on” opportunities to investigate biological principles related to cell structure, the cell cycle, meiosis, transmission genetics and molecular genetics. Concurrent enrollment in SC114 is required. Enrollment restricted to Health Science major or by approval of instructor. Lab fee: $60 (Fall)

SC124 Biology II: Organismal Biology (3)
Biology II is a survey of principles of organismal biology. The following topics are covered during this course: viruses, prokaryotes, protists, animal nutrition, circulation, respiration, defenses of the body, regulation of the internal environment, chemical signals and animal reproduction. Concurrent enrollment in SC124L is required. Prerequisite: SC114 (Spring) Enrollment restricted to Health Science majors or by approval of instructor.

SC124L Biology II Lab (1)
This laboratory course involves “hands-on” opportunities to investigate biological principles related to various taxonomic groups and human anatomy and physiology. Concurrent enrollment in SC124 is required. (Spring) Lab fee: $60. Enrollment restricted to Health Science major or by approval of instructor. (Spring)

SC133 Scientific Inquiry: Physical Sciences (3)
This course focuses on the nature and practices of science. The course also presents the history and context for the development of understanding of astronomy, physics, and chemistry through studies of selected topics. Energy is a unifying theme of these topics. Through the study of God’s creation, the student will also be challenged to better understand their Creator. Specific subject knowledge will be developed and applied. Concurrent enrollment in SC133L is required. Note: This course may not be taken by Health Science majors. (Fall and Spring)

SC133L Scientific Inquiry: Physical Sciences Lab (0)
Students will complete 12 laboratory experiments investigating the physical sciences. The experiments will emphasize the application of the scientific method Concurrent enrollment in SC133 is required. Lab fee: $60

SC143 Scientific Inquiry: Life Sciences (3)
Scientific Inquiry: Life Sciences students will apply scientific methodology and problem solving in the study of biological concepts. The course examines the origin of life, the classification of life, the characteristics of life, cellular processes, body systems, genetics and the omnipotence of God, the Creator. Concurrent enrollment in SC143L is required. (Fall and Spring) Note: This course may not be taken by Health Science majors.

SC143L Scientific Inquiry: Life Sciences Lab (0)
Students will conduct laboratory investigations and activities utilizing scientific methodology. Concurrent enrollment in SC143 is required. Lab fee: $60 (Fall and Spring)

SC143SP Scientific Inquiry: Life Sciences and Lab (3) (SPS)
Scientific Inquiry: Life Sciences students will apply scientific methodology and problem solving in the study of biological concepts. The course examines the origin of life, the classification of life, the characteristics of life, cellular processes, body systems, genetics and the omnipotence of God, the Creator. School of Professional Studies. Offered as needed.
SC213 Biology of Plants and Animals (3)
This course is an examination of the protozoans, invertebrates, vertebrates, cyanobacteria, algae, fungi, bryophytes, seedless vascular plants, gymnosperms, and angiosperms. Prerequisites: SC114, SC124 (Fall) Note: This course may not be taken by Health Science majors.

SC214 General Chemistry I (3)
Chemistry is the study of the structure of matter. This survey course covers principles, concepts, and methods which are basic to the study of chemistry. Topics include atomic structure; stoichiometry; gases, liquids, and solids; reaction processes, chemical energy, and bonding theories and concepts. Concurrent enrollment in SC214L is required. (Fall) Enrollment restricted to Health Science majors or by approval of instructor. (Fall)

SC214L General Chemistry I Lab (1)
Laboratory experiments are used to demonstrate chemical principles. Activities will investigate reaction processes, apply atomic theories and energy concepts, and utilize stoichiometry. Concurrent enrollment in SC214 is required. Lab fee: $60. Enrollment restricted to Health Science majors or by approval of instructor. (Fall)

SC224 General Chemistry II (3)
Chemistry is the study of the structure of matter. This survey course will investigate evidence for the atomic theory of matter and will seek to interpret and apply atomic theories. Topics of study include kinetics; equilibrium, acids, bases, and buffers; electrochemistry; nuclear chemistry; organic and biochemistry; and characteristics of element groups. Concurrent enrollment in SC224L is required. Prerequisite: SC214 (Spring) Enrollment restricted to Health Science majors or by approval of instructor. (Spring)

SC224L General Chemistry II Lab (1)
Laboratory experiments demonstrate and investigate chemical principles. The activities will investigate reaction processes, apply atomic theories and energy concepts, and utilize stoichiometry. Concurrent enrollment in SC224 is required. Lab fee: $60. Enrollment restricted to Health Science majors or by approval of instructor. (Spring)

SC234 Human Anatomy and Physiology I (3)
A study of the structure (anatomy) and function (physiology) of the human body. Topics to be covered include: the chemical basis of life, cell structure and metabolism, tissues, the integumentary system, skeletal system, muscular system, nervous system, and endocrine system. Concurrent enrollment in SC234L is required. (Fall) Enrollment restricted to Health Science majors or by approval of instructor. (Fall)

SC234L Human Anatomy and Physiology I Lab (1)
The laboratory course provides students with a hands-on investigation of cells, tissues, the integumentary system, skeletal system, muscular system, nervous system, and endocrine system. Concurrent enrollment in SC234 is required. Lab fee: $60. (Fall)

SC244 Human Anatomy and Physiology II (3)
A study of the structure (anatomy) and function (physiology) of the human body. Topics to be covered include the cardiovascular system; lymphatic system and immunity; respiratory system; digestive system; metabolism and nutrition; urinary system; fluid, electrolyte, and acid-base balance; reproductive system; and development and inheritance. Concurrent enrollment in SC244L is required. Prerequisite: SC234 and SC234L (Spring)

SC244L Human Anatomy and Physiology II Lab (1)
The laboratory course provides students with a hands-on investigation of the cardiovascular system, lymphatic system, respiratory system, digestive system, urinary system, and reproductive system. Prerequisite: SC234 & SC234L Concurrent enrollment in SC244 is required. Lab fee: $60. (Spring)

SC304 Medical Microbiology (3)
This course involves an examination of functional anatomy of bacteria, viruses, fungi and protozoans. Topics such as pathogenicity, microbial control, epidemiology, and immunology are covered. The infectious diseases of the various body systems are also covered. Concurrent enrollment in SC304L is required. Prerequisites: SC114, SC124 (Fall and Spring)

SC304L Medical Microbiology Lab (1)
This laboratory course involves an examination of various microorganisms, methods of staining, culturing and isolating bacteria and an examination of the medical applications of various laboratory techniques. Concurrent enrollment in SC304 is required. Lab fee: $60 (Fall and Spring)

SC314 Organic Chemistry I (3)
Organic Chemistry provides an examination of the basic principles of organic chemistry. The emphasis is on molecular structure, reactions of functional groups, and mechanisms of reactions. Concurrent enrollment in SC314L is required. Prerequisite: SC224 (Fall)

SC314L Organic Chemistry I Lab (1)
Organic Chemistry Lab provides experiences in techniques used in the study of organic chemistry and in organic reactions through the analysis and synthesis of organic compounds. Laboratory experiments will be conducted on both micro and macro scales. Concurrent enrollment in SC314 is required. Lab fee: $60 (Fall)
SC324 Organic Chemistry II (3)
Organic Chemistry provides an examination of the basic principles of organic chemistry. The emphasis is on molecular structure, reactions of functional groups, and mechanisms of reactions. Concurrent enrollment in SC324L is required. Prerequisite: SC314 (Spring)

SC324L Organic Chemistry II Lab (1)
Organic Chemistry Lab provides experiences in techniques used in the study of organic chemistry and in organic reactions through the analysis and synthesis of organic compounds. Laboratory experiments will be conducted on both micro and macro scales. Concurrent enrollment in SC324 is required. Lab fee: $60 (Spring)

SC343 Health Care Practice (3)
This is an upper division Health Science course designed to train and equip students in the basics of health care, to prepare them to assess and promote sustainable community-based health practices in the developing world. Upon completion of this course, students will have the opportunity to travel to support medical professionals in providing health care services to the people of Haiti. Each year, during the fall semester, students must apply and be accepted as part of the Haiti Medical Mission team in order to take this course.

SC353 ML/HS Content Methods (3)
ML/HS content methods focuses on “hands-on” activity based science learning. Students will develop and implement a 10 day work sample and participate in other exercises in preparation for teaching biology in a middle or high school classroom. Note: This course may not be taken by Health Science majors. Prerequisite: Admittance in School of Education required. Co-requisite: ED331. (Spring)

SC364 General Ecology (3)
This course builds an understanding of general ecology through real world applications. Topics include the interactions between organisms and biotic/abiotic environments, the integration of interactions within a technological world, environmental issues and ethics, and interrelationships of humanity with the world and its natural resources. Prerequisite: SC124. Note: This course may not be taken by Health Science majors.

SC374 Genetics (3)
This course examines Mendelian genetics, the chromosomal basis of inheritance, non-Mendelian genetics, genetic mapping, mutations and DNA repair, gene expression, gene regulation, and biotechnology. Concurrent enrollment in SC374L is required. Prerequisites: SC114, SC124, SC214, SC224, SC314, SC324. (Spring)

SC374L Genetics Lab (1)
The laboratory course involves experimentation and analysis of genetic principles in the areas transmission genetics and molecular genetics. Concurrent enrollment in SC374 is required. Lab fee: $60 (Spring)

SC4031 Biochemistry (3)
Chemistry of biological systems: amino acids, proteins, enzymes and catalysis; carbohydrates, lipids and membranes; metabolism and its regulation; gene structure, replication and expression. Prerequisites: SC114, SC124, SC314, SC324 or co-requisite enrollment in SC324 with permission of instructor. (Spring, Alt.)

SC412 Advanced Physiology I (3)
This course will cover the topics of cellular communication, neurology, endocrinology, and reproductive physiology. Principles of homeostatic operation, regulation, and integration from the cellular to the organismal level are emphasized. Content will include how pathophysiological mechanisms disturb homeostasis and result in disease. Prerequisites: SC114, SC124, SC214, SC224, SC234, SC244. (Fall)

SC414 Physics I (3)
Physics I focuses on the study of energy within mechanics, heat, kinetic theory, and sound. The use of vector descriptions and computations will be emphasized. The course requires proficiency in the use of algebra and trigonometry. Concurrent enrollment in SC414L is required. (Fall)

SC414L Physics I Lab (1)
Physics I Lab provides the student with hands on investigation of moving objects, forces, thermodynamics, and mechanical waves. Students will design experiments, collect and analyze data, and prepare lab reports. Concurrent enrollment in SC424 is required. Lab fee: $60 (Fall)

SC422 Advanced Physiology II (3)
This course will cover the topic of cardiovascular physiology, respiratory physiology, and renal physiology. Principles of homeostatic operation, regulation, and integration from the cellular to the organismal level are emphasized. Prerequisites: SC114, SC124, SC214, SC224, SC234, SC244. (Spring)

SC424 Physics II (3)
Physics II focuses on the study of energy related to electricity, magnetism, optics and modern physics. Field theories will be emphasized. The course requires proficiency in the use of algebra and trigonometry. Concurrent enrollment in SC424L is required. (Spring)
SC424 Physics II Lab (1)
Physics II Lab provides the student with hands-on investigation and applications of electricity, magnetism, optics, and modern physics. Students will design experiments, collect and analyze data, and prepare lab reports. Concurrent enrollment in SC424 is required. Lab fee: $60 (Spring)

SC434 MACT: Medical College Assessment Test Prep (3)
This is an upper division Health Science course that is designed to prepare students for the Medical College Acceptance Test. The course is taught by trained Kaplan Test Prep Instructors and uses Kaplan’s MCAT curriculum. The course is designed along the American Association of Medical Colleges’ MCAT test blueprint, including its 10 foundational concepts, 31 content categories, and 4 scientific inquiry and reasoning skills. Each lesson focuses on a collection of specific learning outcomes based on the MCAT 2015 exam design. This is a Pass/Fail Course.

SC435 Cell and Molecular Biology (3)
Examination of eukaryotic cell structure and function at the molecular level with specific emphasis on membranes, organelles, cytoskeleton, signaling, division, differentiation, energetics, apoptosis, gene structure and function, DNA replication, RNA and protein synthesis, viruses, and analysis of experimental methodologies used to study subcellular components. Concurrent enrollment in SC435L is not required but recommended. Prerequisites: SC114, SC124, SC214, SC224. (Spring)

SC435L Cell and Molecular Biology Lab (1)
This laboratory course provides students with the opportunity to run various cell and molecular biology experiments with emphasis on development of such laboratory techniques as mammalian cell culture, RNA extraction, RNA gel electrophoresis, reverse transcription, primer design, polymerase chain reaction, and DNA gel electrophoresis. Concurrent enrollment in SC435 is not required but recommended. Prerequisites: SC114, SC124, SC214, SC224. Lab fee: $60 (Spring).

SC481-483 Internship (1-3)
Internships are provided in cooperation with a health-care site designed to give the student the opportunity to explore the setting and opportunities in health care.

SC498 - Issues in Health Science (3)
An examination of the various issues related to health science and the health care profession including the philosophy of science, origins and bioethics. Prerequisites: SC114, SC124. Open only to junior and senior Health Science majors. (Fall)

SOCIOLOGY

SO203 General Sociology (3)
Introduction to basic sociological concepts concerning the individual, culture, and group life. (Fall)

SO203SP General Sociology (3) (SPS)
Introduction to basic sociological concepts concerning the individual, culture, and group life. School of Professional Studies. Offered as needed.

SO333SP Family Violence and Dysfunction (3) (SPS)
This course is an examination of the nature and consequences of violence that occurs within the family and community setting. Issues to be studied include spousal abuse, intimate partner violence, dating violence, and elder abuse as well as prevention and treatment for offenders and victims. This social phenomenon will be studied using theory and existing research, and case studies will be analyzed and discussed within the context of current developments. School of Professional Studies. Offered as needed.

SO335SP Child Abuse and Neglect (3) (SPS)
This course is an examination of the nature and consequences of violence that occurs within the family setting, specifically to children birth through 17. Issues to be studied include child physical abuse, sexual abuse, emotional abuse and neglect as well as prevention and treatment for offenders and victims. The issues of abuse and neglect will be studied using theory and research, and case studies will be analyzed and discussed within the context of current developments. School of Professional Studies. Offered as needed.

SO343SP Marriage and the Family (3) (SPS)
The course addresses human relationships and the dynamics of marital and family relationships using secular and Biblical principles. Students learn to analyze personal interactions and the characteristics of strong families. Singleness as an alternative to marriage is evaluated. School of Professional Studies. Offered as needed.
SO353SP Parenting (3) (SPS)
The course has been designed to assist the family life professional in establishing a foundation for understanding the dynamics of parent-child relationships. Parenting is presented as a process that changes over time. Both child and parent develop across the life span. Topics covered are areas of concern to parents and to professionals working with parents. These include definitions, changing conceptions of parenthood, communication, discipline, guidance, self-esteem, child abuse, day care, single parenting, and step-parenting. School of Professional Studies. Offered as needed.

SO363SP Ethnicity, Social Class and the Family (3) (SPS)
This course focuses on the effect of cultural and ethnic diversity in human development and family issues. Students examine cultural and ethnic diversity in the definition of family and family patterns. The main goal is the development of sensitivity and awareness so that students can identify ethnicity and family patterns. School of Professional Studies. Offered as needed.

SO491-493 Special Topics in Sociology (1-3)
Focused studies on specific issues in sociology. Requires instructor and department approval.

SOCIAL SCIENCE

SS353 Methods and Materials/Secondary Social Studies (SPS)
This is a special methods course for credential candidates in secondary school social studies. Students will examine the content of secondary social studies programs as well as methodology and instructional materials. Students will explore current theory, methodology, and instructional materials and challenged to investigate prominent world views and develop a personal world view from a Christian perspective. This course will involve collaboration, reading and sharing, and the development of a resource notebook and a work sample. Prerequisite: Admittance to School of Education required. Corequisite: ED331 Instructional Alignment II. (Spring)

SS403SP Family Facilitation Programming (3) (SPS)
Students will become acquainted with the essential principles for developing and delivering programs for families, with some emphasis on all groups. The focus will be how the special learning needs of family members translate into program design. Through class exercises students will gain some experience in all phases of program implementation. This will include actual development and demonstration of a family wellness program. School of Professional Studies. Offered as needed.

SS453 Special Methods in Content Area (3)
This course is designed to help students develop specific teaching skills related to their individual content areas of expertise. Students will develop a complete teacher work sample.

SPANISH LANGUAGE

SP113 First Year Spanish – Term 1 (3)
This course is designed to promote practical conversational Spanish and basic grammar skills for students whose first language is not Spanish and/or who have no previous Spanish training. (Fall)

SP123 First Year Spanish – Term 2 (3)
This course expands practical conversational skills and basic grammar for students whose first language is not Spanish but who have previous Spanish training and/or experience through SP113. (Spring)

SP213 Second Year Spanish – Term 1
This course involves intensive practice in speaking, reading, and writing. First in a sequence of two. Prerequisite: SP 113 and SP123 or previous Spanish training. (Fall)

SP223 Second Year Spanish – Term 2
This course involves intensive practice in speaking, reading, and writing and promotes literary and cultural readings. First in a sequence of two. Prerequisite: SP213 or permission of the Instructor. (Spring)

THEOLOGICAL STUDIES

TH205 Introduction to Theology (3)
Introduction to Christian Theology is a study of Christian doctrine that helps the student develop an integrated system of theology, which relies on God’s revelation in the Bible. Introduction to Christian Theology will address the classical areas of evangelical theology: the Bible, God/The Trinity, Christ, the Holy Spirit, Humanity/Sin, Salvation, the Church, the End Times.

TH205SP Introduction to Theology (3) (SPS)
Introduction to Christian Theology is a study of Christian doctrine that helps the student develop an integrated system of theology, which relies on God’s revelation in the Bible. BIBLICAL STUDIES

BI511 Interpreting Scripture (3)
An introduction to valid methodology in determining the original meaning of biblical texts and applying their modern significance. Special attention is given to the structure and underlying presuppositions of the original text and the problem of prior understanding on the part of the interpreter. Building upon the foundation of sound hermeneutical and exegetical principles, the student will gain skill in doing exegesis through observation of good exegetical models and thorough practice in personally applying the principles to selected texts. The examples and exercises in this course are based upon the English Bible, but are designed to prepare the student for effective biblical study, whether in translation or in the original languages. Cross list with BI473. Students may not receive credit for both BI473 and BI511.

BI512 Learning and Living OT History (3)
A study of the Old Testament books of Genesis through Esther with an emphasis on their content, integrity, and theology within their historical, cultural, and, geographical backgrounds. The biblical meaning will also be related to contemporary Christian living, thinking and ministry.

BI513 Learning and Living OT Poets and Prophets (3)
A study of the Old Testament books of Job through Malachi with an emphasis on their content, integrity, and theology within their historical, cultural, and, geographical backgrounds. The biblical meaning will also be related to contemporary Christian living, thinking and ministry. Cross list with BI470. Students may not receive credit for both BI470 and BI513.

BI522 Learning and Living Gospels and Acts (3)
A study of the four New Testament gospels and Acts with an emphasis on their content, integrity, and theology within their historical, cultural, and, geographical backgrounds. The biblical meaning will also be related to contemporary Christian living, thinking and ministry.

BI523 Learning and Living Epistles and Revelation (3)
A study of the New Testament epistles and Revelation with an emphasis on their content, integrity, and theology within their historical, cultural, and, geographical backgrounds. The biblical meaning will also be related to contemporary Christian living, thinking and ministry.

BI600 Learning and Living Bible Book Study (3)
Bible book electives provide an opportunity to engage in in-depth analytical study of selected books in both the Old and New Testaments. The nature of each book will determine the approach used in course development. However, each book will be analyzed within its historical, cultural, literary, and grammatical setting in order to determine its intended meaning and significance for today. Prerequisite: BI511

CHRISTIAN MINISTRY

CM501 Growing in the Lord (3)
An introductory study of the nature and practice of Christian/spiritual formation. The theological foundations for spiritual formation will be explored as it pertains to man’s sinful condition (original sin), the transforming power of the cross, and the New Covenant ministry of the Spirit working in conjunction with the God-ordained means of grace. Biblical principles are identified and applied that will lead students to evaluate their own relationship with God amidst the struggles faced in ministry, and to discern and cultivate realistic and personal strategies that will nurture their love for God and others. Special attention is devoted to the dangers of moral formation and the importance of community as the context for Christian formation. Cross list with TH463. Students may not receive credit for both CM501 and TH463.

CM511 Preaching Scripture I (3)
An introduction to the basic elements of sermon preparation and delivery for the purpose of developing exegetical and homiletical skill in biblical preaching. These elements include the process of expository preaching, sermon structure and organization and effective communication skills so that sermons are true to Scripture and relevant to today’s audiences. Students will practice sermon delivery in supervised preaching experiences. Cross list with CM473. Students may not receive credit for both CM473 and CM511.

CM521 Preaching Scripture II (3)
A development of CM 511 designed to prepare the student to preach from the wide variety of biblical literary genres and in a variety of ministry settings. Attention will also be given to long-range sermon planning and advanced communication skills for preaching. Prerequisite: CM 511 Cross list with CM474. Students may not receive credit for both CM474 and CM521.
CM531 Teaching Scripture (3)
A study of the essentials for effective Bible teaching and key principles of learning and teaching. Students will practice using creative classroom methods in supervised teaching experiences.

CM541 Building a Christ-centered Home (3)
A study designed to provide a biblical understanding of the issues, responsibilities, and problems in developing and maintaining Christ-centered families.

CM551 Becoming a Servant Leader (2)
A core course designed to help students gain an accurate knowledge of themselves in how they have been shaped and prepared by God for an optimal role in furthering His purposes. Through the use of a variety of inventories, lifemapping, personal reflection, interviews, and direction from the instructor, students will be assisted in assessing how their gifting, natural abilities, experience, personality and passion contribute to their development in leadership. (Course Fee)

CM552 Youth Mentoring Ministry in the Church (3)
The Church is built on mentoring. Jesus mentored His disciples and they in turn mentored others till they “turned the world upside down.” This course will examine the biblical and sociological basis for mentoring ministry to reach youth in the community and in the church. We will explore the research-based practices that make those relationships safe and effective.

CM554/562 Supervised Experience (1-2)
Supervised field-based experience in the student’s intended vocational context, under the supervision and encouragement of an experienced mentor.

CM593 Special Topics in Church Ministry (3)
Focused study on a specific topic in the field of Christian ministry. Offered as needed. (Course Fee)

CM611 Counseling in Ministry (3)
A study of biblical principles of counseling together with a review of major counseling theories and practices, legal issues, and special problems encountered in ministry counseling.

CM641 Leading Ministries (3)
A core course designed to help those in Christian ministry develop a biblical theology of leadership and discern how that applies to today’s diverse ministry contexts. In doing so, the Scriptures will be examined against the background of current leadership thinking in order to build a foundation for leadership that is biblically-based and culturally-informed. Special focus will be given to studying the principles of leadership that apply to both individuals and institutions as they relate to the character, values, skills, tasks, and context of leadership. Finally, students will have the opportunity to discover and explore their own particular style of and capacity for leadership. (Course Fee)

CM651 Fulfilling the Church’s Purpose (3)
A study of the biblical directives concerning church ministry, allowing for needed adaptation to current cultures, and directing the student in analyzing competing methodologies and perspectives of church ministry from a biblically based foundation.

CM661 Ministering in the Church (3)
An examination of the nature of leading ministries with emphasis upon the person and role of the pastor in conjunction with his ministry opportunities in the church. Principles of leadership and administration of the church are examined in light of Scripture and general managerial practice, along with practical training in the various areas of pastoral ministry.

CM671 Ministering Cross-culturally (3)
A study of the elements and expressions of culture as they influence ministry, with special attention given to specific skills for exegeting a cultural setting for ministry.

CM814 The Spiritual Life of a Leader: How Leaders are Transformed (4)
The Spiritual Life of a Leader is a core course designed to enable ministry leaders to reflect upon their relationship with God more knowledgeably, perceptivey and objectively amidst the responsibilities and challenges of ministry leadership. Students will develop and apply realistic transformative strategies designed for their own spiritual growth within the context of Christian community. Special attention will be given to the exploration of the theological foundations of spirituality as it pertains to the human condition before God, the transforming power of the cross, and the New Covenant ministry of the Spirit working in conjunction with the God-ordained means of grace.

CM824 Personal Leadership Foundations: How God Shapes Leaders (4)
Personal Leadership Foundations is a core course designed to help ministry leaders gain a deeper knowledge of themselves in how they have been shaped and prepared by God for an optimal role in His mission. Students will be led through an assortment of assessments that facilitate profound reflection upon their personal and professional lives to the end that they will be able to competently and confidently grow in their calling and cooperate with the Spirit’s transformative work in and through their ministry context.
CM834 Philosophic Foundations of Leadership: How Leadership Works (4)
This course examines the philosophic foundations of leadership from a biblical and socio-historical perspective. Students will be directed to consider past and present leadership theory and praxis in light of Scripture. Best practices will be identified and examined in concert with Scripture in order to build a foundation for leadership that is rooted in the historical Christian faith and culturally-informed and relevant.

CM844 The Culture of Leadership: How Leaders Exegete Ministry Culture (4)
The course assists students in the practice of ethnography. How organizations develop, maintain and change their cultures will be introduced. Students will learn to conduct a 360-degree assessment of their organizations in terms of ministry effectiveness.

CM854 The Analytic Dimension of Leadership: How Leaders Develop the Strategic Plan (4)
The course focuses on the content of leadership and how leaders develop it. Leadership practices such as visioneer, strategic planning, goal-setting, team building, leadership development will be examined from a biblical and socio-historical perspective. Students, in cooperation with their governing board(s), will create a strategic plan for their ministries and/or develop the resources necessary to implement it.

CM864 The Human Dimension of Leadership: How Leaders Manage the Strategic Process (4)
The course addresses the various roles, responsibilities and challenges of leadership regarding the people they serve and lead. This will include such topics as how leaders navigate change, manage conflict, deal with difficult people, and handle communication.

CM891 Thesis-Project Seminar I (1)
This course prepares students to conduct research in preparation for writing a thesis-project including an introduction to the use of Turabian and those requirements of form and style necessary for writing a doctoral-level project. Additionally, this course familiarizes students with the entire thesis-project process and introduces them to its specific components. Students will identify a problem of ministry within their context of service, create a research question and hypothesis and develop a thesis-project pre-proposal.

CM892 Thesis-Project Seminar II (1)
This course equips students to develop a valid and suitable methodology that serves as the “project” of the thesis-project. Additionally, students will be guided through the process of writing an acceptable proposal that includes a preliminary review of literature and an outline of biblical and theological material pertinent to the thesis-project topic. The course is intended to culminate in the submission and official acceptance of the student’s thesis-project proposal.

CM893 Thesis-Project Seminar III (1)
This course is designed to help students become oriented to methodological approaches used for validating social research. Students will learn how to organize, administer and evaluate their projects. Special focus will be given to enabling students to administer a suitable methodology to test their project hypothesis, draw concise and accurate conclusions, and develop a means by which the project results can be reported. The course is intended to culminate in the submission of the first draft of the Research and Methodology chapter of their thesis-project.

CM894 Thesis-Project Writing (3)
Students register for this thesis-project unit upon completion of all program course work, typically in January of their fourth year. Students undertake the necessary work to complete their thesis-project and submit a final draft in preparation for an oral defense. A thesis-committee will be organized consisting of the thesis-project mentor and reader to help guide the participant through the writing process, approving each aspect of the thesis-project from the initial proposal through to the final draft.

CM895 Doctoral Thesis Continuing (0)
This course constitutes year two of writing their Thesis Project. This course includes a $1,000 fee.

CM896 Doctoral - Continuing (0)
This course constitutes year three of writing the Thesis Project and under certain conditions can be repeated. This course includes a $500 fee.

COUNSELING

CN501 Counseling Theory & Skills I (4)
This course introduces students to theories of counseling and psychotherapy from a historical-chronological perspective. As students are exposed to these models (including psychoanalytic therapy, Adlerian therapy, person-centered counseling, Gestalt therapy, humanistic-existential therapy, and a variety of cognitive-behavioral) they will be encouraged to incorporate their own values about the human change process and their faith with these theories and counseling processes in order to begin to define their own theoretical orientation to counseling. Students will begin microskills identification and practice.
CNS01A Skills I (2)
This course is designed to develop competencies in basic counseling processes and skills. To facilitate competencies students will participate in self-critique, peer critique, and supervisor critique of videotaped interviews with peer clients. This course is designed for transfer students who may have previously taken a theory/skills class, in order to determine skill level.

CNS02 Counseling Theory & Skills II (4)
This course will examine theories as they apply to the treatment of children. As students are exposed to these models (including psychoanalytic therapy, Adlerian therapy, person-centered counseling, Gestalt therapy, humanistic-existential therapy, and a variety of cognitive-behavioral) they will be encouraged to incorporate their own values about the human change process and their faith with these theories and counseling processes in order to begin to define their own theoretical orientation to counseling. Students will also continue micro skills identification and practice.

CNS12 Practicum (2)
This course is designed to continue the development of competencies in basic counseling processes and skills. This is the first 100 hours of a 700-hour field experience at an agency setting. Students will complete a 100 hour supervised practicum experience including 4 weeks of job shadowing, and 11 weeks of individual direct client service (40 hours total), 1 hour of weekly individual supervision, and 1 ½ hours weekly group supervision. The practicum will take place in an agency setting. There is an additional fee for this course.

CNS21 Introduction to Family Counseling (3)
This course is an overview of major theoretical approaches to marriage and family counseling. Students are introduced to techniques and interventions in systems therapy approaches and they will begin to develop competencies essential for assisting families in improving relationships.

CNS22 Counseling Across the Life Span (3)
This course is a study of the relationship of human development to the counseling profession. Theories of human growth and development including affective, behavioral, cognitive, physical, neurobiological and moral development. Theories of personality, and learning will be explored as each pertain to understanding the relationship of human development to counseling children and adults.

CNS23 Group Counseling (3)
This course is an experiential and conceptual introduction to the therapeutic group experience including: group counseling approaches, models and theories, and group facilitation skills, issues of group leadership, power, and process, group counseling goals, composition, and phases. An experiential group experience is included in this course.

CNS31 Foundations of the Counseling Profession (3)
This course is designed to introduce the student to the field of counseling. This course addresses the foundations of mental health counseling, it’s theoretical and philosophical basis, historical antecedents, current theories, ethical issues, professional identity, and values, multi-cultural and diversity practice issues, social advocacy opportunities, and provides an overview of current practice environments.

CNS32 Social & Cultural Foundations (3)
This course addresses how living in a multicultural society affects clients who are seeking clinical mental health counseling. Students will investigate attitudes and perspectives regarding gender, race, ethnicity, sexual orientation, age, and other cultural differences. Particular emphasis will be placed upon biblical, historical, and cultural perspectives and the impact current views have on the counseling relationship. Students will be encouraged to expand their points of view of diverse populations leading toward successful therapeutic relationships and an acceptance of all persons.

CNS33 Career, Life Planning, & Consultation (3)
This course is designed to investigate the concept of career as a lifespan process. Students investigate theories of adult career development as well as strategies and methods to facilitate clients’ career decisions. Emphasis is placed on the decision-making process, issues of career counseling with special populations, and the role of counselor consultation.

CNS34 Appraisal of the Individual (3)
This course provides for the development of a framework for understanding assessment’s role throughout in the counseling process. Students will learn the principles of assessment including concepts of measurement, assessment methods, and the role that the application of assessment plays in the counseling process.

CNS35 Psychopathology, Diagnosis and Treatment Planning (3)
This course introduces the principles of the diagnostic process, including differential diagnosis, and the use of current diagnostic tools such as the Diagnostic and Statistical Manual (DSM). Students will explore principles and models of psychosocial assessment, case conceptualization, and concepts of normalcy and psychopathology leading to diagnoses and appropriate counseling treatment plans; and principles of diagnosis.
CN536 Addiction Counseling (3)
This course will explore the theory and techniques of addiction treatment including assessment, counseling theory, and interventions. The course is designed to introduce students to issues associated with addictions including substances, gambling, and eating disorders, etc. and the resulting impact on client and community systems.

CN537 Ethical and Legal Issues (3)
This course is designed to provide an overview of professional ethics and state law as applied to the counseling profession. Ethical standards are discussed from an historical and practice perspective, and an ethical decision-making model is explored. Laws that affect the professional practice of mental counseling are presented and examined. Professional issues, concerns, and associations are discussed.

CN538 Crisis, Disaster and Trauma Counseling (3)
The course examines the implications that crisis, trauma, and disasters have on clients. Assessment and intervention skills based on an understanding of developmental stages, cultural diversity, and the unique nature and impact of crisis will be discussed. Counselor personal reactions and experiences will also be explored. Students will examine relevant research on crises, suicide, interpersonal neurobiology, and disasters as well as appropriate treatment planning and diagnosis.

CN539 Psychopharmacology for Counselors (2)
This course is designed to introduce the fundamentals of psychotropic medications and their therapeutic applications to the non-medical clinical mental health care provider. Ethical practice issues, practical issues of assessment, counselor consultation, and referral will be explored.

CN541 Research Methods (3)
This introductory course examines quantitative and qualitative research methodology in the social sciences. Introductory statistical concepts, such as measures of central tendency and variability, standard scores, and hypothesis testing are explored. Students will learn how to critically evaluate research relevant to the practice of clinical mental health counseling.

CN561-563 Internship (3)
The internship is the culminating field experience of the program and requires completion of a supervised experience of 600 clock hours over at least two semesters. This experience is designed to provide the student with on-site placement in a public or private mental health setting that creates the bridge between training and professionalism. Components of the learning experience include: direct client service, individual supervision, group supervision, peer learning, video/audio tape review and consultation. (credits variable 1-3 for each term). There is an additional fee for this course.

CN601 Theology & Counseling (2)
This is the first of three courses designed to examine topics regarding the integration of counseling and theology. The first course provides an overview of various Bible Doctrines including: Theology Proper, A Trinitarian view of God, Hamartiology, Anthropology, Salvation, Sanctification, and Eschatology. Students will begin to develop their theory of the nature of man, how people change, and a biblical integration of counseling.

CN602 The Theology of Counseling and Christian Growth (2)
The second of three courses will explore various views of integration of psychology and theology. Students will examine the topics of sin and grace as they relate to the human condition. The student will continue the development of a theory of biblical integration and counseling.

CN603 The Theology of Faith, Hope & Love (2)
This course is the third of three courses and is a continuation of CN602. The course continues the examination of Christian teaching and established schools of counseling/psychology. Students will continue to develop a theory of biblical integration and counseling that culminates in a biblical integration paper.

EDUCATION

ED501 Christian Scholarship Seminar (1)
This seminar during every student’s first semester in the MSED program will provide an overview of the unique nature of Christian Higher Education and the value of bringing a biblical worldview into academic scholarship. Students will also be introduced to writing expectations for the culminating Thesis project and receive individual guidance from their advisor to outline their MSED completion plan.

ED511 Biblical Worldview in Education (3)
This course examines how biblical belief structures influence the methods educators use to motivate people to learn. Each candidate will develop a personal statement of his/her biblical worldview and how that view affects his/her perspective on learning, teaching, and thinking on current issues in education.
EDS13 Biblical Leadership in an Educational Environment (3)
In this course students will examine the nature of biblical leadership, consider traditional theories and styles of leadership, and work to develop their own identity as leaders in an educational environment. They will study current issues in educational leadership and articulate the positive difference both formal and informal leaders can make in a given educational setting. Students will have the chance to reflect on and apply their own values and understanding to shed light on situations they are likely to face as educational leaders.

EDS50 Instructional Alignment I (2)
This is part one of a two-semester course designed to model the process of instructional alignment through all stages of curriculum development, including development of goals, objectives, content and strategies as they relate to the four levels of Oregon licensure. These concepts will be applied in age-group breakout sessions focusing on effective and developmentally appropriate teaching strategies. Micro-teaching sessions will allow students to practice the use of major teaching strategies. The course will culminate with the design and development of a three-day teaching unit, including all supplemental instructional materials.

EDS51 Instructional Alignment II (2)
This is part two of a two-semester course designed to model the process of instructional alignment through all stages of curriculum development. This course builds upon the concepts presented in Instructional Alignment I. Students will be introduced to a variety of techniques appropriate for evaluating and assessing at all levels of Oregon licensure. Additional emphasis is placed upon the effective integration of technology and other media into instruction.

EDS52 Theories of Learning and Teaching (3)
This course discusses principles of human learning and related practices for classroom teaching. The psychology of learning in a school setting includes both individual and group generalizations. The roles and functions of a classroom teacher or a school leader as a facilitator of learning, and a decision maker concerning pupil needs and achievement are explored.

EDS53 Technology in Education (3)
This hands-on, project-based course fosters a demonstrated understanding of teaching with appropriate uses of technology within the educator’s specific area of interest. Topics will include how technologies foster learning, electronic portfolios, strategies for authentic assessment, criteria for selecting appropriate educational software, participating in virtual learning communities, professional development planning using the International Society for Technology in Education standards, and contemporary issues associated with information literacy and educational technology. (Summer)

EDS54 Teaching the Diverse Learner (3)
Candidates learn to select, modify, and evaluate curricular materials for individuals and groups of exceptional learners, taking into account the learners’ intelligences, cultural history, learning abilities and socioeconomic background. Candidates will work with case studies involving exceptional individuals and apply methods of instruction discussed in class. (Fall)

EDS55 Curriculum Development and Evaluation (3)
This course will provide candidates with an intensive study of pedagogical approaches and materials for teaching in schools, including state curriculum documents, curricular recommendations of professional associations, recommendations that have emerged from recent educational research, and recommendations of recent reform movements. (Summer)

EDS56 Assessment for Learning (3)
Topics explored in this course include minimum competency, norm-referenced, and criterion-referenced tests; classroom student assessment, including portfolios and open-ended problem solving with scoring rubrics; reliability; validity; interpreting scores; standardized tests; planning and constructing assessments; and evaluating assessment items. (Spring)

EDS57 Law, Policy and Politics in Education (3)
This course identifies and analyzes major policy and political trends and issues impacting education on the national, state and local levels. Recent and historical legal issues and specific decisions will also be examined to add light on the policy, politics and practices in American schools. This course leads students to a familiarity with the perspective of a wide range of stakeholders in education, and the complex processes of making policy and determining practices.

EDS58 Methods in Literacy (3)
This course emphasizes how children develop various types of literacy skills. Theory of the development of literacy will be emphasized along with actual application of skills in the classroom. The course will focus on how literacy development is related to language, cognitive, moral, and physical development of learners. Diagnosis of skill development will also be emphasized. The course includes an emphasis on the use of children’s literature in developing literacy skills.
ED551 Methods in Mathematics (2)
This course is intended to examine and openly challenge knowledge, beliefs, and assumptions about the learning and teaching process. Candidates engage in activities designed to enhance conceptual understanding and connect it to procedural knowledge. They explore what it means to teach mathematics in a standards-based system (i.e., using standards to plan instruction, using scoring guides to assess student work, critically examining curricula).

ED552 Methods in Social Studies/Science (2)
Candidates will study, experience, and practice research-based social studies and science pedagogy appropriate to early childhood/elementary students in a self-contained classroom setting. Activities include writing and research and a demonstration of social studies and science teaching practice. Candidates will also develop and critique social studies and science curriculum.

ED553(BU/HE/LA/PE/MA/MU/SC/SS) Special Methods in Content Area (3)
This course is designed to help secondary candidates develop specific teaching skills related to their individual content areas of expertise.

ED555 Early Childhood/Elementary Music Methods (2)
This course is designed to facilitate an increase in students’ understanding of musical development in children and the breadth of music curriculum applications in elementary schools. Students will be guided toward the development of competencies necessary to teach music in the elementary schools; including planning, presentation, management and evaluation skills.

ED556 Content Area Literacy (2)
This course examines the importance of every middle level and high school teacher in the development of reading, writing, speaking and thinking skills within his/her specific content area. Topics include reading levels and text readability, study methods, vocabulary development, comprehension, mapping, questioning, and small group skills. (Fall)

ED557 K-12 Methods in Physical Education Instruction (3)
This course provides foundational knowledge and application in effective teaching physical education instruction strategies for all authorization levels.

ED558 Multiple Subjects Methods (1)
Designed for all authorization levels; Integrated thematic instruction, planning and strategies. Candidates will study and participate in multiple-method instruction across content areas. Objectives for EC/EL candidates will focus instruction in science and social studies as the foundation for integrated instruction. Objectives for EL/ML and ML/HS candidates will focus on the candidate’s content area specialty as the foundation for integrated instruction.

ED563 Field Experience I – First Authorization (5)
The candidate completes a 10-week full-time teaching experience at the first authorization level of his/her choice: early childhood, elementary, middle level, or high school. The experience includes the development and teaching of a work sample. (A $275 fee is collected at registration for the costs of classroom teacher supervision and travel expenses for a university supervisor.)

ED564 Field Experience II – Second Authorization (2)
The candidate completes a 5-week full-time teaching experience at the 2nd authorization level of his/her choice: early childhood, elementary, middle level, or high school. The experience includes the development and teaching of a work sample. (A $125 fee is collected at registration for the costs of classroom teacher supervision and travel expenses for a university supervisor.)

ED566 Added Endorsement Practicum (2)
This practicum requires the candidate to be in the classroom for a minimum of 40 hours with as much of that time as possible while students are present, and will include at least 10 opportunities to teach the whole class. The university supervisor will make one formal teaching observation and both the supervisor and classroom teacher will complete an evaluation of the candidate at the end of the practicum. Scheduling is flexible, in accordance with the following options:
- 2 hrs/day five days a week for 4 weeks
- 2 hrs /day three days a week for 7 weeks
- 4 hrs/day five days a week for 2 weeks
- All day one day each week for 6 weeks
- All day every day for 2 weeks – best option even though it is more than minimum 40 hrs

This practicum is designed for candidates seeking an added endorsement to an existing Oregon teaching license. The practicum requires a minimum of 90 hours in the classroom, which may include professional collaboration and staff development time in addition to student contact time. The candidate is required to observe and support the classroom teacher, develop familiarity with content area curriculum and instructional strategies, provide assistance to individual students or small groups of students and to be fully responsible for a minimum of 10 instructional periods. A $125 fee will be assessed in addition to tuition to compensate the cooperating teacher and meet mileage expenses for the supervising teacher.
ED567 Field Experience III—Single Authorization (7)
The candidate completes a 15-week full-time teaching experience at the single authorization level of his/her choice: early childhood, elementary, middle level, or high school. The experience includes the development and teaching of TWO work samples. (A $425 fee is collected at registration for the costs of classroom teacher supervision and travel expenses for a university supervisor.)

ED568 Special Topics Seminar: Early Childhood (1)
In this series of four Saturday morning workshops, candidates will examine various approaches to classroom management and begin developing their own management philosophy and strategies. Early Childhood and Elementary candidates will also investigate strategies for integrating the Arts and PE in their classrooms. Special Topics Workshop Sequence (4 Saturdays)

- Classroom Management: EC/EL ML/HS
- Classroom Management: EC/EL ML/HS
- Arts: EC/EL
- PE: EC/EL
- ML Methods: ML/HS
- ML Methods: ML/HS

ED569 Special Topics Seminar: Middle School (1)
In this series of four Saturday morning workshops, candidates will examine various approaches to classroom management and begin developing their own management philosophy and strategies. Secondary candidates will examine issues relating to Middle School Models and Methods. Special Topics Workshop Sequence (4 Saturdays)

- Classroom Management: EC/EL ML/HS
- Classroom Management: EC/EL ML/HS
- Arts: EC/EL
- PE: EC/EL
- ML Methods: ML/HS
- ML Methods: ML/HS

ED570 Work Sample Methodology (1)
Depending on the needs of individual students, this course will provide an introduction, review or extended period of study for the required teacher education Work Sample. Students will work under the guidance of a university supervisor to design a unit of study, implement instruction and analyze their students’ learning gains. Emphasis will be on instruction aligned with Oregon content standards, meeting the needs of all students, considering biblical worldview perspectives that inform the teaching, and selecting the most effective instruction and assessment strategies.

ED601 Introduction to Educational Research and Analysis (3)
This course will provide an overview of various research methodologies applied in the field of education, as well as instruction in finding, selecting and evaluating educational research. Students will be guided in the defining of the focus area for their thesis and developing a relevant annotated bibliography to take with them into the thesis writing. (Fall)

ED602 Thesis (3)
Students will be guided in supplementing the thesis bibliography begun in ED601, organizing the resources for thesis writing and work with the instructor/advisor to meet a series of writing and review deadlines through the course of the semester. Significant attention will be provided also to the process of viewing academic literature and theses through the lens of a biblical worldview. Candidates not finishing their Thesis by the end of the semester will be required to take one credit of Thesis work each semester until completed or withdrawing from the program. (Spring)

ED606 Continuing Teacher License Portfolio (3)
[To be arranged with the Director of Graduate Education.]
This course is designed to allow students to complete the requirements for the Continuing Teaching License in Oregon. The Graduate Continuing Teaching License (CTL) Program is for Oregon licensed educators. This course addresses research on how to create collaborative learning communities and application of that research to the candidate’s classroom. Each candidate will present and defend his/her evidence of competence at an advanced level. This process is designed to allow the Continuing Teaching License candidate to present and defend his/her evidence of competence at an advanced level.

ED611 Introduction to Linguistics and Language Acquisition (3)
This course examines the nature of language. Key linguistic terms are presented and applied to the ESOL classroom. The course also surveys the language backgrounds of Oregon’s ELL population, identifies common language struggles of each group, and compares and contrasts the acquisition and development of listening, speaking, reading and writing in first and second languages. Candidates also determine professional goals as related to ESOL education. (Fall)

ED614 Intercultural Communication and Teaching (3)
This course examines the issues of Culture in its relation to language learning and acquisition as well as exposes candidates to the historic precedents, legal issues, and best practices of Bilingual education. Candidates will survey the cultural background of Oregon’s ELL student population and explore issues related to communicating with culturally diverse families. Candidates are also exposed to issues of acculturation and discuss issues of equity and civil rights. (Fall)
ED615 Methods and Materials – ESOL Instruction (3)
This course focuses on instructional strategies for developing social and academic English in ELL students. Candidates explore and learn about commonly used methods and materials and explore the new ELD (English Language Development) standards and methods which are currently being implemented in Oregon. The course also focuses on models of collaborative teaching and building learning/teaching communities with colleagues. (Spring)

ED616 Content Area Instruction & Assessment – ESOL (3)
This course centers on the ways in which all content areas may serve to strengthen ELL student fluency and language competency. This course will focus on sheltered and scaffolded instruction (including GLAD and SIOP), with specific emphases on developing ELL student comprehension, vocabulary enrichment, and developmental writing. Candidates will also develop fair and useful assessment tools to determine literacy and academic learning and practice the administration, scoring, and interpretation of formal and informal tests of language proficiency. (Spring)

ED618 ESOL/Bilingual Practicum (2)
The practicum is a supervised teaching experience of 90 contact hours in two authorization levels, and will be arranged individually for each candidate. The practicum is an opportunity to apply the learning from coursework. Candidates are to demonstrate competence in teaching both English and academic content to ELL students at a variety of English proficiency levels. In addition, candidates for the Bilingual Endorsement must demonstrate proficiency in the classroom use of the designated foreign language.

ED 621 Foundations of Language Acquisition and Literacy Development (3)
This course focuses on theoretical foundations, current prevailing and competing theories in oral language acquisition and how it affects written language development. It emphasizes psychological, cognitive and psycholinguistic principles that underlie the reading process. This course also addresses the stages of literacy development in children and adolescence. Candidates will look at the implications of various literacy theories and developmental issues as they impact literacy instruction.

ED625 Current Issues and Literacy Leadership (3)
This course is designed to develop candidates’ familiarity with current issues in literacy instruction including Common Core State Standards (CCSS) and culturally responsive instruction. It also focuses on recent trends in the administration and implementation of district, school and classroom reading programs. Candidates will also examine effective practices in literacy instruction, and develop their expertise in communicating assessment and research data to stakeholders, organizing school-wide and individual reading programs, and aligning literacy programs with CCSS. (Spring)

ED626 Literacy Assessment and Intervention (3)
This course focuses on the knowledge and skills necessary to diagnose children’s reading. Selection and use of formal/informal assessment tools, understanding of basic measurement concepts, and analysis of results toward instruction planning for individuals and schools will be explored. Additionally, several reading intervention programs and approaches will be discussed and evaluated including Response To Intervention (RTI).

ED632 Integrated Reading and Writing Methods across the Curriculum (3)
This course focuses on building the candidates’ understanding and repertoire of effective literacy instruction strategies across the curriculum of all K-12 students, from the development of emerging readers’ decoding, fluency and comprehension skills to the development of basic and advanced literacy skills on the part of upper elementary and adolescent learners. The main emphases will be learning strategies that cultivate students’ joy in reading as well as teaching them how to read for meaning across genres and content areas so that they all become actively literate.

ED634 Practicum – Elementary Reading Specialist (2)
This practicum provides candidates with the opportunity to teach younger students in the private or public school settings under supervision. The practicum emphasizes the use of instructional materials, strategies and techniques learned and selected in light of extensive research and knowledge from coursework.

ED638 Practicum – Secondary Reading Specialist (2)
This practicum provides candidates with the opportunity to teach middle/high school students in the private or public school settings under supervision. The practicum emphasizes the use of instructional materials, strategies and techniques learned and selected in light of extensive research and knowledge from coursework.
ED683 Preparing and Leading Educational Travel Experiences (3)
This course is designed to prepare future teachers to design and lead a student trip. Students will learn how to plan for a student travel trip that supports and enhances a school curriculum and core standards. There will be opportunity to evaluate and compare touring companies, as well as the discussion of planning a trip without outside assistance. Students will design pre-trip information designed for parents, students, and administrators, and will plan educational experiences that coincide with the travel before, during, and after travel occurs. There will be dialogue about managing groups of students abroad, cultural awareness required with travel, and basic group travel safety procedures. Finally, the course will culminate with a travel abroad experience for students. (Fall – Odd)

FORMER GRADUATE EDUCATION PROGRAM COURSES
(No longer required in Graduate Education Program. Offered only by director approval and faculty availability in unique circumstances, additional Independent Study Fee applied.)

ED510 Philosophy of Education (3)
This course presents major philosophies and discusses the effects of those philosophies on education. Each candidate develops a position paper outlining his/her own philosophy of education from a Christian perspective. This course is required for a teaching certificate from the Association of Christian Schools International.

ED521 Introduction to Research and Analysis (2)
Topics in this survey course include research paradigms; measurement and test characteristics; planning and evaluation; library resources; identifying research problems; planning research; types of research; and research designs.

ED522 Quantitative Research in Education (2)
This course helps beginning educational researchers balance the competing demands of formal experimental and survey design principles with the practical constraints of the real world, so that they can conduct sound quantitative research. Emphasis will be placed on formulating research questions, identifying relevant target populations, selecting respondents for study, refining definitions of the effects of interest, identifying relevant comparisons, selecting appropriate measures, determining how many subjects to study, and taking advantage of the results of previous research and pilot studies.

ED523 Qualitative Research in Education (2)
This course introduces the basic issues of theory and method in qualitative research. These skills include negotiating a research relationship with those studied, identifying and critiquing one’s own assumptions about the people and issues studied, developing research questions, conducting observations and interviews, confronting ethical issues, analyzing qualitative data, and communicating the results of research.

ED524 Classroom Action Research (2)
Action research is one of the possible capstone projects for the M. Ed. Program. It involves the identification of an education problem in the candidate’s work setting, researching the literature regarding the education problem, designing a proposal to solve the problem, implementing the solution (after the proposal has been approved), and reporting the results.

ED525 Mixed Methods Research (2)
This course introduces the basic issues of theory and method in qualitative and quantitative research and shows how both methods can complement and enhance data collection strategies. Candidates will learn how to negotiate research relationships, identify personal bias, conduct interview, balance the competing demands of formal experimental and survey design principles with the practical constraints of the real world, use research instruments and identify relevant target populations. Candidates will also learn how to use the different methodologies to triangulate data.

ED536 Classroom Teacher-Counselor (3)
This course focuses on the classroom teacher’s obligations and opportunities for guiding and counseling students in academic and personal areas. It acquaints the teacher with the varied needs and characteristics of children and adolescents, basic concepts and techniques of group and individual counseling and guidance, and means of incorporating these factors in a practical, functional classroom program. Particular emphasis is placed on the interrelationships of the classroom counselor with staff associates, parents and other specialized resource personnel (arranged upon request and contingent upon faculty availability).
ENGLISH

EN513 Literary Perspectives: Readings and Analysis (3)
(by special arrangement, limited availability)
The student will be guided through the selection and reading of sources relevant to a specific genre, era or geographically defined collection of literature. The course goal is to develop the student’s familiarity with the literature, and cultivate the student’s literary analytical skills within the context of a biblical worldview. Conferences, reading responses and other assignments will be completed in a format that includes a combination of online, electronic and personal communication. In addition to this Course Description, each course will have an articulated Course Purpose, more specifically identifying the selected study content.

GREEK

GR511 Grasping Greek I (3)
An introduction to the fundamentals of New Testament Greek, including orthography, phonology, morphology, and basic syntax, with a strong emphasis upon vocabulary acquisition. Cross list with GR470. Students may not receive credit for both GR470 and GR 511.

GR522 Grasping Greek II (3)
Building on GR 511, a further development of the fundamentals of New Testament Greek, including orthography, phonology, morphology, and basic syntax, with a strong emphasis upon vocabulary acquisition. Additional attention will be given in reading New Testament texts and introducing intermediate syntax. Prerequisite: GR 511. Cross list with GR471. Students may not receive credit for both GR471 and GR522.

GR614 Developing Greek Exegesis Skills (3)
A detailed effort to inculcate in the student sound principles for interpreting the Greek New Testament text. The exegetical method offered will enable the student to deal with historical and literary contextual matters and also to address text-critical, lexical, grammatical, and historical-cultural questions which arise in the target passage. The student will engage extensively in the actual practice of Greek exegesis. This course is prerequisite to all Greek exegesis book courses. Prerequisite: GR 522.

GR/HB625 Practicing G/H Exegesis: Books (3)
Exegetical study of Old or New Testament books from the Hebrew or Greek text, emphasizing the expository, theological, and practical teachings. In addition to translation, attention is given to the argument of the book, its literary and historical backgrounds, and the legitimate application of its truth. May be repeated under different titles. Prerequisite: GR/HB 522.

HEBREW

HB511 Grasping Hebrew I (3)
An introduction to the fundamentals of biblical Hebrew. Special attention is given to the acquisition of a good basic vocabulary and a thorough knowledge of the verbal system, both in the building of verbal paradigms and in parsing skills. Basic Hebrew syntax will be introduced. Cross list with HB473. Students may not receive credit for both HB473 and HB511.

HB522 Grasping Hebrew II (3)
Building on HB 511, a further development of the fundamentals of biblical Hebrew. Special attention is given to the acquisition of a good basic vocabulary and a thorough knowledge of the verbal system. Hebrew syntax is emphasized by extensive practice in translation. Additional attention will be given to reading from the Hebrew Scriptures, accompanied by studies in syntax and in exegetical method. Prerequisite: HB 511. Cross list with HB474. Students may not receive credit for both HB474 and HB522.

HB614 Developing Hebrew Exegesis Skills (3)
An advanced study of Hebrew syntax and its application to biblical exegesis, with considerable reading in the different areas of the Old Testament. It stresses acquisition of proficiency in Hebrew and Old Testament exegesis. Prerequisite: HB 522

HB/GR625 Practicing G/H Exegesis: Books (3)
Exegetical study of Old or New Testament books from the Hebrew or Greek text, emphasizing the expository, theological, and practical teachings. In addition to translation, attention is given to the argument of the book, its literary and historical backgrounds, and the legitimate application of its truth. May be repeated under different titles. Prerequisite: GR/HB 522

HISTORY

HI513 Historical Perspectives: Reading and Analysis (3)
(by special arrangement, limited availability)
The student will be guided through the selection and reading of sources relevant to a specific era, series of events or geographically defined collection of historical documents, texts and other volumes. The course goal is to develop the student’s familiarity with the historical events and issues, and cultivate the student’s analytical skills within the context of a biblical worldview. Conferences, reading responses and other assignments will be completed in a format that includes a combination of online, electronic and personal communication. In addition to this Course Description, each course will have an articulated Course Purpose, more specifically identifying the selected study content.
**MATH**

MA563 Math History (3) (by special arrangement, limited availability)
The student will be guided through the selection and reading of sources relevant math history. The history of mathematics is a study of some of the men and women that have shaped the mathematical landscape over the last 3000 years. Great theorems throughout history are studied in depth, from the quadrature of the lune to the sum of reciprocal squares, as well as the historical backdrop for these theorems.

**THEOLOGICAL STUDIES**

TH501 God and His Word: Theological Foundations (3)
A thoughtful overview of Christian theology in the areas of bibliology, theology proper and angelology. The student will be encouraged to develop his or her theological grid and gain exposure to theological terminology, scriptural support for doctrines, theologians and historical developments which have played a major role in Christian theology. Student will develop their own doctrinal statement reflecting their understanding of biblical teaching in the focus area of Christian theology. *Cross list with TH472. Students may not receive credit for both TH501 and TH472.*

TH502 Christ’s Redemption: Christ and Humanity (3)
A thoughtful overview of Christian theology in the areas of soteriology, pneumatology, ecclesiology, and eschatology. The student will be encouraged to develop his or her theological grid and gain exposure to theological terminology, scriptural support for doctrines, theologians and historical developments which have played a major role in Christian theology. Student will develop their own doctrinal statement reflecting their understanding of biblical teaching in the focus area of Christian theology. *Cross list with TH473. Students may not receive credit for both TH502 and TH473.*

TH503 God’s People: The Spirit, the Church, and the Future (3)
A thoughtful overview of Christian theology in the areas of soteriology, pneumatology, ecclesiology, and eschatology. The student will be encouraged to develop his or her theological grid and gain exposure to theological terminology, scriptural support for doctrines, theologians and historical developments which have played a major role in Christian theology. Student will develop their own doctrinal statement reflecting their understanding of biblical teaching in each area of Christian theology. *Cross list with TH474. Students may not receive credit for both TH503 and TH474.*

TH511 Practicing Effective Research (1)
A practical introduction to systematic and progressive methodology for doing comprehensive research in theological and biblical studies. The student also learns the procedure for developing a standardized written style and format.

TH521 Understanding Church History (3)
An analysis of those events, movements, and ideas that characterized the church from its inception through the controversies at Nicea, the rise and growth of the state church until its full expression in the period ending with Boniface VIII, the movements and ideas that culminated in the Protestant Reformation, and a survey of developments since the Reformation with specific stress on the emergence of contemporary denominationalism and theological thought in the controversies centered in modern rationalism and humanism.

TH601 Engaging Worldviews (3)
A study of the biblical and theological principles which delineate truly Christian thinking and conduct within culture. Emphasis is placed upon evaluation of current worldview systems and techniques for developing and communicating a Christian worldview across cultures.

TH660 Grappling with Theological Issues (3)
An intensive study of a specific issue within theology. Particular focus will be on issues making significant impact on culture and ministry today. Content of course will vary. Students may enroll in course twice.
